The Judges of the Supreme Court shall hold their offices for the term of fifteen years, if they shall so long behave themselves well, (subject to the allotment hereinafter provided for subsequent to the first election); the President Judges of the several Courts of Common Pleas, and of such other Courts of Record as are or shall be established by law, and all other Judges required to be learned in the law, shall hold their offices for the term of ten years, if they shall so long behave themselves well; the Associate Judges of the Courts of Common Pleas shall hold their offices for the term of five years, if they shall so long behave themselves well; all of whom shall be commissioned by the Governor, but for any reasonable cause, which shall not be sufficient grounds of impeachment, or of removal from any of them, on the address of two-thirds of each branch of the Legislature. The first election shall take place at the general election of this Commonwealth next after the adoption of this amendment, and the commissions of all the Judges who may be then in office shall expire on the first Monday of December following, when the terms of the new Judges shall commence. The persons who shall then be elected Judges of the Supreme Court shall hold their offices as follows: One of them for three years, one for six years, one for nine years, for one or twelve years, and one for fifteen years, the term of each to be decided by lot by the said Judges, as soon after the election as convenient, and the result certified by them to the Governor, that the commissions may be issued in accordance thereto. The Judge whose commission will first expire shall be Chief Justice during his term and thereafter each Judge whose commission shall first expire shall in turn be the Chief Justice, and if two or more commissions shall expire on the same day the Judges holding them shall decide by which of them shall be the Chief Justice. Any vacancies, happening by death, resignation or otherwise, in any of the said courts, shall be filled by appointment by the Governor, to continue till the first Monday of December succeeding the next general election. The Judges of the Supreme Court and the residents of the several Courts of Common Pleas shall, at stated times, receive for their services an adequate compensation, to be fixed by law, which shall not be diminished during their continuance in office; but they shall receive no fees or perquisites of office, nor hold any other office of profit under this Commonwealth, or under the government of the United States, or any other State of this Union. The Judges of the Supreme Court, during their continuance in office, shall reside within this Commonwealth; and the Associate Judges, during their continuance in office, shall reside within the district or county for which they were respectively elected.

**FEVER & AGUE**  
Chill Fever, Dumb Ague, Intermittent & Remittent Fevers & all the various forms of Bilious Diseases  
SPEEDILY & THOROUGHLY CURED  
By Dr. Osgood's India Cholagogue

THIS excellent compound, which never fails in the cure of Fever and Ague, is for sale by the proprietor's agents, THOS. READ & SON, Huntingdon; L. G. KESSLER, Mill Creek; J. H. SKINNER, Water Street.  
What is the cause of this malarious, jaundiced eye, depression of spirits, pain in the side and shoulder, weariness of body, bitter taste in the mouth? Such is the inquiry, and such the symptoms of many a sufferer. It is the liver which is affected, and the Cholagogue is the remedy, always successful in curing it.—Try it, and judge for yourselves. For sale by the above named agents.  
TORTURED from day to day with this horrible Ague, exclaims the poor sufferer whose life has become a burden to him, from the racking paroxysms of an intermittent, and whose confidence in human aid is destroyed by the failure of remedies to produce the promised relief. Such has been the situation of thousands who are now rejoicing in all the blessings of health, from the use of Dr. Osgood's India Cholagogue. In no instance does it fail to effect a speedy and permanent cure. For sale by above named agents.  
How few who think aright among the thinking few?  
How many never think, but only think they do?  
The sentiment implied in the above exclamation is on no subject more fully exemplified than on that of health. But few give it a single thought, and fewer still reflect upon it with the observation and good sense which mark the minds of those who receive. As observed in the fact that Dr. Osgood's India Cholagogue is a never failing remedy in Fever and Ague, good sense would surely indicate its prompt and immediate use. For sale by the above named agents.

**THE GREAT CURE**  
OF Charles G. Johnson, of Bristol, who was pronounced incurably fixed in the last stage of pulmonary consumption, by two skillful physicians.

Mr. Johnson was rescued from death's door by the use of Schneck's Pulmonic Syrup—having been prostrated all winter. His case was witnessed by several of the most respectable citizens of this state, whose names are appended to his certificate. Read! Read! and be convinced that Schneck's Pulmonic Syrup is the only certain cure for Consumption.  
Bristol, Bucks county, Pa.  
Sept. 21, 1849.

Dr. J. H. SCHNECK.—Dear Sir,—I am induced from a sense of justice towards you, as well as duty to the public, to make known one of my most precious and extraordinary cures, in my own person, that you have ever had the pleasure to record. Indeed, I regret my inability to portray, in truthful colors, my consuming disease, and the remarkable chance which Schneck's Pulmonic Syrup effected in so short a time.  
I was taken some time previous to December 1848, with a heavy cold, producing incessant coughing, accompanied with acute pain in the right side, pains in the back, under the right shoulder, having heavy night sweats, high fevers &c., which made me so nervous and restless as to produce utter prostration. All these afflictions increased with such violence, that on the 4th of January last I sent for my family physician. He attended me faithfully, and prescribed every thing that medical skill could suggest, but without effect. I found myself gradually growing worse, and my hopes of recovery lessening as my disease increased. My cough became distressing; my pains severe; and, extremely debilitated, I lost all ambition in life, and gave up to a melancholy depression. My physician examined me, and informed me I had an abscess of the upper part of my liver and lower part of one of my lungs. Notwithstanding all this skill, I grew weaker and weaker with that tenacity with which we all cling to life. I concluded to leave nothing undone, and called in a consulting physician, who fully concurred with my own, and pronounced my case an extremely critical one. He thought I was in imminent danger—saying my disease "was one that seldom if ever cured." All this time I was enduring sufferings that made life burdensome; experiencing great pain in coughing; expectorating from a pint to a quart of nauseous matter every 24 hours, and gradually sinking under the weakening progress of my disease. At this stage of my illness, my friends in Bristol suggested the use of Schneck's Pulmonic Syrup, but knowing the many expedients resorted to for the purpose of draining money from the afflicted, I hesitated. My friends, however, insisting, I was prevailed upon to try its virtues. I commenced taking the Syrup about the first of March, and used several bottles before I had any confidence in it. I then began to experience a change for the better, and continued it till I had consumed ten bottles, when I was so far relieved as to be able to visit Dr. Schneck in Philadelphia. He examined me, and pronounced my right lung affected, but in a healing condition. He recommended the further use of the Syrup, which I continued till I consumed 15 bottles, and found myself once more restored to health. I will further add, that the consulting physician, seeing the action of the medicine, fully approved its use.  
To give the reader some idea of the severity of my case, and the rapid cure effected by the Syrup, I will state that my usual weight in March was 177 pounds, which was finally reduced by my sufferings to 121 pounds. Yet, on the first of this month (September), I weighed 174 pounds, thus gaining in a few months 53 pounds, and within three pounds of my original weight. It is not in my power to convey, in the short space of this certificate, the convincing proofs of my remarkable cure, or the particulars of the agonizing afflictions through which I have passed; but to those who will take the trouble to call on me, at Bristol, opposite Pratt's hotel, I shall take pleasure in detailing every particular.  
In conclusion, I deem it my duty to urge upon every person who may have the preliminary symptoms of this fatal disease, not to delay one hour, but to call upon Dr. Schneck immediately. His skill in the treatment of this complaint, and prompt detection of diseased parts of the lungs by means of his Sphygmometer, combined with his miraculous cure, fully satisfied me, that had I earlier submitted myself to his care, I should have itched much suffering; but, not trusting my doubts and suspicion, which made us all naturally skeptical in regard to the virtues of a medicine when first introduced, I resisted the importunities of my friends till almost too late; and yielded only as a last resort, resolved to "kill or cure." To those afflicted as I have been, again let me say, hesitate no longer, my own case is presented to you as convincing evidence, that when all else fails your last hope is in Dr. Schneck's Pulmonic Syrup. I have also for the satisfaction of those who may be strangers to me, appended to this certificate the names of gentlemen well known in the walks of public and private life, and whose standing in society admits of no cavil or doubt in regard to their testimony.  
CHARLES G. JOHNSON.

We the undersigned, residents of Bristol and vicinity, are well acquainted with Mr. Johnson, and know him to have been afflicted with Schneck's Pulmonic Syrup, and have every reason to believe, that to this medicine he owes his preservation from a premature grave. The known integrity and position in society of Mr. Johnson however is a sufficient guarantee to the public of the truth of this statement.

WHY SO OFTEN UNHAPPY?  
THE CAUSES AND THE REMEDY!  
MANY and many a wife endures years of bodily suffering and of mental anguish, prostrate and helpless, embittering her life, that of her husband, and hazarding the future welfare of her children, arising from causes which, if known, would have spared the suffering, the strength to the wife, and the husband embarrassment, and the peace of mind, and the health of the origin in the mind being weighed down and harassed in consequence of the sickness of the companion of his bosom.  
How important that the causes should be known to every wife, to every husband, that the dreadful and harrowing consequences to the health and happiness of both may be avoided! Life is too short and health too precious to admit any portion of the one to be spent without the full enjoyment of the other. The timely possession of a little work entitled as follows has been the means of saving the health and the life of thousands, as over

**SICKLY AND UNHAPPY WIVES.**  
Extract of a Letter from a Gentleman in Dayton, O.  
"DAYTON, May 1, 1847."  
"DR. A. M. MAURICEAU, My Dear Sir:—The Married Woman's Private Medical Companion, for which I enclosed one dollar to your address, came safely to hand. I would not have troubled you with these few lines, but that I am impelled by a sense of gratitude, for myself and family, to give utterance to our sincere and heartfelt emotions.  
"My wife has been perceptibly sinking for some three years or more, in consequence of her great anguish and suffering some months before and during confinement; and her illness has been such as to debilitate and prostrate her, putting her life in imminent danger, and which was, on the last occasion, deemed of me. I supposed that this state of things was inevitable, and resigned myself to meet the worst. At this time (now about two months) she has become much better, and her spirits are so improved, that she is now able to do her usual household work. On its receipt and perusal, I can not express to you the relief it afforded my distressed mind, and the joy it imparted to my wife, and my own. I am glad to say that I have been learning that the great discovery of M. M. Mauriceau which I little conceived was possible. No pecuniary consideration can ever repay the obligations I am under to you for having given to me the means of imparting to us the matters contained in 'The Married Woman's Private Medical Companion.' But for this, ere another year would have passed over my head, in a quiet and happy manner, my wife would have been in her grave, and my children left motherless."

**Competence and Health.**  
"LANCASTER, Pa. Oct. 24, 1847."  
"MY DEAR SIR: I know not how to express my readiness to bear with me in ennobling upon your time, while I acknowledge (in behalf of myself and wife) the obligations we feel ourselves under to you in having made known to us the means of procuring the most invaluable 'Married Woman's Private Medical Companion.' It has been worth its weight in gold to me. If I express myself rather warmly, you will understand that I can not do so too warmly, when I inform you of the extent to which I have been benefited. I will state my situation when I obtained your book through the merest curiosity. I look upon it as one of the most fortunate events of my life. I have been married several years, and have been the father of seven children. I was long struggling incessantly to the end that I might gain a moderate competency, but the results of my utmost exertions at the end left me about where I was at the beginning of each year; and that only, with the most anxious perseverance, and with barely the necessities of life. Finally, this constant effort was beginning to have its effect upon my health; I felt less capable to endure its continuance, and my mind was becoming more and more impatient, in consequence of the protracted condition of my wife (with occasional intermission) for six years, much of the time confined to her bed, and of course incapable of taking the management of household affairs. Her condition arose from causes of which I was ignorant. Oh! what would I have given had I the six years to live over again! What would I not have given to have been spared the long days and still longer nights prostrate on a bed of sickness!—all of which would have been avoided, had I then seen a copy of 'THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION.'"  
From a Physician.

**DANGEROUS DELIVERIES, OBSTRUCTIONS, IRREGULARITIES, &c.**  
How many are suffering from obstruction or irregularities peculiar to the female system, which determine their health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice? How many suffer from proflapsus uteri (falling of the uterus), from dysmenstrua (weakness, debility, &c., &c.)! How many are constrained for many months preceding confinement! How many have difficulty if not dangerous deliveries, and whose lives are jeopardized during such time, will find in its pages the means of prevention, amelioration, and relief!

I trust every female will avail herself of the information contained in its pages."
