The attention of the Public is invited to this improvement in Corn Shellers, which is acknowledged to be far superior to any other, being on an entirely new principle shelling the Corn lengthwise of the ear, the cob passing straight through without revolving, thereby requiring no gearing to increase its speed, which adds so materially to the cost of other machines. Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

The Bitters have been used by thousands, and a frie at our elbow says he had himself received an effit taal and permanent cure of Liver Complaint fir the use of this remedy. We are convinced the in the use of these Bitters, the patient constangins strength and vigor—a fact worthy of graconsideration. "It is seldom that we recommend what are termed Patent Medicines, to the cofidence and patronage of our readers; and therefore when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself.

Evidence upon evidence has been received (like Evidence upon evidence has been received not the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the prac-tice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be esablished, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this Medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomed in all bilious dis-coacs—the effect is immediate.
