The Capital being paid up and invested, together with accumulated premium fund, affords a perfect security to the insured. The premium may be paid in yearly, half yearly, or quarterly payments.

The Company add a BONUS at stated periods to the insurances for life. This plan of insurance is the most approved of, and is more generally in use, than any other in Great Britain, (where the subject is best understood by the people, and where they have had the longest experience,) as appears from the fact, that out of 117 Life Insurance Companies there, of all kinds, 87 are on this plan.

The first BONUS was appropriated in December 1844, amounting to 10 per cent. on the sum insured under the oldest policies; to 8 3/4 per cent., 7 1/2 per cent., &c. &c. on others, in proportion to the time of standing; making an addition of \$100; \$87.50; \$75, &c. &c. to every \$1,000, originally insured, which is an average of more than 50 per cent. on the premiums paid, and without increasing the annual payment of the company.

The operation of the BONUS will be seen by the following examples from the Life Insurance Register of the Company, thus:

Policy.	Insured.	Bonus or Addition.	Amt. of pol. and bonus payable at the party's decedate.
No. 58	\$1,000	\$200.00	\$1,200.00
