THE GREAT CURE

CHASS, G. JOHNSON, of Bristol.

Who was pronouriced incurably fixed in the last stage of Pulmonary Consumption, by two skilfful Physical Stages, which was rescued from death's door by the use of Schneck's Pulmonic Syrup—having been prostrated all winter. His case was witnessed by several of the most respectable citizens of this state, whose ames are appended to his certificate. Read! Read! and be convined that Schneck's Pulmonary Syrup is the only certain cure for Consumption.

Bristol, Bucks country, Pa.

Sept. 21, 1849.

Dr. J. H. Schneck, —Dear Sir, —I am induced from a sense of justice towards you, as well seed duty to the public, to make known one of the most hopeless and extraordinary cures, in my sonn person, that you have seve had the pleasure to record. Indeed, I regret my insbilly to portay, in truthful colors, my consuming disease, and the remarkable chance which Schneck's Pulmonary Syrup effected in so short a time. I was faken some time pravious to December 1848, with a heavy cold, producing incessant coughing, accompanied with acute pain in the right shoulder, having heavy night sweats, high fevers &c., which made me so nervous and restless as to produce unter prostration. All these afflictions increased with such violence, that on the 4th of January last I eent for my family physician. He attended me faithfully, and prescribed every thing that medical skill could suggest, but without effect. I found myself gradually growing w yre, and my hopes of recovery lessening as my disease, increased. My cough became distressing; my pains severe; and, extremely debilitated, I lost all ambition in life, and gave up to a melanchyl depression. My physician examined me, and transcript with a new recommendation of my lungs. Notwithstanding all this skill, I grew worse, but with the forther use of the Syrup, but knowing the main experiencing great pain in coughing; expectorating from a pint to a quart of nauceous matter every 2th bours, and gradually sinking under the west, and the rapid cure affected by the west

the walks of public and private life, and whose standing in society admits of nearly of would in regard to their testimony.

CHARLES G. JOHNSON.

We the undersigned, residents of Bristol and vicinity, are well acquainted with Mr. Johnson, and know him to have been afflicted as he states above. We also know that he used Schneck's Poimonic Syrup, and have every reason to believe, that to this medicine he owes his preservation from a premature grave. The known integrity and position in society of Mr. Johnson, however is a sufficient guarantee to the public of the truth of this statement.

Dh. Gro. B. Green:—Dear Sir—I feel it not only a pleacure, but a duty, to make known to you and to the public, (if you desire it,) the surprising effects of the "Oxygenated Bitters," in relieving me from that most discouraging disorder, Dyspepsia. I have been afflicted for about seventeen years with the usual attendant symptoms, viz: conetipation of the bowels, headache, pain in the chest, flatulence acidity of the stomach, and severe nausea; and for months at a time not the least particle of moisture would appear on the surface of the chest or limbs, and most of the time I was extremely bilious. I have used various remedies, have been strict in my diet, have been dosed with calome! and emetics day after day by physicians, but all to no good purpose. Hearing of the wonderful effects of the "Oxygenated Bitters," in the cure of Dyspepsia, I procured some as a last resort, have used four bottles of the medicie, and find the bad symptoms all removed, and myzelf once force in the enjoyment of health. None but the Dyspeptic suffercy, who has felt all the horrors of the disease, can at all appreciate the value of the medicie, inc. I most sincerelly hone that all will make the contraction of the disease, can at all appreciate the value of the mediciene.

Wishson, Vt., Aug. 8, 1846.

Dean Sin:—It gives me great pleasure to inform you that the "Oxygenated Bitters," with which you farmished my wife, has wrought a cure in her case. About two years since, my wife was violently attacked with neuralgia in the face, through the chest, in the wrists and ankles. So violent was the disease, added to a general derangement of the female system, that her strength was completely prostrated, her flesh wasted, and she rendered miserable indeed. I feel grateful for the restoration of her health, and in duty bound to give publicity to the above facts, that others similarly afflicted may know where to seek for cure. Truly your friend,

THOMAS KIDDER.

"For some twenty years I had suffered severely from humoral Asthma. I was compelled to sit up one-third of the night, and the rest of the time my sleep was interrupted by violent fits of coughing and great difficity of breathing. In all my attendance upon our courts I never went to bed in Northampton in twenty years but twice, and then was compelled to get up. Now I lie in bed without difficulty, and sleep soundly. I took the "Oxygenated Bitters," according to directions. The violent symptoms immediately abated, and perseverance in the use of the remedy has removed all its troublesome cornequences. The value of such a remedy is incalculable, and I hope its virtues may be widely diffused and its beneficent agency extensively employed."
