

**From New Mexico.**  
Intelligence has been received from Santa Fe, via St. Louis to the 16th ult. The election on the 20th June resulted in the choice of Dr. Henry Connelly, for Governor, and Emmanuel Alvarez, for Lieut. Governor. Members of the Legislature were also elected, and that body had convened at the time appointed by the State Constitution, when some curious scenes were enacted. The parties are divided, one advocating a territorial, and the other a State Government. A member of the Senate presented his credentials and was admitted, but it being afterwards found that he would not vote with the majority, he was excluded from taking his seat, and his opponent admitted. Hereupon a number of the Senators and Representatives withdrew, leaving the House without a quorum. The remaining members took upon themselves the responsibility to fill the vacant seats with men enough to form a quorum, and proceeded with the business. Major K. H. Whitman and Major F. A. Cunningham, both late paymasters in the United States Army, were elected United States Senators.

**PROFESSOR WEBSTER.**—We are assured, says the New York Tribune, upon good authority, one who professes to know, that Professor Webster has made another and full confession, in which he admits the premeditated murder of Dr. Parkman, thus falsifying his previous statements. This confession is in the hands of the authorities, but will not be made public until after the execution.

**A Self-acting Saw Mill.**  
The St. Louis Republican gives an account of a saw mill constructed on a new and singular principle. The inventor is Mr. Amos Jackson, of Potowatamie county, Iowa. The mill derives its power from the weight of the log to be sawed.—The ways on which the carriage travels are fixed on bearings that enter into the frame; the opposite ends are provided with large segments of a cog wheel working into a series of cog wheels and pinions; thus when the log is pushed forward to the saw, its weight is brought to act with great force through the segments of a shaft, having several intermediate gears to increase the speed sufficiently for driving the crank shaft. The price of these mills is said to be light compared with others, and they can be attached to wheels for travelling through the country.

**A MANIFEST DESTINY MAN.**—A man named Henry Ray was arrested in New York on Monday, for smashing the city lamps. By his own confession, he had broken no fewer than twenty-eight, before he was taken up. He said he could give no reason for his conduct, further than "he felt something within him, telling him that it was his destiny to break lamps;" but the police magistrate tho't his manifest destiny lay in quite another direction, and so he was sentenced to the penitentiary to break stone for three months.

**South Carolina in Agony.**  
The Charleston Mercury has an article headed "Consolidation, Abolition, and the Bayonet," a real blood and thunder article. The President's message on the Texas question is execrated as atrocious and shameful. It is stigmatized as another Force Proclamation, and as a means, not for maintaining a Turf, but for securing what is infinitely more to be abhorred, the triumph of abolition. "The times that try men's souls," the Mercury says, "are fast approaching, and the South must soon know who are the true men and who are the traitors within her limits." No doubt of it! —Lancaster Examiner

**FRUITFUL MOTHER.**—The census-taker, in the western part of Sciota county, Ohio, informs the editor of the Portsmouth Dispatch, that he visited a family in which the mother had recently given birth to her twentieth child! He says it was a sight worth beholding to see the youngsters running about the house, ranging from small to great like the pipes of an organ.

**Hon. JOHN SNYDER,** brother of the Whig candidate for Auditor General, died at his residence in Union county, last week. Mr. Snyder represented his district in Congress, and has figured conspicuously in the politics of his region.

**The Whigs of Union county** have nominated JAMES ARMSTRONG, Esq., of Williamsport, as the Whig candidate for Congress in the 13th district. Mr. Armstrong is one of the ablest men in the district, and personally very popular.

**PROTESTING IN THE SENATE.**—During the debate in the Senate on receiving the protest of the Southerners against the California bill, a fact of some importance was stated on the authority of a letter from Mr. Madison, viz: that a proposition was made in the Federal Convention to give the Senate the power of a protest, and it was rejected.

**The Warren Ledger** perpetrates the following pun:—"It is said that although Daniel Webster has filled many honorable and important stations, he has now gone to Fill-more."

**It is said that the guns** fired over the grave of President Taylor belong to Sedwick's Flying Battery. They were used in his fight with Mexico. Three of them opened the battle of Palo Alto, and the other four were the last fired at Buena Vista.

**A DOOMED FAMILY.**—A colored family residing in Uniontown, Pa., consisting of six persons, have, nearly all been swept away by cholera.—First, a daughter died; on Saturday the husband and on Sunday the mother and a grand-child were consigned to the tomb.

**Some queer chap says** that grain is treated like infants—when the head becomes heavy, it is cradled; and generally it is well thrashed to make it fit for use.

**NEW ORLEANS.**—The Picayune of the 10th inst. states that there is no yellow fever in that city, but intermittent and other fevers prevail. The admissions to the Charity Hospital on the 9th, amounted to 81, and the number of patients already in it was over nine hundred.

**ADJOURNMENT OF CONGRESS.**—The adjournment of Congress begins to be talked of as an event that may possibly take place about the 1st of October next.

**A NATIONAL EDUCATION MEETING** will be held in Philadelphia on Wednesday next, (to-morrow) the 28th instant.

**CAPT. ALDEN PARTRIDGE,** of Vt., (formerly of Harrisburg) is out with a card, offering himself as a candidate for the Presidency.

**From Washington.**  
WASHINGTON, Aug. 23.—A Conference of the friends of the Tariff was held last night. They fully agreed to the necessity of a change in the present system, and as to the principles on which it should be accomplished.

A bill is ready to be introduced into the House on the subject, but the time & mode of its introduction will depend on circumstances. Perhaps it will be moved as an amendment to the new Appropriation bill. The Boundary bill is evidently losing friends daily.

**Coral Bracelets** are in fashion in Europe. Some ladies wear bracelets of green or black velvet ribbon, fastened by a clasp. Some ladies wear coral and velvet bracelets on the same arm.

It is estimated that the number of emigrants that will reach this country from Europe, during the present year, will exceed 250,000.

**MONEY MATTERS.**  
Counterfeit 10's of the Farmers and Drivers Bank, Waynesburg, Pa., old plate, are about their general appearance is good. The color of the paper is lighter. The die work generally is light and imperfect. The farmer's boy on the right of the note looks as if the tail of his plow had knocked in his left eye. The principal male figure in the centre vignette wears a very equivocal looking face for the business he is at—which appears to be a sort of rural courtship!

**MARRIED.**  
On the 15th inst., by the Rev. A. A. Anderson, Mr. HENRY DECKER, and Miss REBECCA JANE BARBER, all of this county.  
On Saturday, 17th inst., by N. Mahaney, Esq., Mr. GEORGE GEHRHART, of Huntington, and Miss ELIZABETH KANE, of Lewistown.

**WELCH'S NATIONAL CIRCUS!**  
Re-organized, and being a combination of two Companies, Equestrian and Dramatic!  
THIS Novel combination and Double Troupe will perform at HUNTINGDON, on FRIDAY, 20th of September, for one day only, afternoon and evening. Afternoon performance commencing at 2 1/2 o'clock, in the Evening at 7 o'clock. Doors open half an hour previous. Admission 25 cents to each Entertainment.

In the Equestrian department, one of the leading and most novel novelty the most striking feature, are the wonderful exploits of the WILD RIDERS, EATON STONE. This extraordinary equestrian of whose skill and daring words have been written wherever he has performed, appears in two distinct acts of horsemanship in neither of which does he use saddle or bridle on his superb steeds, though they are both as wild and apparently untameable as when first lassoed by him on the Pamperns of South America.—Their leaps are truly terrific, and it is impossible to describe the sensations of the beholder as he watches the motions of horse and rider, which are in perfect unison, and which convey to the mind a strong picture of the Centaurs of Heathen Mythology.

Master T. NEVILLE is another of the stars which form the brilliant Galaxy of Talent of which this great company is composed.
