Birmingham Female Seminary.
The liberal patronage which this School has received in the past, encourages the proprietor and friends of female education, to expect by proper exertion to make it both a permanent and important Institution; and no pains will be spared to sustain its growing reputation.
Among other considerations which inspire hope as to its future success, the location is not unimportant. Three years actual experiment has developed a more philosophical, if not a truer reason for the existence of Birmingham than many which have been assigned—that it is the situation for a Female Seminary, surrounded as it is by mountains and scenery—retired—healthy—easy of access and in itself a place where one might almost grow wise in the study of Nature alone unmolested by the works of Art.
The school year is divided into two Sessions of twenty-two weeks each; the summer term commencing the last Tuesday in April, the winter term the last Tuesday in October.
Changes of date from time of entering, and no deductions made for absence except in case of sickness.
Tuition \$4.00 and \$5.00 per quarter—Boarding \$1.50 per week. Music, Latin, French, Drawing, &c., extra.
