

CLEAR THE TRACK!
THEY COME! THEY COME!!
A LOCOFOCO EDITOR OUT FOR GEN. TAYLOR.—The Vicksburg Whig states that the Mississippi Telegraph, published in Winston county, and hitherto a Cass paper, has hauled down its old colors and raised the glorious banner of TAYLOR and FILLMORE. The Vicksburg Whig says that this is the third change in the Mississippi press which it has recorded since the nomination of Gen. TAYLOR, all of them favorable to the old hero, whose generous bearing to his sons, when placed under his command in a foreign country, will never be forgotten or neglected by that proud and chivalrous State.

AND ANOTHER.—The Red River Republican, heretofore the leading Locofoco organ in the parish of Rapides, and in the northwestern part of Louisiana, has struck the flag of Cass and Butler, and has come out for "TAYLOR and FILLMORE." This change, it is stated, will have a powerful effect upon public sentiment in the Red River parishes.

A DEMOCRATIC LEADER OUT FOR GEN. TAYLOR.—At a great meeting held at Tuscaloosa, Alabama, to ratify the nomination of TAYLOR and FILLMORE, Robert Jamison, Esq., a leading Democrat, presided and addressed the meeting. In the course of his address he said he "preferred Taylor to all others, because he preferred his country to his party. I believe him honest, capable and faithful to the Constitution. Such a man was Washington, and on such a man the patriots of all parties may unite."

AN EX-GOVERNOR AGAINST CASS.—MARCUS MORTON, who was elected Governor of Massachusetts by the locofocos after they had run him for 20 years, has come out against Cass for the Presidency, and goes it strong for Martin Van Buren.

MORE OF THE SAME SORT!—John A. Bolles, late Secretary of Massachusetts under Governor Morton, and F. R. Gourgas, weigher and gauger in the Boston Custom House, have both abandoned Mr. Cass.

MORE OF THEM!—The Danville Register says: "We learn from authority on which we place the utmost reliance, that R. R. Cralle, R. G. Morris and Judge Wilson of Lynchburg, W. F. Gordon of Bedford, and a leading Democrat in Franklin, whose name we have forgotten, have avowed their determination not to stand by the Baltimore nomination, and that they will vote for Gen. Taylor. We learn further that some of these gentlemen have already taken the stump for old Zack."

HERE GOES ANOTHER!—Nathaniel Morton, son of the Ex-Governor, and a delegate to the late Democratic National Convention, has abandoned Mr. Cass.

HERE THEY COME!—"Too Numerous to Mention."—The Carlisle Herald says: "We had lots of bold Straight-Outs at Henderson's Grove, on the 14th, besides several gallant soldiers who fought under old Zack at Buena Vista. They were perfectly wild with enthusiasm for the 'Old Man.' The cause is going right in Old Mother Cumberland!"

A LOCOFOCO MEMBER OF CONGRESS OUT FOR TAYLOR.—James E. Belser, of Alabama, (formerly a Locofoco member of Congress from Mr. Hilliard's district,) addressed a great Whig Convention at Hayneville, (Ala.) on the 22d, in powerful advocacy of the election of General Taylor to the Presidency.

A POLK ELECTOR OUT FOR GEN. TAYLOR.—Isaac N. Arnold, a Polk elector in Illinois, has declared his determination to support General Taylor. He is tired of the Locofoco party and repudiates its principles.

Great Excitement in Cincinnati.
CINCINNATI, Wednesday, Aug. 23.

There is a great excitement here to-day. Two Germans were on trial for a rape committed on a girl 12 years of age. They were committed to jail for a further hearing. A mob attacked the jail, and the officers fired from the windows, killing three and wounding several. The mob had not dispersed at 9 o'clock, P. M. They may succeed in getting the prisoners; if so, they will undoubtedly kill them.

Second Despatch.
The excitement still continues. The unfortunate girl is about twelve years old, and the brutal violators of her person are two returned volunteers from Mexico, Germans. The great wall in front of the jail has been demolished. Four of the mob have been killed, and three wounded. A large military force is now at the disposal of the Sheriff.

Italy.
Among the news brought by the steamer Cambria, we find the following from Northern Italy.

From Turin a telegraphical despatch announces that the Provisional Government having been broken up, Charles Albert, by the will of the people had been proclaimed dictator. A slight engagement had taken place between the Austrians and Piedmontese on the 17th, in which the Italians were at first successful in recovering their former positions; but owing to reinforcements arriving to their enemy, they were obliged to abandon them.

The result of five days' hard fighting has been the retreat of the Piedmontese army under Charles Albert, before its too successful and too numerous adversaries. The Italian Monarch and his army have abandoned the line of the Mincio altogether, and fallen back upon that part of the Oglio, which, however it may serve as a protection for the army behind it, still leaves freely open to the Austrians the road to Milan.

The headquarters of the Piedmontese army were at Bozzolo, with a strong division at Macerata on the Oglio. It was reported that an Austrian division was already at Cremona, which would thus cut off the Piedmontese from Milan, the road on which they are stationed being, in fact, the high one between Mantua and Cremona.

FOREIGN NEWS.

Arrival of the Steamship Cambria.

SEVEN DAYS LATER NEWS FROM EUROPE.

Insurrection in Ireland.
NEW YORK, Aug. 19, 1848.
The steamer Cambria arrived at her wharf in Jersey city to-day, about 11 o'clock, bringing the intelligence of a rebellion in Ireland.

The insurgents under their leader O'Brien, commenced erecting barricades in Balligany and were fired upon by the government troops; and 12 killed.

O'Brien was wounded, and many on both sides were also wounded. The insurgents and O'Brien fled to the mountain of Tipperary resolved to die before they would permit themselves to be taken by the troops.

He was followed by hundreds of the insurgents who also resolved to die in the defence of their leader.

O'Brien and his followers are armed with pikes and pistols.
Haplin, the Secretary of the First League, has been arrested by the Government authorities as the author of a conspiracy to murder the police.

The news is conflicting and unsatisfactory. One account confirms the above statement, while another says that O'Brien has been traversing the country in the vicinity of Mullinohone, surrounded by a body guard of several hundred insurgents. His whole acts are looked upon as treasonable, and the troops will show him and his followers no quarters.

At the last accounts, Smith O'Brien and his followers were still in the Colliery Districts, between Silvanmore and the village of Balligary, which county furnished considerable accessions to the rebel ranks. This detachment, in passing the estate of Lord Hawarden, drove off a considerable number of bullocks as a supply to the rebels.

A large army is concentrated in the disturbed districts, under the command of Gen. Napier.

Intelligence has just been received from Silvanmore that 3000 insurgents had declared their determination to resist the troops.

Reinforcements are expected by the rebels from all the surrounding districts. On Thursday last, Patrick O'Higgin, well known as the Irish Chartist Leader, was arrested in his own house in Dublin. There was discovered an immense number of gun stocks secreted in and about his house.

Barricades were erected yesterday, on the alarm that the cavalry were coming to take the town of Killarney.

Smith O'Brien was there at the time and being at the head of a large number of rebels, marched up to the commanding officer, and asked him if he had no such order, whereupon O'Brien permitted him to pass.

On Sunday Smith O'Brien in company with a French gentleman, of great military and chemical skill, was seen at Limerick.

O'Brien was seen on horseback on Saturday with his knee tied up with his handkerchief; the blood was still flowing from the wound he received in the fight at Balligary.

A heavy reward has been offered for O'Brien, Dillon, Doherty and Meagher. The Sub-Inspector from Callon, with from 40 to 50 police, proceeded to Baulagh Common in pursuit of O'Brien, and found him; but O'Brien's cool conduct, and the immense number of insurgents, drove him off.

He called on Grave, told him of the collision, stating that he had been led to believe that ten or twelve thousand men were under arms in Tipperary to receive him; but upon his arrival, he found it not correct; said he had been betrayed. He was alone and seemed much dejected.

The London Times says the insurgents will not acknowledge their loss to be over eleven or twelve killed.

The party in Cormack's house fired altogether 250 shots, and each man a good marksman, taking steady aim.

The Priests were busily engaged in removing the dead.
Wilmer & Smith's Times says, under posterity, that O'Brien's whereabouts is not known, but it is supposed that he is at the head of a very large body of insurgents.

ITALY.
The only news we have from Italy, report the affairs of Charles Albert in a most desperate condition.

Later and Better From Ireland.
The N. Y. Tribune of the 23d inst. contains a letter from their secret correspondent in Dublin containing the following exciting, and if true, important intelligence. The substance of the letter is as follows:

DUBLIN, August 4, 1848.
The Patriotic newspapers here dare not publish the truth concerning the battle of Slievenamon.

From all we can learn, the people have achieved a great victory.
Gen. O'Donnell, Commander of the Government forces was killed.

It is confidently stated that six thousand British troops have been killed and wounded.
The road for three miles is covered with the dead.

The third (Buff's) Regiment of Infantry, turned and fought with the People. We have also the inspiring intelligence, that the towns of Kilkenny and Limerick have been taken by the people.

The people of Dublin have gone in thousands and are going in thousands to assist the country.

Mr. John B. Dillon was wounded in both legs. Mr. Meagher was wounded in both arms.

It is generally expected that the people of Dublin will rise and attack the jails.

The Third Regiment at Athlone fought with the people.

O'Brien has 60,000 men around him.

Later.

A telegraphic dispatch from Boston, dated Aug. 25, says:

A copy of the Halifax N. S. Sun of the 21st inst., has been received here this morning, by the Steamer Senator from St. John's, New Brunswick. It contains news of a similar tenor to that published by the New York Tribune, in relation to the disturbances in Ireland.

The Directory in New York request the Friends of Ireland, in each Ward of the Cities, and in each Town and Village of the whole United States, to assemble on the Birth-day of Lafayette, September 6, in order to give a day for succor to Ireland.

FEVER & AGUE
Chill Fever, Dumb Ague, Intermittent & Remittent Fevers & all the various forms of Bilious Diseases
SPEEDILY & THOROUGHLY CURED
by Dr. Osgood's India Chologogue

This excellent compound is for sale by the proprietor's Agent T. READ & SON.
Price \$1 50 per bottle.

What is the matter with me, Doctor! What the cause of this sallow complexion, jaundiced eye, depression of spirits, pain in the side and shoulder, weariness of body, bitter taste in the mouth! Such is the enquiry, and such the symptoms of many a sufferer! It is the fever which is diseased, and the Chologogue is the remedy always successful in curing it. Try it, and judge for yourself. For sale by T. Read & Son, agent for the proprietor.

Better die than live, if I am to be tortured from day to day with this horrible Ague, exclaims the poor sufferer whose life has become a burden from the racking paroxysms of an intermittent, and whose confidence in human aid is destroyed by the failure of remedies to produce the promised relief. Such has been the situation of thousands who are now rejoicing in all the blessings of health from the use of Dr. Osgood's India Chologogue. In no instance does it fail of effecting a speedy and permanent cure. For sale by the proprietor's agent, T. READ & SON.
How few who think aright among the thinking few.
How many never think, but only think they do."

The sentiment implied in the above exclamation is on no subject more fully exemplified than on that of health. But few give it a single thought, and fewer still reflect upon it with the observation and good sense which matters of minor consequence receive. As observation teaches the fact that Dr. Osgood's India Chologogue is a never failing remedy in Fever and Ague, good sense would surely indicate its prompt and immediate use.

From the Hon. SOLOMON FOOT, Member of Congress from Vermont.

WASHINGTON, D. C., June 1, 1846.

DR. GEO. B. GREEN:—Dear Sir, In your note of this morning, you ask for an expression of my opinion in regard to your medicine, called "Oxygenated Bitters." It affords me pleasure to state, that from the experience I have had, in curing a severe attack of Dyspepsia in my own family, and from the wonderful effects which it has produced in other and more severe cases, arising in the families of Members of Congress with which I am acquainted, I think it an invaluable medicine, and hope that such circulation will be given to it as will bring it within the reach of all who are afflicted with that distressing malady.

Respectfully yours, S. FOOT.

From Hon. H. D. FOSTER, Member of Congress from Pennsylvania.

WASHINGTON, D. C., June 10, 1846.

Dear Sir:—I have been a dyspeptic sufferer for about ten years, and have resorted to various medicines for relief without success, until I made use of your "Oxygenated Bitters." I have used about two bottles, and find myself restored to perfect health. The forms in which the disease showed itself, in my case, were, great acidity of the stomach, loss of appetite, extreme flatulence, severe constipation of the bowels, and violent headache. Feeling desirous that a knowledge of your valuable remedy may reach others similarly afflicted, I take great pleasure in recording my testimony to its curative power; and I would also remark, that while on a visit at home a short time since, I administered a part of a bottle to a number of my afflicted friends with great success. They are desirous that you should establish an agency at Pittsburgh, or inform them where the medicine can be obtained. With an earnest desire for your prosperity and happiness, I subscribe myself, truly your friend, H. D. FOSTER.
