THE GREAT CURE

OF CHAS. G. JOHNSON, of Bristol.

Who was pronounced incurably fixed in the last stage of Pulmonary Consumption, by two skillful Physicians.

Mr. Johnson was rescued from death's door by the use of Schneck's Pulmonic Syrup—having been prostrated all winter. His case was witnessed by several of the most respectable citizens of this state, whose names are appended to his certificate. Read! Read! and be convinced that Schneck's Pulmonic Syrup is the only certain cure for Consumption.

Bristol, Bucks county, Pa. }
Sept. 21, 1849. }

Dr. J. H. SCHNECK,—Dear Sir,—I am induced from a sense of justice towards you, as well as duty to the public, to make known one of the most hopeless and extraordinary cures, in my own person, that you have ever had the pleasure to record. Indeed, I regret my inability to portray, in truthful colors, my consuming disease, and the remarkable chance which Schneck's Pulmonic Syrup effected in so short a time.

I was taken some time previous to December 1848, with a heavy cold, producing incessant coughing, accompanied with acute pain in the right side, pains in the back, under the right shoulder, having heavy night sweats, high fevers &c., which made me so nervous and restless as to produce utter prostration. All these afflictions increased with such violence, that on the 4th of January last I sent for my family physician. He attended me faithfully, and prescribed every thing that medical skill could suggest, but without effect. I found myself gradually growing worse, and my hopes of recovery lessening as my disease increased. My cough became distressing, my pains severe, and, extremely debilitated, I lost all ambition in life, and gave up to a melancholy depression. My physician examined me, and informed me I had an abscess on the upper part of my liver and lower part of one of my lungs. Notwithstanding all this skill, I grew worse, but with that tenacity with which we cling to life, I concluded to have nothing undone, and called in a consulting physician, who fully concurred with my own, and pronounced my case an extremely critical one. He thought I was in imminent danger—saying my disease was one the is seldom if ever cured." All this time I was enduring sufferings that made life burdensome; and experiencing great pain in coughing; expectorating from a pint to a quart of nauseous matter every 24 hours, and gradually sinking under the weakening progress of my disease. At this stage of my illness, my friends in Bristol suggested the use of Schneck's Pulmonic Syrup, but knowing the many expedients resorted to for the purpose of draining money from the afflicted, I hesitated. My friends, however, insisted, I was prevailed upon to try its virtues. I commenced taking the Syrup about the first of March, and used several bottles before I had any confidence in it. I then began to experience a change for the better, and continued it till I had consumed myself once more restored to health. I will further add, that the consulting physician, seeing the action of the medicine, fully approved its use.

To give the reader some idea of the severity of my case, and the rapid cure effected by the Syrup, I will state that my usual weight in health was 177 pounds, which was finally reduced by my sufferings to but 121 pounds. Yet, on the first of this month, (September) I weigh 174 pounds, thus gaining in a few months 53 pounds, and within three months of my heaviest weight. It is not in my power to convey, in the short space of this certificate, the convincing proofs of those afflictions through which I have passed; but of those who will take the trouble to call on me, at Bristol, opposite Pratt's hotel, I shall take pleasure in detailing every particular.

In conclusion, I deem it my duty to urge upon every person who may have the premonitory symptoms of this fatal disease, not to delay one hour, but to call upon Dr. Schneck immediately. His skill in the treatment of this complaint, and prompt detection of diseased parts of the lungs by means of his Stethoscope, added to my own mirac'ous cure, fully satisfies me, that had I earlier submitted myself to his care, I should have escaped much suffering; but, restrained by doubts and suspicion, which make us all naturally skeptical in regard to the virtues of a medicine when first introduced, I resisted the importunities of my friends till almost too late, and yielded only as a last resort. I have been, again let me say, hesitating no longer, my own case is presented to you as convincing evidence, that what all else fails your last hope is in Dr. Schneck's Pulmonic Syrup. I have also for the satisfaction of those who may be strangers to me, appended to this certificate the names of gentlemen well known in the walks of public and private life, and whose standing in society admits of no cavil or doubt in regard to their testimony.

C. G. JOHNSON.

We the undersigned, residents of Bristol and the vicinity, are well acquainted with Mr. Johnson, and know him to have been afflicted as he states above. We also know that he used Schneck's Pulmonic Syrup, and have every reason to believe, that to this medicine he owes his preservation from a premature grave. The known integrity and position in society of Mr. Johnson however is a sufficient guarantee to the public of the truth of this statement.

FEVER & AGUE

Chill Fever, Dumb Ague, Intermittent & Remittent Fevers, & all the various forms of Bilious Diseases

SPEEDILY & THOROUGHLY CURED

By Dr. Osgood's India Cholagogue

This excellent compound, which never fails in the cure of Fever and Ague, is for sale by the proprietor's agents, T. READ & SON, Huntingdon; L. G. KESSLER, Mill Creek.

WHAT IS THE MATTER

with me, Doctor? What is the cause of this sallow complexion, jaundiced eye, depression of spirits, pain in the side and shoulder, weariness of body, bitter taste in the mouth? Such is the inquiry, and such the symptoms of many a sufferer! It is the liver which is diseased, and the Cholagogue is the remedy always successful in curing it. Try it, and judge for yourself. For sale by above named agents.

BETTER DIE THAN LIVE,

if I am to be tortured from day to day with this horrible Ague, explains the poor sufferer whose life has become a burden from the racking paroxysms of an intermittent, and whose confidence in human aid is destroyed by the failure of remedies so long promised relief. Such has been the situation of thousands who are now rejoicing in the blessing of health from the use of Dr. Osgood's India Cholagogue. In no instance does it fail to effect a speedy and permanent cure. For sale by above named agents.

How few who think aright among the thinking few,

How many never think, but only think they do."

THE SENTIMENT IMPLIED

in the above exclamation is on no subject more fully exemplified than on that of health. But few give it a single thought, and fewer still reflect upon it with the observation and good sense which matters of minor consequence receive. As observation teaches the fact that Dr. Osgood's India Cholagogue is a never failing remedy in Fever and Ague, good sense would surely indicate its prompt and immediate use. For sale by the above named agents.

GREEN'S OXYGENATED BITTERS,

FOR THE CURE OF DYSPEPSIA, GENEAL DEBILITY, &c., &c., &c.

This medicine is an excellent tonic. It imparts health and vigor to the digestive organs and thus strengthens the whole system. Hence it is just the thing for Spring, when so many need something strengthening. Let every one read the following cases, and if they have one or more symptoms like those mentioned, don't fail to try this invaluable medicine.

Severe Case of Dyspepsia.

From R. P. STOW, Esq., Asst. Clerk U. S. House Representatives.

WASHINGTON, D. C., June 15, 1846.

Dr. Geo. B. GREEN:—Dear Sir—I feel it no only a pleasure, but a duty, to make known to you and to the public, (if you desire it), the surprising effects of the "Oxygenated Bitters," in relieving me from that most discouraging disorder, Dyspepsia. I have been afflicted for about seventeen years with the usual attendant symptoms, viz: constipation of the bowels, headache, pain in the chest, flatulence acidity of the stomach, and severe nausea; and for months at a time not the least particle of moisture would appear on the surface of the chest or limbs, and most of the time I was extremely bilious. I have used various remedies, have been strict in my diet, have been dosed with calomel and emetics day after day by physicians, but all to no good purpose. Hearing of the wonderful effects of the "Oxygenated Bitters," in the cure of Dyspepsia, I procured some as a last resort, have used four bottles of the medicine, and find the bowels all removed, and myself once more in the enjoyment of health. None but the Dyspeptic sufferer, who has felt all the horrors of the disease, can at all appreciate the value of the medicine. I most sincerely hope that all will make trial of the medicine, and with me be able to rejoice in the return of health.

Lady Cured of Neuralgia.

From Rev. THOMAS KIDDER, of Vermont.

WINDSOR, Vt., Aug. 8, 1846.

DEAR SIR:—It gives me great pleasure to inform you that the "Oxygenated Bitters," with which you furnished my wife, has wrought a cure in her case. About two years since, my wife was violently attacked with neuralgia in the face, through the chest, in the wrists and ankles. So violent was the disease, added to a general derangement of the female system, that her strength was completely prostrated, her flesh wasted, and she rendered miserable indeed. I feel grateful for the restoration of her health, and in duty bound to give publicity to the above facts, that others similarly afflicted may know where to seek for cure. Truly your friend, THOMAS KIDDER.

From Hon. MYRON LAWRENCE, of Mass.

"For some twenty years I had suffered severely from humoral Asthma. I was compelled to sit up one-third of the night, and the rest of the time my sleep was interrupted by violent fits of coughing and great difficulty of breathing. In all my attendance upon our courts I never went to bed in Northampton in twenty years but twice, and then was compelled to get up. Now I lie in bed without difficulty, and sleep soundly. I took the "Oxygenated Bitters," according to directions. The violent symptoms immediately abated, and perseverance in the use of the remedy has removed all its troublesome consequences. The value of such a remedy is incalculable, and I hope its virtues may be widely diffused and its beneficent agency extensively employed."
