

The Bragger Outragged.
"Talk about yer darned fine lines," said a Yankee to a cockney, who was so imprudent as, in the natural way of his countrymen, to commence bragging on English railroads, while the couple was progressing at the rate of forty miles per hour on the Birmingham railway.

"Why, mister, this ere road is purty considerable for England, but it won't do for Meriky. We ride a straddle of telegraphs there, when we're in a hurry—but when we ain't we take the railroad. Now them roads ain't slow, as I'll tell you. I was comin' from Philadelphia to York, when sez I to a feller settin' by me—" you airth owns this big garden with white palins around it?"

"I don't see no white palins," says he. "I don't see nothin else," sez I, "and a mighty tall fence it is, too."

"The feller burst out a larfin—" why you darned fool," sez he, "them's the telegraphic posts." And sure enough, when the engine feller stopped, I saw them posts a hundred feet apart, and we had been going so all-fired fast they looked for all the world like white palins."

"At this moment the bell rang at a station signal before the Cockney had fully recovered from Jonathan's last dose."

"What's that bell ringin' for?" inquired the latter of his English friend.

"We are approaching D—"

"Well them kind of bell fixens does for these ere slow cars, but we cant use them in 'Meriky."

"Ah, why not?"

"Travel too fast—fact; beat sound all to smash. We would he smack through a village before the noise of the clapper was in the neighborhood."

"Fact again; by thunder! Why, I was on the York cars when them ere steam whistles was first tried. May be you're heard of the terrible accident! No! Well sir we were going it strong. Harrycans were no whar—all natter seemed shakin to pieces—when several miles off something was seed on the track. The whistle was let loose; and she did scream awfully—but it was no manner of use, for after tumbling over a span of smart horses, and a big market waggon, I was just raising from a pond, when along came the whistlers holler, mixed up with some big curses I mind to have heard the engine man rip out when he first saw the waggon. But the poor fellow was dead when his voice arrived. Fact—got the documents."

"Extraordinary!" exclaimed the horror-struck Cockney, "and do you use vistles yet?"

"Bless your soul, no. Congress stopped them right off, and now we act on the philosophic principle that light travels an all-fired sight faster than sound, which will do perhaps for this generation. We now tell 'em we're comin by bustin out a light that does astonish animal creation; and I reckon rather surprised the planetary system at first. When it was first tried at night, the roosters on the road commenced crowing and the chickens all got down from the roost; thinking it was day-light."

The cars suddenly stopped, when Jonathan having arrived at the point of his debarcation, looked around at the bewildered Cockney, nodded his head, and with a little carpet-bag chucked under his one arm, and umbrella under the other, took his leave sober as a deacon.

The best and strongest certified medicine in the world, for the cure of Dyspepsia in all its forms—such as Head-ache, Habitual Costiveness, Acidity of the Stomach, Loss of Appetite, Asthma, Piles, Incipient Consumption, Debility arising from protracted fevers, Fever and Ague, and exposures to extreme Heat or Cold, Old Age—and, in fact, from every Disease arising from imperfect digestion, or a deranged condition of the stomach. The following Certificates have recently been received.
WASHINGTON, D. C., June 10, 1846.

Having used the "Oxygenated Bitters" prepared by Dr. Geo. B. Green, of Windsor, Vt., and from knowledge obtained of their efficacy in other cases, we cheerfully recommend them to the public, believing that they will fully sustain the recommendation of the Proprietor. We hope that this valuable remedy may be so generally diffused throughout the country that it may be accessible to all the afflicted.

M. L. MARTIN, Delegate in Congress from Wisconsin Territory.

From the Hon. SOLOMON FOOT, Member of Congress from Vermont.

WASHINGTON, D. C., June 1, 1846.

Dr. Geo. B. GREEN, Dear Sir,—In your note of this morning, you ask for an expression of my opinion in regard to your medicine, called "Oxygenated Bitters." It affords me pleasure to state, that from the experience I have had, in its curing a severe attack of Dyspepsia in my own family, and from the wonderful effects which it has produced in other and more severe cases, arising in the families of Members of Congress with which I am acquainted, I think it an invaluable medicine, and hope that such circulation will be given to it as will bring it within the reach of ALL who are afflicted with that distressing malady.

Respectfully yours, S. FOOT.
From Hon. H. D. FOSTER, Member of Congress from Pennsylvania.

WASHINGTON, D. C., June 10, 1846.

Dear Sir—I have been a dyspeptic sufferer for about ten years, and have resorted to various medicines for relief without success, until I made use of your "Oxygenated Bitters." I have used two or three bottles, and find myself restored to perfect health. The forms in which the disease showed itself, in my case, were, great acidity of the stomach, loss of appetite, extreme flatulence, severe constipation of the bowels, and violent headache. Feeling desirous that a knowledge of your valuable remedy may reach others similarly afflicted, I take great pleasure in recording my testimony to its curative power; and I would also remark, that while on a visit at home a short time since, I administered a part of a bottle to a number of my afflicted friends with great success. They are desirous that you should establish an agency at Pittsburg, or inform them where the medicine can be obtained. With an earnest desire for your prosperity and happiness, I subscribe myself, truly your friend, H. D. FOSTER.

DR. LE ROY'S
Vegetable Universal Pills,
The only known Medicine that at the same time purges, purifies and strengthens the system.

LONDON, July 7, 1846.

DR. LE ROY'S Pills are a new medicine which has just appeared, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one, through its admixture with other substances, purifying and purging, while the other is strengthening the system. Thus these pills act at the same time tonic and opening; a desideratum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause no debility, and are followed by no reaction. Dr. Le Roy's pills have a wonderful influence on the blood; they not only purify without weakening it, but they remove all noxious particles from the chyle before it is converted into fluid, and thus make impure blood an utter impossibility. Asthenia or debility, so there is no nausea or sickness attending the operations of this most excellent of medicines, which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emaciated, but the contrary; for while it is the property of the Sarsaparilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations.

Price 25 Cents per BOX.

CLICKENER'S SUGAR-COATED PILLS,
The Only Effectual Purgative, cured within the last year

OVER 200,000 PERSONS of the following Complaints:

Headache, Giddiness, Rheumatism, Piles, Dropsy, Neuralgia, Jaundice, Pains in the Back, Lardaceousness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds, Female Complaints, Measles, Salt Rheum, Heartburn, Worms, Cholera, Morbus, Coughs, Quinsy, Whooping Cough, Consumption, Fits, Liver Complaint, Erysipelas, Deafness, Itchings of the Skin, Gout, Gravel, Nephritis, Nephritis, and a variety of other diseases arising from impurities of the blood, and obstructions in the organs of digestion.

Experience has proved that nearly every disease originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those impurities and restore the blood to its natural state. Therefore, when the slightest derangement of the system is indicated by Costiveness, or any other sign, it admonishes us that superfluous are gathering in the System, which should be immediately removed by an effectual purgative. This fact, as stated, is universally known; but people have such an aversion to medicine, that unless the case urgent, they prefer the disease to the cure, generally. Since the invention, however, of

Clickener's Vegetable Purgative Pills, this objection does not exist, as they are completely enveloped with a coating of pure white sugar (as distinct from the internal ingredients as a nut shell from the kernel) have no taste of medicine, and are as easily swallowed as bits of candy. Moreover they neither nauseate or gripe in the slightest degree. They operate equally on all the diseased parts of the system, instead of confining themselves to, and racking any particular region. Thus, for example, if the Liver be affected, one ingredient will operate on that particular organ, and by cleansing it of that Excess of Bile it is constantly discharging into the stomach, restore it to its natural state. Another will operate on the
