PARSON BROWOLOW'S OPINION IF THE MORALS OF NEW OBLEANS.—The Rev W. G. Brownlow, of the Jonesborough (Ten.) Whig, writes from New Orleans, to that

Whig, writes from New Orleans, to that paper, giving an account, by no means flattering, of the Crescent City. Heeays:

"New Orleans is 'a head and shoulder taller' than any city I ever was in. Nay, it is 'a pole and compass' deeper in the sinks of iniquity than any city I was ever in. The devil operates here, upon a large scale, and really has his barracks here, together with the most of his recruiting officers.

The Rev. Dr. Clapp, of this city, has delivered a sermon, in which it is made to appear that there is no hell in the sext life, in which to punish sinners! This is an important discovery and revives the drooping spirits of thousands here, who know that if the vulgar notion of a hell in the next life be true, they will have to pay for the roast. It is more important to the inhabitants of New Orleans to have the doctrine of hell freand future punis mene done away with the of save in I aver was in." fire and future punis ment done away with, than of any city I ever was in."

The Soldier's Reward.—The Albany Journal, in reviewing the advancement of our army in Mexico says:—

"While a greatful nation was awarding honor to the accomplished and gallant leader of this victorious army, the euvious and vindictive members of the administration were plotting his disgrace. While quartered in the 'Halls of the Montezumas,' and congratulating the gallant army upon the success which had followed their efforts, Gen. Scott was stripped of command, placed under arrest, and ordered to appear before a Court of Inquiry of which that man of dirty work, Cales Cushing, was a member! This was the reward which this government prepared for him! Geu. Scott was placed under arrest, and Santa Anna was set at liberty." THE SOLDIER'S REWARD .- The A'ba-

Judge PATTON, of Pittsburg, has decided that when a man becomes an habitual drunkard after receiving an appren tice, it is sufficient cause for the apprentice to claim a discharge from his indestures.

THE NOMINATION .- The Reading Journal, a Taylor paper, thinks that the nomination of Gen. Scorr by the National Convention, is becoming daily more probable. If that be the case, remarks the Journal, the success of the party at the election is a matter of certainty. Scott is sure to carry Pennsyltainty. Scott is sure to carry Pennsylvania, Ohio and New York to start with, -a very good beginning. He will have every State Gen. Harrison carried, and the hired bands of office holders will contend against him in vain.
