

LATEST FOREIGN NEWS.

Arrival of the Steamship Britannia. With the exceptions of engagements which have taken place between the Prussians and Austrians during the week, the surrender of some Danish soldiers to the Prussian Army, affairs generally look somewhat quiet.

FRANCE AND HER CONSTITUTION.—France is, however still the theatre of considerable confusion. A report was spread in the course of the sitting of the National Assembly on the 8th instant, that the police were in search of a high personage, arrived in the morning at Paris, by the diligence from London. From information believed to be correct this personage has been arrested. The personage here alluded to is the Prince de Joinville.

Prince Louis Napoleon is understood to be elected for Paris. He will probably obtain three returns besides that at the capital. The government of course will not dare to molest him.

The European Times states that "the resignation of Lamartine and Ledru Rollin was openly talked of in Paris, and suspicions are expressed that Lamartine was a party to the movement of the 15th of May. Causidiere, late Prefect of the Police, charges Lamartine with having supplied the arms to Soubriere, which enabled him to get up the conspiracy.—Lamartine's friends all allege that his aim was by making a popular demonstration to avoid a collision in the streets of Paris. M. Thiers is reported as not unlikely to supplant Lamartine in authority."

RUSSIA.—The Cholera.—The cholera is again making sad havoc in Russia. According to the Berlin papers there were 155 cases in Moscow, 57 of which terminated fatally.

AUSTRIA.—Continued absence of the Emperor.—We have accounts from Vienna to the 2d. inst. The conduct of the Emperor is considered by the Viennese as most extraordinary. A deputation of ladies to present a petition, requesting his Majesty to return to his capital, had been treated with marked rudeness.

ROME.—The Pope's popularity restored.—It is said that Pope Pius had recovered all his popularity, and on the feast of St. Philip, the population made a brilliant manifestation in his favor.

ITALY.—Peschiera surrendered to Charles Albert.—Advices from Turin to the 1st have brought the important intelligence that the Perschiera had surrendered and was in the hands of the troops of Charles Albert, and that an engagement had taken place at the same moment at Goito, between 30,000 Austrians, who had marched from Verona, and 15,000 Piedmontese.

The result of which was, that the former were completely routed, and being pursued by the cavalry, were flying in confusion. A great portion were cut to pieces. The King and Duke of Savoy were personally engaged in this combat. The former received a slight contusion of the ear from a cannon ball that passed near him, and the latter was slightly wounded by a musket ball.

IRELAND.—Fraternalizing of the Repeal and Orange associations.—The Repeal Association and Orange confederation have at last fraternized. A new society to be composed of the members of both these bodies is to be formed. It is to assume the style and title of the Irish League.

It is to be managed by a committee chosen from the members of both the late societies, and to agitate the question of repeal by constitutional means alone. Doubts are entertained by many whether such materials as the proposed league will contain, can work harmoniously together for any length of time.

[By telegraph for the Daily Mews.]

LATE AND IMPORTANT FROM MEXICO.

NEW ORLEANS, Friday, June 23. The steamship Palmetto arrived yesterday from Vera Cruz. Our advices from that city are to the 18th, her day of sailing.

A formidable conspiracy had broken out in the City of Mexico, having for its object the overthrow of the Government, and the extermination of the Peace Party—or the party in favor of the late treaty. The work of assassination had already commenced, five of the prominent advocates of peace, friends of the United States, having been murdered.

The conspiracy is headed by Gen. Parades, Ex-President, and Padre Jarauta, the guerilla leader.

All the United States troops were expected to leave the Capital on the 21st June.

The Palmetto brought four companies of Michigan Volunteers.

Mr. Sevier left the Capital on the 12th and was expected to arrive at Vera Cruz on the 19th.

On his arrival at Vera Cruz, the Custom House at that place would be given up to the Mexican authorities.

MARKETS.—Cotton is quiet. The sales yesterday reached 1500 bales, ranging at 5 1/2 cts. for middling and good middling. Sugar, Molasses and flour are without change. Northern Exchange has improved.

—Gen. Cass's philanthropy is as comprehensive as the over arching sky.—Stanton Dem.

And his prospects are as blue, says the Louisville Journal.

Charge of Abduction.

LOWELL FACTORY GIRLS!—An exciting case has just come up in Boston. Mrs. Mary Mead and two of her lady boarders, whose names are Mary K. Pierce, alias Rosetta Kimball, and Mary Jane Sanborn, alias Teresa Livingston, have been indicted by the Grand Jury for seducing Madora Maria Lincoln Webster and Caroline McCormick to become inmates of Mrs. M.'s house for the purpose of prostituting their persons for unlawful gain. The three females were arraigned at the bar to plead to the indictment. Mrs. Mead is a magnificent woman, dressed in mourning, and wearing an aspect of profound grief. The other females were young, fresh looking nymphs, handsomely dressed, and one of them shed tears freely. They pleaded not guilty, and were put under bonds of \$100 each. Mrs. Mead having been separately indicted for keeping a house of ill fame, was required to give bail in the sum of \$600. The ladies went to jail in default of the required surety.

Constable Ellis, an old and respectable officer of Boston, is charged with attempting to spirit away Miss Webster, to prevent her from testifying in the case. The Boston Mail justly remarks upon the case: "This 'abducting' girls over eighteen years old, and who have seen something of the world, into houses of prostitution, and there making them 'fraternize' with the depraved inmates after a few hours coaxing, is hard to reconcile with the general purity and virtue of the sex, which should not be libelled with supposition until it is fairly proved."

RECEPTION OF GEN. CASS IN DETROIT.—The "Detroit Advertiser" gives a sorry account of Gen. Cass' reception by his neighbors. It says "the entire procession was counted by a prominent Locofoco, as it crossed Jefferson Avenue, and he informed us it only numbered 148! exclusive of some ten or fifteen in carriages. The whole thing more resembled a funeral procession, than anything else. Not a cheer—not a hurrah—not an audible demonstration was made."

WHO ARE THEY?—Cass men are getting very scarce in Louisiana. We were informed yesterday by a gentleman of the highest respectability that in the parish of Iberville, in which there are probably more than two hundred Locofocos a supporter of Gen. Cass is not to be found. This is probably a mistake, but that the article is extremely scarce there can be no doubt. The distant reader may, from this, form an idea of the strength of Gen. Taylor in Louisiana.—New Orleans Bee.

REPUTATING CASS.—We noticed on Saturday, says the Troy Budget, the statement of the Buffalo Republican, that two hundred leading and influential Democrats in the county of Wayne, Michigan—the county in which General Cass resides—have signed a paper repudiating the Baltimore ticket, and promising their support to the Union nominees. We have assurance from portions of the State that the Democratic masses are ready to co-operate with their brethren of Wayne county.

The American Spirit.

The list of volunteers for Yucatan, was filling up rapidly at Vera Cruz at last accounts, and we suspect ere this enough of men are on their way to that distracted country to check all further Indian outrages. In New Orleans prompt measures are also making to send aid. A meeting to collect funds was held on the 12th. The government may, therefore, be relieved of legislation on this subject. The people are too quick for the tardy steps of the politicians.

LOCOS FRIGHTENED IN MAINE.—A bill has been introduced into the Maine Legislature to change the law past last session regulating the choice of electors. By that law a plurality elects. The proposed change is to require a majority instead of plurality. This is showing the "white feather" rather early.

The Siamese Twins.

The Siamese twins, for the last eight or ten years residing on a farm in North Carolina, purpose to make another tour of the Southern and Western States the coming Fall for exhibition. They will start from home in October. They have wives and three children each—a fact which has given the husbands additional interest, and go where they may, especially if their wives accompany them, we predict more crowded houses than before.

MORE ROOM WANTED.—The Whig party, says the Newton Gazette, will soon have either to pull in the latch string, put up the bars, or enlarge the Wigwam. Our old opponents are daily deserting the sinking ship of locofocoism, and arranging themselves under the glorious banner of Old Zack. Come along, brethren, we give you a free welcome, and will manage to find room somewhere.

CAN ANYBODY BEAT THAT TIME?—John Van Buren said at Rochester, that when the Cass procession at Albany approached the point where he was standing, he thought he would take out his watch and see how long it would be in passing. But it went by before he could get his watch out.

"SETTING UP WITH THE SICK."—In Ohio it is said that when a Locofoco is heard of who is disposed to bolt on Cass, an officer holder is sent to attend him, and they call it "setting up with the sick." The "sickness" is spreading to a fearful extent, and the greatest alarm is felt among the officer holders lest there shall not be "well ones enough left to take care of the invalids."

FOURTH OF JULY.

On this day of festivity and joy, when all are prone to indulge in the good things of life, not unfrequently to excess, let us not forget that overloading the stomach with food or drink, especially at this season of the year, is often attended with serious consequences. If any, however, should inadvertently overstep the bounds of prudence, they should bear in mind that Wright's Indian Vegetable Pills prevents all evil results from impropriety of diet. They thoroughly cleanse the stomach and bowels from those bilious and dyspeptic humors which are the cause of cholera, pains, diarrhoea, cholera morbus and other disorders of the bowels.

Wright's Indian Vegetable Pills also aid and improve digestion and therefore give health and vigor to the whole frame.

Beware of sugar coated counterfeits. The only original and genuine Indian Vegetable Pills have the signature of William Wright written with a pen on the top label of each box. None other is genuine and to counterfeits this is false.

DIED.

In Birmingham, June 15th, 1848, Bro. JOHN NEVLING, of Birmingham Lodge, No. 152, of the I. O. of O. F., aged about 40 years.

Birmingham Lodge, No. 152, called a special meeting, and appointed JAMES BELL, S. K. AGENCY and PETER SCOTT, a committee to draft resolutions, who reported the following, which were unanimously adopted:

Resolved, That the death of our beloved brother, JOHN NEVLING, of Birmingham Lodge, No. 152, fills us with the profoundest sorrow; that while we deeply lament his death, his remembrance will be kindly cherished by his brethren, for the kindness of heart and generous sincerity of disposition, which have characterized his intercourse with us.

Resolved, That in this sad afflictive bereavement, we respectfully offer our sympathy and condolence to his widow, children and friends, who have been called to mourn his departure to a world of Spirits; that though it has pleased an all-wise Providence to deprive his widow of a kind husband, his children of an affectionate parent, and all his friends of his wise counsels and the enjoyment of his social virtues—and whilst we, his brethren, mourn with them, may we take consolation in the assurance "that our loss is his eternal gain," and that he is now joined to the Celestial Lodge in Heaven.

Resolved, That we wear the usual badge of mourning for thirty days, in memory of our much esteemed brother.

Resolved, That these resolutions be signed by the officers of our Lodge, a copy sent to his widow, and published in the "Huntingdon Journal" and "Clearfield Banner." (Signed,) A. P. OWENS, N. G. A. L. CHESNUTWOOD, Secretary.

AGUE MEDICINE!

DR. OSGOOD'S INDIA CHOLAGOGUE, for the cure of

Fever and Ague, Chill Fever, Dumb Ague, Intermittent & Remittent Fevers, Liver Complaint, Jaundice, Enlargement of the Spleen, and all the various forms of Bilious Diseases.

This excellent compound is for sale by the proprietor's Agent T. READ & SON. Price \$1 50 per bottle.

What is the matter with me, Doctor? What the cause of this sallow complexion, jaundiced eye, depression of spirits, pain in the side and shoulder, weariness of body, bitter taste in the mouth? Such is the enquiry, and such the symptoms of many a sufferer! It is the liver which is diseased, and the Cholagogue is the remedy always successful in curing it. Try it, and judge for yourself. For sale by T. Read & Son, agent for the proprietor.

Better die than live, if I am to be tortured from day to day with this horrible Ague, exclaims the poor sufferer whose life has become a burden from the racking procyms of an intermittent, and whose confidence in human aid is destroyed by the failure of remedies to produce the promised relief. Such has been the situation of thousands who are now rejoicing in all the blessings of health from the use of Dr. Osgood's India Cholagogue. In no instance does it fail of effecting a speedy and permanent cure. For sale by the proprietor's agent, T. READ & SON.

How few who think aright among the thinking few, How many never think, but only think they do! The sentiment implied in the above exclamation is on no subject more fully exemplified than on that of health. But few give it a single thought, and fewer still reflect upon it with the observation and good sense which matters of minor consequence bear. As observation teaches the fact that Dr. Osgood's India Cholagogue is a never failing remedy in Fever and Ague, good sense would surely indicate its prompt and immediate use. To be found at T. READ & SON'S, agent for the proprietor. June 27, 1848.
