ADAM HOLLIDAY, Esq.—We neglected last week to return our thanks to this gentleman for his exertions, in getting out the whig vote at the election.

The next President.

Pennsylvania has already declared her preference for the next Whig Presidential candidate, and we suppose there will be no attempt to introduce any other one to the consideration of the Whigs of this State, for nomination.

We are a friend and admirer of the administration of Mr. Fillmore, and although we believe it to be one of rare prudence, vigor, ability and patriotism, still its head could not command the enthusiastic support by the people, which would be accorded to Gen. Scott, and while we support the latter we detract nothing from the former.

CHARLES GILPIN, Esq., (Whig) has been elected Mayor of Philadelphia by over 5,000 majority; also the Whig Council ticket, and members of Assembly.

Potatoes throughout the west this year appear to be a failure. They are at present retailing at one dollar a bushel, at Galena, Illinois.

The Union Committee of New York.

We observe that a small body of persons calling themselves the Union Committee of New York have nominated a ticket for the State offices, composed of persons selected from the Whig and Democratic nominees, with sole reference to their unqualified adherence to the compromise measures.

It is well known that each of the great parties in New York is composed of two formidable factions, that they harmonized at their late conventions and that the democratic and whig parties each presented tickets for the support of the people of the State of New York composed of persons belonging to both factions of the respective parties.

England and Cuba.—A special correspondent of the North American says that a communication was recently addressed to our Government by Lord Palmerston, respecting expeditions fitted out in the United States against Cuba in violation of the spirit of treaty stipulations.

Distressing Event.

A fire broke out in the Orphan Asylum at Cincinnati, on the 15th inst., and the whole building was consumed. The fire was communicated from the stove-pipe, and burnt with great rapidity.

CHARLES GILPIN, Esq., (Whig) has been elected Mayor of Philadelphia by over 5,000 majority; also the Whig Council ticket, and members of Assembly. Potatoes throughout the west this year appear to be a failure.

Ohio Election.

The Locofocos have succeeded in electing their State ticket in Ohio. Their candidate for Governor, (Wood) who is a Free Soiler, and denounces the Fugitive Slave Law, has about 20,000 majority over Mr. Vinton, "National Whig."

Immensity of Space.

Imagine a railway from here to the sun. How many hours is the sun from us? Why, if we were to send a baby in an express train, going incessantly a hundred miles an hour without making any stoppages, the baby would grow to be a boy—the boy a man—the man would grow old and die, without seeing the sun, for the sun is more than a hundred years from us.

The Crystal Palace Closed.

The World's Fair is over. The Crystal Palace closed to the public on the 11th, and was closed entirely on the 15th, the intermediate four days having been allowed to the juries to report.

The Swan of Africa.

A new impulse is about to be given to the musical furor. A new candidate for fame in the world of song has arisen in the West. It is a bird of African extraction, though not exactly a black bird; and she has spread her wings under the euphonious title of the "Black Swan."

Fun Ahead.

There is going to be some fun between the friends of the two favorite sons of Pennsylvania—Buchanan and Dallas. Buchanan is in favor of placing the slave line at 36 30, clear across the continent.

A Significant Fact.

The opposing cliques of the Locofoco party in Lancaster county could not agree in nominating candidates for Senators. The result was that the Buchanan wing supported Mr. Boughter, the candidate nominated by their friends in Lebanon, and the Frazier wing supported Mr. Echternacht, the candidate nominated by the Frazier Convention.

New Music.

"The Campbells ain't Coming,"—is the name of a new march which has just been issued, and may be had at the office of the "Pennsylvanian." The words are by Gen Cameron, set to music by Col Frazer.

OHIO.—In this State the locofocos have succeeded in electing their whole State ticket. Their candidate for Governor, Wood, is a Free Soiler and does not hesitate to denounce the Fugitive Slave Law.

Queen of Spain Wants War.

The New York Sun, on the authority of a private letter from Madrid, states that her august ladyship, the Queen of Spain, in reply to a petition from a Cuban, for certain concessions to that ill-governed island, said that she deeply regretted that she was not the mistress of her own desires or she would at once declare war against the United States, come what might.

Retired.

Sir Henry L. Bulwer has retired from the British mission at Washington, and it is said, is to receive a European appointment.

Revolution in Mexico.

By the steamer Yacht, at New Orleans, we have later intelligence from Northern Mexico. The operations of the liberating army were still successful. They captured one gun and a quantity of other arms.

Intelligence has been received at New Orleans from Vera Cruz up to the 4th inst. Governor Letcher arrived there on the 1st inst., and proceeded immediately to the Capital. Accounts from the City of Mexico to the 7th inst., represent the Government to be in much confusion.

Later advices from Rio Grande had come to hand.—The Sheriff of San Francisco, (Mexico), had arrested two of the negroes of Wild Cat, one of whom is Goff John, a leader in the Florida War, but who was freed by treaty stipulations.

Philadelphia Collectorship.

It is again rumored at Washington that there will shortly be important changes made in the offices at Philadelphia—probably the Collector, Surveyor and other prominent officers. Another account says that this rumor is a mere fabrication.

Division of California.

The division of the State of California continues to be agitated there, and the project gains ground daily. A convention of the friends of the movement has been called. The ostensible object of the division is to secure a Territorial Government for the Southern country, and its relief from its share of the pecuniary burdens of the State Government.

The Central Railroad.

The Pittsburgh Commercial Journal says that in about two weeks from this time, passengers and baggage cars will be put upon the road for the purpose of running between that city and Wilkinsburgh, and adds that the improvement will be in active use as far as Lockport in December next.

Consequences of the Election.

It was maintained by the Whigs of Pennsylvania throughout the late Campaign, that the success of Col. RIGLER would be regarded all over the Union as "another bold impulse given to the cause of Free Trade."

The return to the Pennsylvania election the result may be considered as decisive against a revision of the tariff at the next session of Congress. Governor Johnston, the defeated Whig candidate, made the tariff a distinct issue before the people, in his various addresses before the election, throughout the State—and he called upon them to declare by their votes whether they were satisfied with the present tariff, or whether they desired more efficient protection, particularly on coal, iron and other manufactures of Pennsylvania.

With regard to the effects of these elections on the prospect of the democratic candidates for the Presidency, we should say that the result in Pennsylvania is highly favorable to Mr. Buchanan, whose favorite nominee for Governor is elected by so large a majority.

Proclamation.

To that gracious Giver, to whom belong "the Earth and the fullness thereof," for these manifold evidences of his beneficence, the Citizens of this Commonwealth owe public demonstration of their humble dependence and adoration, and of their heartfelt gratitude and thanksgiving.

Election of Judges.

The Whigs have carried their entire Judicial ticket in Philadelphia city and county. Daniel M. Smyser, (Whig), is elected President Judge in the Bucks and Montgomery districts; Robert J. Fisher, (Dem.) in the York and Adams district; Jas. H. Graham, (Dem.) in Cumberland, Perry and Juniata; Henry G. Long, (Whig), in Lancaster; Townsend Haines, (Whig), in Delaware and Chester; John J. Lines on the Death of Annis P. Baldwin.

Fair bud of promise! with the opening bloom, Folded in quiet beauty 'round thy heart; We mourn, to give each brightness to the tomb; To deem thee, from this earth, a thing apart.

Harp of sweet melody! whose blessed tone Around thy home in silvery accents fell; Naught can restore that murr'ring music gone; No sound on earth thy gentle accents tell.

And we no longer on its billows toss'd, In that best clime, that glorious, deathless shore, We yet may find the early lov'd and lost; That there, each golden link from Love's bright chain.

Thanksgiving Day.

By the following proclamation of Gov. Johnston, it will be seen that he has set apart Thursday, Nov. 27th, for Thanksgiving Day. The same day has been fixed upon by the Governors of the New England States, New York and several others;—

Pennsylvania, SS.—In the name and by the authority of the Commonwealth of Pennsylvania. By WILLIAM F. JOHNSTON, Governor of the said Commonwealth.

A Proclamation.

The promise that "seed time and harvest shall not cease" has again been fulfilled;—A God of infinite goodness has watched over and cared for us, as a People, during another year; Plenty has poured her Treasures into our Garners;—Peace has presided over our councils, and Health and Happiness have been universally enjoyed;—Civil and religious liberty has been more widely spread and the foundations of those Institutions which our Fathers laid, have been deepened and strengthened by the Providence thus vouchsafed to us.

Thursday, the 27th day of November, next.

as a day of general THANKSGIVING throughout the State; and I hereby recommend and earnestly invite all the good People of this Commonwealth to a sincere and prayerful observance of the same.

GIVEN under my hand and the Great Seal of the State, at Harrisburg, this twenty-first day of October, in the year of our Lord, one thousand eight hundred and fifty one, and of the Commonwealth the seventy-sixth.

By the Governor, A. L. RUSSELL, Secretary of the Commonwealth.
