best medicine for the cure of Rheumatism, Iryspipelas, Tetter, Toothache, Cramps, Spasns, cholic, burns and scalds, bowel complaints, quincy, croup and sore threat, inflamation, &c. Read the following certificate:

For the benefit of sufferers like me and others, I do freely declare the following facts:—I have suifered more or less for twenty years with the most desperate Rheumatism, and also for 18 years at times with most desperate pain in the stomach, which at times seemed to expand as if it would burst; also for many years! was terribly troubled with cramps in my legs—indeed I can't describe all my sufferings for so long a time. I could do no business for the last ten years, nor had I a single good ingirt's sleep for the last five years. I never could find any relief worth mentioning, until last November, when I met with the Extract of American Oil, and to my no little surprise I got relieved of all in a short time and to this day. I respectfully invite all who choose to cal and see me upon the matter; such I can tell much more. I can say it has done wonders on others around me in various complaints. If ever an article was put out honestly, this is one. I know it sells rapidly here. No family in the land will be without it when they one know its use.

HUNTINGON, March 11, 1850.

I do hereby certify to the following facts:—
That I have suffered for five years past with pain in my back, spine and kidnies, and never received any relief but by bleeding, for a few days only. Last November I got a bottle of the Extract of American Oil, I used it inwardly, and to my surprise it removed the complaint in a short time. From what I have seen and heard of its wondrous effects upon others in desperate cases, I can freely recommend it, and believe it to be worthall the humbugs in the land, and do believe it will do all for what it is so highly recommended.

and do believe it will do all for what it is so highly recommended.

LEWISTOWS, March 1850.

I never before gave a certificate, but this I give with a clear conscience for the benefit of sufferers like myself. I suffered with the Erysipelas or St. Antony's Fire, mixed with Tetters, so pronounced by my doctor, for 12 years. The suffering I endured is beyond description. At times all my hair came off my head. During this time I had no relief for more than a few days at a time. Last October I got a bottle of the Extract of American Oil, used it inwardly and outwardly, and to my great astonishment and my neighbors, I got clear of it in a short time, and to this time I have noticed its wondrous effects on other desperate complaints. I do assure my friends and the public that it is indeed a wonderful thing for many complaints. I invite all whochoose to visit me in Lewistown. FEVER&AGUE Chill Fever, Dumb Ague, Inter mittent & Remittent Fevers & all the various forms of Bilious Diseases SPEEDILY & THOROUGHLY OF Dr. Osgood's India Cholagogus

THIS excellent compound, which never fails in the cure of Fever and Ague, is for sale by the proprietor's agents, Thos. Read & Son, Huntingdon; L. G. Krssler, Hill Creek; J. H. Striner, Water Street.

"What is the cause of this sallow complexion, jaundiced eye, depression of spirits, pain in the side and shoulder, weariness of body, bitter taste in the mouth? Such is the inquiry, and such the symptoma of many a sufferer. It is the liver which is affected, and the Cholagogue is the remedy, always successful in curring it.—Try it, and judge for yourselves. For sale by the above named agents.

"Better De Taran Live If I am to be tortured from day to day with this horrible Ague, exclaims the poor sufferer whose life has become a burden to him, from the racking paroxysms of an intermittant, and whose confidence in human aid is destroyed by the failure of remedies to produce the promised relief. Such has been the situation of thousands who are now rejoicing in all the blessings of health, from the use of Dr. Osgood's Indian Cholagogue. In no instance does it fail to effect a speedy and permanent cure. For sale by above named agents. How few who think aright among the thinking few;

"The sentiment implied in the above exclamation is on no subject more fully exemplified than on that of health. But few give it a single thought, and fewer still reflect upon it with the observation and good sense which matters of minor consequence receive. As observation teaches the fact that Dr. Osgood's Indian Cholagogue is a never failing remedy in Fever and Ague, good sense would surely indicate its prompt and immediate use. Mr. Johnson was rescued from death's door by the use of Schneck's Pulmonic Syrup—having been prostrated all winter. His case was witnessed by several of the most respectable citizens of this state, whose names are appended to his certificate. Read! Dr. J. H. Schneck, Dearsit,—Tam induced from a sense of justice towards you, as well as duty to the public, to make known one of the most hopoless and extraordinary cures, in my own person, that you have ever had the pleasure to record. Indeed, I regret my inability to portray, in truthful colors, my consuming disease, and the remarkable chance which Schneck's Pulmonary Syrup effected in so short a time. I was taken some time previous to December 1848, with a heavy cold, producing incessant coughing, accompanied with acute pain in the right side, pains in the back, under the right shoulder, having heavy night sweats, high fevers &c., which made me so nervous and restless as to produce utter prostration. All these affictions increased with such violence, that on the 4th of January last I sent for my family physician. He attended me faithfully, and preseribed everything that medical skill could suggest, but without effect. I found myself gradually growing wyrse, and my hopes of recovery lessening as my disease increased. My cough became distressing; my pains severe; and, extremely debilitated, I lost all ambition in life, a and gave up to a melanchyl depression. My physician examined me, and informed me I had an absess on the upper part of my liver and lover part of nor of inylungs. Notwithstanding all this skill, I gree worse, but with thattenacity with which we all cling to life, I concluded to leave nothing undone, and called with my own, and pronounced my case an extreme

Extract of a Letter from a Gentleman in Dayton, O.

"DATON, May 1, 1847.

"Dr. A. M. MAURICAR—My Den Sir: The Married Woman's Frivate Medical Companion," for which I enclosed one dollar to your address, came as fely to hand. I would not have troubled you with these few lines, but that I am impelied by a sense of gratitude, for meel the motion of the sense of gratitude, for meel the motion of the sense of gratitude, for meel the motion of the sense of gratitude, for meel the sense of grating of the sense three years or more, in consequence of her great anguish and suffering some months before and during confinement; every successive one more and more debiliteted and pressrated her, putting her life in imminest danger, and which was, on the last occasion, despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. At this time flow about two months J heardy our book highly spoken of as containing some matters reaching my case. On its receipt and persast, I can not express to you the relief it advired my distressed mind and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Desomesux provided a remedy was possible. No yecuniary consideration can ever repay the obligations I am under to you for having been the means of imparting to us the matters contained in 'The Married Woman's Private Medical Companion.' But for this, ere another year would have passed over my head, in all human probability my wife would have been in her grave, and my children left motherless.''

Letters are daily received of this character, unnecessary to present.

To those yet unmarried, but contemplating marriage, or perhaps hesitating as to the propriety of incurring the responsibilities attendant upon it, the importance of being possessed of the revelations contained in these pages, so intimately involving their future happiness, can not be appreciated.

It is, of course, impracticable to convey more failly the various subjects treated of, as they are of a nature strictly intended for the married, or those contemplating marriage, neither is it becessary, since it is every one's duty to become possessed of knowledge whereby the sufferings to which a wife, a mother, or a sister, may be subject, can be obviated.
