**THE GREAT CURE**  
OF

**CHAS. G. JOHNSON,**  
of Bristol.

Who was pronounced incurably fixed in the last stage of Pulmonary Consumption, by two skillful Physicians.

Mr. Johnson was rescued from death's door by the use of Schneck's Pulmonic Syrup—having been prostrated all winter. His case was witnessed by several of the most respectable citizens of this state, whose names are appended to his certificate. Read! Read! and be convinced that Schneck's Pulmonic Syrup is the only certain cure for Consumption.

Bristol, Bucks county, Pa. }  
Sept. 21, 1849.

Dr. J. H. SCHNECK, Dear Sir,—I am induced from a sense of justice towards you, as well as duty to the public, to make known one of the most hopeless and extraordinary cures, in my own person, that you have ever had the pleasure to record. Indeed, I regret my inability to portray, in truthful colors, my consuming disease, and the remarkable chance which Schneck's Pulmonic Syrup effected in so short a time.

I was taken some time previous to December 1848, with a heavy cold, producing incessant coughing, accompanied with acute pain in the right side, pains in the back, under the right shoulder, having heavy night sweats, high fevers &c., which made me so nervous and restless as to produce utter prostration. All these afflictions increased with such violence, that on the 4th of January last I sent for my family physician. He attended me faithfully, and prescribed every thing that medical skill could suggest, but without effect. I found myself gradually growing worse, and my hopes of recovery lessening as my disease increased. My cough became distressing; my pains severe; and, extremely debilitated, I lost all ambition in life, and gave up to a melancholy depression. My physician examined me, and informed me I had an abscess on the upper part of my liver and lower part of one of my lungs. Notwithstanding all this skill, I grew worse, but with that tenacity with which we all cling to life, I concluded to leave nothing undone, and called in a consulting physician, who fully concurred with my own, and pronounced my case an extremely critical one. He thought I was in imminent danger—saying my disease "was one that is seldom if ever cured." All this time I was enduring sufferings that made life burdensome; experiencing great pain in coughing; expectorating from a pipe to a quart of nauseous matter every 24 hours, and gradually sinking under the weakness of my system. At this stage of my illness, my friends in Bristol suggested the use of Schneck's Pulmonic Syrup, but knowing the many expedients resorted to for the purpose of draining money from the afflicted, I hesitated. My friends, however, insisting, I commenced taking the Syrup about the first of March, and used several bottles before I had any confidence in it. I then began to experience a change for the better, and continued it till I had consumed ten bottles, when I was so far relieved as to be able to visit Dr. Schneck in Philadelphia. He examined me, and pronounced my right lung affected, but in a healing condition. He recommended the further use of the Syrup, which I continued till I consumed 15 bottles, and found myself once more restored to health. I will further add, that the consulting physician, seeing the action of the medicine, fully approved its use.

To give the reader some idea of the severity of my case, and the rapid cure effected by the Syrup, I will state that my usual weight in health was 177 pounds, which was finally reduced by my sufferings to but 121 pounds. Yet, on the first of this month, (September), I weighed 174 pounds, thus gaining in a few months 53 pounds, and within three pounds of my heaviest weight. It is not in my power to convey, in the short space of this certificate, the convincing proofs of my remarkable cure, or the particulars of the agonizing afflictions through which I have passed; but to those who will take the trouble to call on me, at Bristol, opposite Pratt's Hotel, I shall take pleasure in detailing every particular.

In conclusion, I deem it my duty to urge upon every person who may have the preliminary symptoms of this fatal disease, not to delay one hour, but to call upon Dr. Schneck immediately. His skill in the treatment of this complaint, and prompt detection of diseased parts of the lungs by means of his Stethoscope, added to my own miraculous cure, fully satisfied me, that had I earlier submitted myself to his care, I should have escaped much suffering; but restrained by doubts and suspicion, which made me all-naturally skeptical in regard to the virtues of a medicine when my friends till almost too late; and yielded only as a last resort, resolved to "kill or cure." To those afflicted as I have been, again let me say, hesitate no longer, my own case is presented to you as convincing evidence, that when all else fails your last hope is in Dr. Schneck's Pulmonic Syrup. I have also for the satisfaction of those who may be strangers to me, appended to this certificate the names of gentlemen well known in the walks of public and private life, and whose standing in society admits of no cavil or doubt in regard to their testimony.

CHARLES G. JOHNSON.  
We the undersigned, residents of Bristol and vicinity, are well acquainted with Mr. Johnson, and know him to have been afflicted as he states above. We also know that he used Schneck's Pulmonic Syrup, and have every reason to believe, that to this medicine he owes his preservation from a premature grave. The known integrity and position in society of Mr. Johnson however is a sufficient guarantee to the public of the truth of this statement.

CONTINUE to make Insurances on Lives on the most favorable terms; receive and execute Trusts and receive deposits on interest. The Capital being paid up and invested, together with accumulated premium fund, affords a perfect security to the insured. The premium may be paid in yearly, half yearly, or quarterly payments.

The Company add a BONUS at stated periods to the insurances for life. This plan of insurance is the most approved of, and is more generally in use, than any other in Great Britain, (where the subject is best understood by the people, and where they have had the longest experience,) as appears from the fact, that out of 117 Life Insurance Companies there, of all kinds, 87 are on this plan.

The first BONUS was appropriated in December 1844, amounting to 10 per cent. on the sum insured under the oldest policies; to 3-4 per cent., 7-12 per cent., &c. &c. on others, in proportion to the time of standing, making an addition of \$100; \$87.50; \$75, &c. &c. to every 1,000, originally insured, which is an average of more than 50 per cent. on the premiums paid, and without increasing the annual payment of the company.

The operation of the BONUS will be seen by the following examples from the Life Insurance Register of the Company, thus:

Policy.	Insured.	Bonus or Addition.	Amt. of pol. and bonus payable at the party's decease.
No. 58	\$1,000	\$100.00	\$1,100.00
