

**The "Globe"**  
Labors through a whole column last week to prove that we did stigmatize the "citizens of Woodcock Valley" as "rowdies." The allegation is so absurd and ridiculous, that we do not or did not from the time it was first made in that paper, consider it of much importance. We only allude to it now, (as the Globe seems some what troubled on that score) for the purpose of endorsing all our correspondent said in relation to those who attempted to disturb the Taylor meeting at McConnellstown. And to say further, that we have no objection to the Globe publishing the entire communication of "X" and crediting it to this paper. The attempt made by the Globe to make the citizens of "Woodcock Valley," or even all that portion of them who prefer Cass to Taylor, responsible for the conduct of a few men who had lent themselves on the occasion referred to, to the Cass leaders here, will we imagine be considered by those honest and upright citizens, as an insult, rather than a compliment. It is well known to all parties, that on the evening of the Taylor meeting at McConnellstown, two or three Cass men attended, and previous to the organization boasted that they would not allow the Taylor orators to speak. And after the meeting was organized, done all in their power to disturb the proceedings. For this ungentlemanly, anti-American conduct, our correspondent very justly characterized them as "rowdies" and "dastards." But for this conduct, which we venture to assert was condemned by a large majority of the Cass men of Woodcock Valley, and by right minded people every where, these men are commended by the Globe, and their infamous conduct applauded as "most gentlemanly!" When, however, a Taylor man who was under the influence of liquor, became a little noisy, and slightly disturbed the Cass meeting held at Mill Creek, five or six Cass men fell upon him and beat and abused him in a most shameful manner; and the honest and fair dealing editor of the Globe silently approves the act! We have no more to say on this subject at present.

**A WORD TO WHIGS—FRIENDS OF TAYLOR AWAKE!**

Whigs of Pennsylvania, now is the time for action, everywhere—in every corner of the Commonwealth. Let there be no delay. In two short months you will be called upon to decide the contest in this State, when as yet you have scarcely begun to form your column for the duty. A fatal apathy pervades your ranks in many parts of the State, which should and must be shaken off, or locofocoism will be allowed to triumph over you, although victory is within your reach. Every man should feel and do his duty. Victory cannot be secured without labor. Work, work, with a right good will, is the watchword—only that will secure a triumph. Obey it, and a result as gratifying as it will be glorious and beneficial to the State will crown your labors.

To the friends of Old Rough and Ready, we also say, it is high time for action. No man can be elected President against a regularly organized and well drilled party opposition, without his friends work, no matter what personal popularity he may possess. If he be elected it must be through the efforts of his friends. They must be ardent, zealous and active in his cause, or they cannot expect a gratifying result. Success depends upon effort alone—and the greater the effort the more certain the triumph. Work, work, is the key to it, and will insure it. Let them therefore, one and all, put on their armor, and cease not doing their duty until the election is passed. If this be done, success, triumph, glorious, unprecedented success will crown your efforts, gladden your hearts, and send a thrill of joy through the hearts of millions of freemen. Up and to your duty then, friends of Old Zack, and let the certainty of victory cheer you on in your duty.—Pa. Telegraph.

**Gen. Butler's Respect for the Sabbath.**

The Penn'a Telegraph says:—We have already published an extract from a letter to one of the New Orleans papers, showing Gen. Butler's presence at and countenance of a Horse Race, on the SABBATH, when in the city of Mexico. He was on the stand, with the judge of the race. It would appear that Mr. Butler's disrespect for the Lord's Day is not an accidental but a habitual thing with him. The Washington (Pa.) Commonwealth, speaking of Gen. Butler's journey to Washington, from New Orleans, says:

"We understand that the democratic candidate for Vice President started from Wheeling on Saturday evening, and must have passed fifty places of public worship during the Sabbath.—Will pious democrats vote for the General after this?"

**Black Cockade Consistency.**

The Black Cockade Cass organs say the Pa. Telegraph, are holding up Gen. Taylor as an odious slaveholder; they magnify the number of slaves on his plantation into hundreds, and even go so far as to represent him as a purchaser and seller of slaves. This is done, we presume, to influence the friends of Mr. Clay! To vote against General Taylor on the Slavery issue. These advocates of the Michi-gander were very careful in 1814 not to let their readers know that Mr. Polk was the largest slaveholder in Tennessee, and a regular breeder of Slaves for market! and that Gen. Butler, the Locofoco candidate for Vice President, is one of the largest slave owners in Kentucky! The holy horror of the black cockadeists at General Taylor's owning slaves, as Gen. Washington did, seems to be manufactured only for the benefit of the fat man of Michigan. Out upon such hypocrites!

**Buffalo Convention.**

The Free Soil Convention which assembled at Buffalo on the 9th inst., nominated MARTIN VAN BUREN for President and CHARLES F. ADAMS of Massachusetts, for Vice President. The Convention is said to have been very large—some forty or fifty thousand People being present.

Will Cass still continue to be a candidate? or will he, for the sake of the harmony of the Locofoco party decline.

**THE ELECTIONS.**

**Kentucky.**

Notwithstanding the desperate efforts made to reduce the Whig vote in Kentucky, for effect, Hon. JOHN M. CRITTENDEN, the Whig candidate for Governor, has been elected by a large if not a larger majority than Mr. Clay received in 1814—being between NINE AND TEN THOUSAND. The Legislature is largely Whig.

**North Carolina.**

There appears to be some doubt about the result in this State. Our latest news indicate the election of the Locofoco candidate for Governor, with the Legislature in doubt. The correspondent of the North American says:

The indications from the election in North Carolina, are by no means agreeable, though they might be much worse. There is sufficient cause for the depreciation of the Whig vote which has occurred, though I offer it in no spirit of apology, for I do not much believe in the system of finding excuses after defeat. By the Constitution of that State a distinction is prescribed between the qualifications of a voter for the two branches of the Legislature—a freehold of fifty acres of land being required for the Senate and none for the House of Commons. The politicians at Washington, concerted an issue, founded upon the abolition of the property qualification and sent it to Mr. Reid, the Locofoco candidate, with instructions to make the canvass rest on the merits of this new element. For some reason or other, the Whig candidate, Mr. Manly, allowed himself to be trapped by this movement, and instead of assenting to an amendment of the Constitution on this particular principle and going a step farther for suffrage based on population, he had the infirmity to meet the issue and the folly to incur the risk of defeat by defending a suffrage qualification, which has no sign of a merit to recommend it. If Mr. Manly is beaten under such circumstances, he is entitled to very little sympathy from the Whig party, whose cause he has jeopardized by an unpardonable fatuity. If this lesson will have the effect of teaching our people a little practical wisdom in the selection of candidates, the instruction will be purchased at a cheap rate, for North Carolina is as certain for 8000 for General Taylor, as Gen. Cass is of a Waterloo defeat on the 7th of November; unless he determines in the mean time, not to "distract the party" by retiring.

**Indiana.**

The returns from this State are some what contradictory. It is thought the Whigs have carried the Legislature.

**Missouri and Illinois.**

Have went about as usual. The returns, however, are very imperfect.

**Iowa.**

We have few scattering returns from this State but not sufficient to determine the result.

In our next we will be able to give more satisfactory returns from all these States; and also be able to sum up the losses and gains in each.

Rev. JOHN McELROY, former Catholic chaplain to Gen. Taylor's army in Mexico, and who says he has never voted in his life, has been drawn into a substantiation of the opinion expressed by himself to Thurlow Weed, of the Albany Journal, that he considers Gen. Taylor "truly a great and good man, &c., being in character a strong and marked resemblance to Washington." He regrets, however, to see his name in print, in connection with the Presidential canvass.

**TENNESSEE.**

The Memphis Eagle says:—Tennessee is shouting from all her hills, mountains, and valleys, for Taylor and Fillmore. Ratification meetings are being held in the counties generally, and a tornado of enthusiasm is sweeping down all remnants of opposition to Gen. Taylor. In Columbia, the home of Mr. Polk, an immense gathering ratified the nominations—the largest and most animated meetings ever congregated from the hills and hollows of old Maury. The truth is, our opponents in Tennessee might as well ground their arms at once in this fight, and surrender at discretion—for Old Zack will capture most of them before November."

**Later from Mexico—Vera Cruz Surrendered to the Mexicans—Arrival of Gen. Smith.**

NEW ORLEANS, Aug. 6. The steamship Alabama arrived here yesterday from Vera Cruz, with dates from that city to the 1st inst., and from the capital to the 29th ult.

Nothing further was known in relation to the present condition of Paredes or his future movements.

The city of Vera Cruz was surrendered to the Mexican authorities on the 1st. Every thing passed off quietly.

Gen. Persifer F. Smith arrived here on board the Alabama. He has been made the guest of the city, and will be publicly received to-morrow, by a grand demonstration of welcome.

The health of our city is good, though a few cases of yellow fever have occurred, which have, however, been brought here by vessels from Vera Cruz. The weather is very hot.

**LATER.**

BALTIMORE, Aug. 7, 1848. An arrival at New Orleans on the 2d instant, brings advices from Vera Cruz to the 26th of July.

There had been another contest between the government forces under Bustamante and the insurgents under Paredes, in which the latter were defeated.

Bustamante's force entered Guanajuato. He considers the opposition of the Government effectually put down.

Padre Jarauta was taken prisoner, and immediately executed.

The Whigs of Chester county have instructed their delegates to the State Convention to urge the nomination of Mr. COOPER for Governor.

**GERMAN BARNBURNERS.**—A German paper published in New York city, called the "Democrat," having been rewarded for partisan fidelity with the publication of the list of letters, lately so far forgot its allegiance as to hoist the Van Buren flag. Instantly the list of letters was withdrawn. President Polk's officials do not allow such freedom of opinion.

We say Cass and Butler forever.—Loco Sun. We say Taylor and Fillmore for 4 years.—Louisville Journal.

**Huntingdon Camp-Meeting.**

By Divine permission, a Camp-Meeting for Huntingdon Circuit will be held on "Myton's Old Ground," commencing on Friday, the 25th of August, inst.

Our friends from all parts of the Circuit are earnestly requested, and Ministers and people of adjacent charges are affectionately invited to come up and co-operate in this effort for good. Senters are hereby notified, not to trespass within the limits prescribed by the law of the Commonwealth, on pain of its penalty—and all disorderly persons are seriously warned not to venture upon the ground; or, coming, to have due respect to the excellent act of our Legislature, passed at the session of 1817—which we transcribe for their benefit and ours.

No. 392. SEC. 4. "That from and after the passage of this act, if any person or persons shall be guilty of disturbing any congregation, society or meeting, assembled for the purpose of religious worship, or assembled for the purpose of transacting any business pertaining to religious worship; or if any person, or persons shall be guilty of encouraging, aiding or in any way countenancing any such disturbance, on conviction thereof before any Judge, Justice of the Peace, or Alderman of the proper city or county wherein the offence shall be committed, shall pay a fine of not less than five dollars, nor more than fifty dollars, and costs, at the discretion of the Judge, Justice or Alderman trying the same, for the use of the city, township or borough wherein the offence shall be committed. If any person or persons convicted and fined for disturbing any meeting, as aforesaid, shall neglect or refuse to pay the fine and costs imposed upon him, he or them, it shall be the duty of the Judge, Justice or Alderman trying the same, to make out a mittimus, directed to any constable in the county wherein such offence shall be committed, committing the person or persons so offending to the jail of the proper county; and it is hereby made the duty of the person having the charge of such jail, to receive and keep such person or persons in close confinement till the amount of the fine and costs are fully paid and discharged." JOHN A. GERE. Huntingdon, August 15, 1848.

**HEDDACH'S.**—Wright's Indian Vegetable Pills are a positive cure for this distressing complaint because they purge from the body those bilious humors which are the cause not only of headach, giddiness, nausea and sickness, &c., but of all the ills to which flesh is heir. One 25 cent box of the above named Indian Vegetable Pills, say a single dose, will frequently carry off a violent attack of headach; and, in cases of long standing, perseverance alone is wanted in order to make a cure of every description of headach.

Wright's Indian Vegetable Pills also aid and improve digestion and purify the blood, and therefore give new life and vigor to the whole frame.

**Be aware of sugar coated counterfeits.**—The only original and genuine Indian Vegetable Pills have the signature of William Wright written with a pen on the top label of each box. None other is genuine and to counterfeit this is Forgery. The genuine for sale by T. K. WASHINGTON, D. C., June 10, 1846. Having made use of the "Oxygenated Bitters," prepared by Dr. Geo. B. Green, of Windsor, Vt., and from knowledge obtained of their efficacy in other cases, we cheerfully recommend them to the public, believing that they will fully sustain the recommendation of the Proprietor. We hope that this valuable remedy may be so generally diffused throughout the country that it may be accessible to all the afflicted.

From the Hon. SOLOMON FOOT, Member of Congress from Vermont.

WASHINGTON, D. C., June 1, 1846.

DR. GEO. B. GREEN.—Dear Sir,—In your note of this morning, you ask "for an expression of my opinion in regard to your medicine, called 'Oxygenated Bitters.'" It affords me pleasure to state, that from the experience I have had, in its curing a severe attack of Dyspepsia in my own family, and from the wonderful effects which it has produced in other and more severe cases, arising in the families of Members of Congress with which I am acquainted, I think it an invaluable medicine, and hope that such circulation will be given to it as will bring it within the reach of all who are afflicted with that distressing malady.

Respectfully yours, S. FOOT. From Hon. H. D. FOSTER, Member of Congress from Pennsylvania.

WASHINGTON, D. C., June 10, 1846.

Dear Sir,—I have been a dyspeptic sufferer for about ten years, and have resorted to various medicines for relief without success, until I made use of your "Oxygenated Bitters." I have used about two bottles, and find myself restored to perfect health. The forms in which the disease showed itself, in my case, were, great acidity of the stomach, loss of appetite, extreme flatulence, severe constipation of the bowels, and violent headache. Feeling desirous that a knowledge of your valuable remedy may reach others similarly afflicted, I take great pleasure in recording my testimony to its curative power; and I would also remark, that while on a visit at home a short time since, I administered a part of a bottle to a number of my afflicted friends with great success. They are desirous that you should establish an agency at Pittsburg, or inform them where the medicine can be obtained. With an earnest desire for your prosperity and happiness, I subscribe myself, truly your friend, H. D. FOSTER.

What is the matter with me, Doctor? What the cause of this yellow complexion, jaundiced eye, depression of spirits, pain in the side and shoulder, weariness of body, bitter taste in the mouth? Such is the enquiry, and such the symptoms of a man who suffers! It is the liver which is diseased, and the Cholagogue is the remedy always successful in curing it. Try it, and judge for yourself. For sale by T. Read & Son, agent for the proprietor.

Better die than live, if I am to be tortured from day to day with this horrible Ague, exclaims the poor sufferer whose life has become a hell from the raging paroxysms of an intermittent, and whose confidence in human aid is destroyed by the failure of remedies to produce the promised relief. Such has been the situation of thousands who are now rejoicing in all the blessings of health from the use of Dr. Osgood's India Cholagogue. In no instance does it fail of effecting a speedy and permanent cure. For sale by the proprietor's agent, T. READ & SON.

How few who think aright among the thinking few.

How many never think, but only think they do.

The sentiment implied in the above exclamation is on no subject more fully exemplified than on that of health. But few give it a single thought, and fewer still reflect upon it with the observation and good sense which matters of minor consequence receive. As observation teaches the fact that Dr. Osgood's India Cholagogue is a never failing remedy in Fever and Ague, good sense would surely indicate its prompt and immediate use. To be found at T. READ & SON'S, agent for the proprietor.

June 27, 1848.
