The editor said, Dec. 22nd

Dr. Hogdnards Celebrated German Bitters for the care of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debitity, is deservedly one of the most popular medicines of the day. These Bitters have been used by thonsands, and a friend at our elbow says he had himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in tast and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

"SCOT'S WEEKLY," one of the best Literary papers published, said Aug. 25—
"Dr. HODMLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be esablished, and fully proving that a scientific preperation will meet with their quiet approval when presented even in this form.

That this Medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilions discasses—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.
