Vegetable Universal Files, The only known Medicine that at the sam time purges, purifies and strengthens the system. Losbox, July 7, 1846.

time purges, pur files and strengthens the system. Losnon, Joly 7, 1846. DR. LE ROY'S Pillaare a new medicine which has just appeared, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two princi-pal ones are Sarsaparilla and Wild Cherry, so uni-ted that two act together; the one, through it admix ure with other substances, purifying and purging, while the other is strengthening the sys-tem. Thus those pills are at the same time tonic and opting; a desideratum long and eagerly soughtfor by medical men, but never before dis corred. In other words they do the work of two medicines, and do it much be tor than any two we know of; for they remove nothing from the system but the lumprifies; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no re-action. Dr. Le Roy's pillshave a wonderful influence on the blood; they not only purify without weakening it, but they re-move all axious particles from the chyle before it is converted into fluid, and thus make impare blood an atter impossibility. Asthere is no adobil-itation, softenies to mause a or sickness attending the operations of this most excellent of medicines which never strains or tortures the digesive func-tions, batcauses them to work in a perfectly natu-al maner; and hence porsons taking them do not become ple and emaciated, but the contrary; for while it is the property of the Sarsaparilla, united as it is with other ingredients, to remove all thats; foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is tho certain result of their miled operations.
