

FOREIGN NEWS.

ARRIVAL OF THE BRITANNIA.

Insurrection quieted in Ireland.

BOSTON, Aug. 26th 1848. The anxiously looked for Steamship has at length arrived. She reached her wharf about eleven o'clock. She sailed from Liverpool on the 12th inst., and therefore brings seven days later intelligence from England, Ireland and the Continent.

Her intelligence, in a political and commercial point of view, is highly important.

The state of affairs in Ireland has not materially changed, though every day seems to lessen the probability of any serious outbreak.

No serious disturbance in Ireland has occurred since the sailing of the Cambria.

Numerous arrests continue to be made.

William Smith O'Brien was arrested at the Rail Road station at Thales, on Saturday evening last, whilst in the act of procuring a ticket for Limerick, where, it is said, he intended to take refuge among his friends.

Immediately after his arrest, he was marched to Bridewell, and subsequently was conveyed to Dublin, and lodged in Kilmainham Jail.

After O'Brien's arrest, he is said to have expressed himself satisfied of the hopelessness of accomplishing his object, and that he was induced to leave his retreat in the mountains, because the further he went the people seemed to fear to harbor him, or to hold any communication with him.

He is said to be cheerful, and his family is allowed to have free access to him. Other friends are permitted to converse with him in the presence of the Jail authorities.

There does not appear to have been any serious disturbance since the Cambria sailed; and according to the English accounts it seems quite improbable there should be any so long as the government continue its present attitude of repression.

Mr. Carn, Mr. Berger, ship broker Mr. Nolan, of the United States, and Richard O'Gorman, for whose arrest three hundred pounds is offered, on attempting to escape from the country, were arrested by the coast guard, after they had crossed the Shannon in an open boat.

The Irish accounts say that the South is rife for rebellion, and only waiting for leaders. That the disaffection is not crushed, but that when the troops are in their winter quarters then the mischief will commence in good earnest. Until then the leaders have determined to remain passive.

There is no news of any moment from the Continent. Trade is dull in England, and grain and cotton both declining.

THE CHOLERA.—The European papers announce the appearance of the Cholera at Vienna. In St. Petersburg and Constantinople it is subsiding rapidly.

From a late number of the Military Medical Gazette, it appears that since the appearance of the epidemic in Russia, there were seized at St. Petersburg from its first appearance, the 30th of June, to the 21st of July, 19,772 persons, of whom 4834 recovered, and 11,068 died. In the whole of Russia since the first appearance of the cholera the 28th of October, 1846, to the 5th of July 1848, 290,318 persons were seized with the epidemic, and 116,658 died. On the 28th of July there were at St. Petersburg 2396 cholera cases. In the course of the day 137 fresh cases occurred; 211 recovered and 82 died, 45 of whom were in their own dwellings. On the 29th there were 2240 sick—189 new cases; 188 recovered and 68 died. On the 30th there remained 2116 cases under treatment.

CHEERING FROM WESTERN VIRGINIA.—The Charlottesville Advocate learns from a gentleman who has recently travelled extensively through Western Virginia, that the best spirit prevails among the friends of Gen. Taylor. The calculation among them is that if Eastern Virginia does as well for Taylor, as for Clay, the changes in Western Virginia will give the State to "Old Rough and Ready." We can assure our Western friends that Eastern Virginia will give Taylor at least 2500 to 3000 majority, where Clay's was only from 50 to 100.

A FREE SOIL IN LOUISIANA. A Free Soil meeting was held in Louisiana, in the city of New Orleans, on the 16th of July. The members of it have called another meeting and intend to keep the ball a moving! Old Zack himself will be found with the Free Soil party after he gets to the White House!

Popular vote of Indiana. The Indiana State Journal says, that although the Locofocos, by the manner in which they have distrusted the State, have carried a majority of the Legislature, the POPULAR VOTE is largely in favor of the Whigs, and is certain for Taylor and Fillmore in November!

General Taylor—says a contemporary—never chewed tobacco—never drank any rum—never smoked a cigar—never used a man-cent—never was sued—never sued any man himself—never was dunned—never dunned anybody—never lost a battle—and never surrendered!

The Free Soil Humberg.

It would appear that all the Abolitionists are not to be duped by the free soil "movement." The Buffalo Commercial contains a strong protest against it, communicated for that paper, from which we take this characteristic passage:

"When the Abolitionists were every where abused and hunted, and like earnest and honored men, resorted to the press to defend their principles and character, who sanctioned by his CASTING VOTE the plunder of the public mails of anti-slavery papers, and prayers and petitions and earnest entreaties for the robbed and outraged slave? Martin Van Buren. Who, at a subsequent period, when Amos Kendall had authorized similar base thefts and outrages to be perpetrated on the mails, permitted him to remain in office, under the caresses and smiles of executive office? Martin Van Buren. And not one word disavowing those shameless and high handed outrages against the rights of the North, and the sanctity of the seal, has he ever uttered."

IOWA ELECTION.

Our letters and papers from Iowa admit the election of Shepard Lefler as a member of Congress from the Second District; but at the same time possibly assert that Daniel F. Miller, who is elected from the First District. There was, it seems, some doubt whether that district of country in which the Mormons are located, would be organized so as to allow their vote to be given. The Locos were afraid that the Mormons might take it into their heads to vote the Whig Ticket, and this made them cautious about the matter; but it appears from the Des Moines Valley Whig that the Mormons did vote at two precincts in Monroe county, to which the Territory was attached for election purposes; that the Locofoco superintendant of that arrangement; and that Monroe county, although returned as giving a majority of 23 votes for Thompson (Loco) for Congress, actually gave Miller (Whig) a majority of 493, and elected him.

An article which we copy from the Des Moines Valley Whig, gives a complete history of this attempt to swindle a portion of the people of Iowa out of their dearest right, as freemen. The Locofoco couldn't bribe them, it says, and then they set to work to secure the rejection of the vote altogether. If successful how, small benefit, we foretell, will ensue to them in November, when a President is to be chosen, and when the people will have an opportunity of rebuking them for their rascally conduct in this election.—St. Louis Republican Aug. 25.

PENNSYLVANIA IRON WORKS.—The Miners' Journal, of Saturday, says: "Several of the principal establishments of this borough have, within a few days past, been compelled to discharge a large number of hands on account of the scarcity of work for them. Several colliery works, too, have recently curtailed the force employed in them, and there appears to be no work of any magnitude going on in this region at present. Labor is consequently in poor request, and the rates of wages extremely low."

WISCONSIN JUDICIAL ELECTION.—In the first district Mr. Whiton, (Whig) has a majority in every county, and nearly 400 in the aggregate. In the second, Mr. Hubbell, (Ind. Loco) is elected; in the third, Mr. Larrabee, (Loco), the only one of the regular Locofoco candidates in the State was successful; in the fourth, A. W. Stow, (Ind. Loco), and in the fifth, Mr. Jackson, Whig.

PLAINFIELD BANK.—It is announced in the New York Sun that the affairs of the Plainfield Bank have at length been wound up, and that there are sufficient assets to pay all the notes in full. This news will be rather mortifying to those who were induced to part with the notes at the rate of 60 cents on the dollar a few months since.

VAN BUREN IN MASSACHUSETTS.—Among the Locofocos in this State, who have repudiated Cass, and came out in favor of Van Buren, we notice the names of Ex-Governor Marcus Morton, Hon. John A. Bolles, late Secretary of State, Hon. J. Mills, late Treasurer of State, Hon. Francis Gougeon, late member of the Executive Council, Hon. S. J. W. Taber, late locofoco candidate for Congress, in Ashmun's district, Hon. Chas. Sedgwick, late State Senator; B. F. Newhall, and Sidney Homer.

MARRIED. On Tuesday Aug. 29th by Rev. J. A. Gere, at the residence of Samuel Miller, Esq. Mr. BUDD HARSBARGER, of Centre Co. to Miss MARTHA CURRAN, of Huntingdon Co.

DIED. At the residence of his uncle, Mr. George Jackson, of Jackson township, in this county, on Monday August 28th, JOSEPH JACKSON, a Corporal of Company D, 11th Infantry, U. S. A. aged 22 years.

The subject of this notice was left an orphan, while young; was raised and educated by his kind and affectionate uncle, whose care and attention continued to be extended to him, in the last scene of life. In common with the young and ardent and brave of our land, he rushed to his country's standard in the late war with Mexico, and there under the command of his gallant Captain Irvin, participated in the scenes of strife and blood that blotted the path of the American Army from Vera Cruz to the city of Mexico. At the National Bridge, at Contreras, at Chihuahua, at el Molino and the city gates, he was amongst the foremost in the angry surges of the fight, and proudly shared with his companions in arms the unfading laurels it bestowed. But from amid those dangers he escaped unhurt. From the hard storm of grape and canister, from the leaden sleet of Musket balls, from the hurricane sweep of round shot and shell, from the impetuous charges, he escaped, to die amid his friends and the scenes of his childhood, stricken down by the more deadly hand of disease. Amongst all the missiles of destruction and engines of death, there was "no kind messenger" to call his brave spirit hence; but the battle ended and the peace of his country restored, he sleeps tranquilly in the old place of graves, where his kindred lie.

There is a tear for all that die, A mourner o'er the humblest grave, But nations swell the funeral cry, And triumph weeps above the brave. Sorely thou, young soldier; beloved by friends, acquaintances, and your gallant fellow heroes in life—regretted and wept in your untimely death. Huntingdon Sept. 6, 1848.

Chill Fever, Dumb Ague, Intermitent & Remittent Fevers & all the various forms of Bilious Diseases SPEEDILY & THOROUGHLY CURED by Dr. Osgood's India Cholagogue.

This excellent compound is for sale by the proprietor's Agent T. READ & SON. Price \$1.50 per bottle.

What is the matter with me, Doctor? What the cause of this sallow complexion, jaundiced eye, depression of spirits, pain in the side and shoulder, weariness of body, bitter taste in the mouth? Such is the enquiry, and such the symptoms of many a sufferer! It is the fever which is diseased, and the Cholagogue is the remedy always successful in curing it. Try it, and judge for yourself. For sale by T. Read & Son, agent for the proprietor.

Better die than live, if I am to be tortured from day to day with this horrible Ague, exclaim the poor sufferer whose life has become a burthen from the racking paroxysms of an intermitent, and whose confidence in human aid is destroyed by the failure of remedies to produce the promised relief. Such has been the situation of thousands who are now rejoicing in all the blessings of health from the use of Dr. Osgood's India Cholagogue. In no instance does it fail of effecting a speedy and permanent cure. For sale by the proprietor's agent, T. READ & SON. How few who think aright among the thinking few. How many never think, but only think they do.

The sentiment implied in the above exclamation is not to subject more fully exposed than that of health. But few give it a single thought, and fewer still reflect upon it with the observation and good sense which matters of minor consequence receive. An observation teaches the fact that Dr. Osgood's India Cholagogue is a never failing remedy in Fever and Ague, good sense would surely indicate its prompt and immediate use. To be found at T. READ & SON'S, agent for the proprietor. June 27, 1848.

WASHINGTON, D. C., June 1, 1846. Dr. Geo. B. GREEN:—Dear Sir,—In your note of this morning you ask for an expression of my opinion in regard to your medicine, called "Oxygenated Bitters." It affords me pleasure to state, that from the experience I have had, in curing a severe attack of Dyspepsia in my own family, and from the wonderful effects which it has produced in other and more severe cases, arising in the families of Members of Congress with which I am acquainted, I think it an invaluable medicine, and hope that such attention will be given to it as will bring it within the reach of all who are afflicted with that distressing malady. Respectfully yours, S. FOOT, From Hon. H. D. FOSTER, Member of Congress from Pennsylvania.

WASHINGTON, D. C., June 10, 1846. Dear Sir,—I have been a dyspeptic sufferer for about ten years, and have resorted to various medicines for relief without success, until I made use of your "Oxygenated Bitters." I have used about two bottles, and find myself restored to perfect health. The forms in which the disease showed itself, in my case, were, great acidity of the stomach, loss of appetite, extreme flatulence, severe constipation of the bowels, and violent headache. Feeling desirous that a knowledge of your valuable remedy may reach others similarly afflicted, I take great pleasure in recording my testimony to its curative power; and I would also remark, that while on a visit at home a short time since, I administered a part of a bottle to a number of my afflicted friends with great success. They are desirous that you should establish an agency at Pittsburg, or inform them where the medicine can be obtained. With an earnest desire for your prosperity and happiness, I subscribe myself, truly your friend, H. D. FOSTER. Doct. Geo. B. GREEN, Windsor, Vt.
