\$1,000,000 Saved Yearly by Purchasing SILVER'S MINERAL PAINTS

The wonder of the age, nature's own production. These Paints differ from all others in the market; they are not clays; they require little Oil, flow easily, and cover with a heavier body than white lead. They neither crack nor peel, and dry readily, making an ENAMEL OF STONE.

COLOURS.—We have seven different colours, viz: three Browns, two Chocolates, Black and Yellow, and by combination make every variety and shade of color.

BRICK WORK.—They give to house walls a much heavier coating than other paints, and if sanding is required, nothing holds so firmly or finishes so well with it.

OLD ROOFS.—Give us a roof, never so old and leaky, Silver's Mineral Paints will make it cheaply new and more enduring than it ever was.

SHEDS.—To iron they furnish a perfect protection against rust, for they contain no metal, which like white lead acts destructively on the iron; in fact this Paint makes iron doubly valuable for building purposes.

DEALERS AND CONSUMERS can procure this Paint wholesale and retail of FRENCH & RICHARDS, N. W. Corner 10th and Market Streets, Phila.

The property is situated near the base of Stone Mountain, which affords an unequalled range for cattle.

There is timber enough on the property to pay for two or three times over. An undoubted title will be given.

Terms to suit the purchaser. J. SEWELL STEWART. Huntingdon, Dec. 4, 1851.

Birmingham Female Seminary.

The liberal patronage which this School has received in the past, encourages the proprietor and friends of female education, to expect by proper exertion to make it both a permanent and important institution, and no pains will be spared to sustain its growing reputation.

Among other considerations which inspire hope as to its future success, the location is not unimportant. Three years actual experiment has developed a more philosophical, if not a truer reason for the existence of Birmingham than many which have been assigned—that it is the situation for a Female Seminary, surrounded as it is by the most romantic scenery—retired—healthy—easy of access and in itself a place where one might almost grow wise in the study of Nature alone unmocked by the works of Art.

The school year is divided into two Sessions of twenty-two weeks each; the summer term commencing the last Tuesday in April, the winter term the last Tuesday in October.

Changes to date from the 1st of October, and no deductions made for absence except in case of sickness. Tuition \$4.00 and \$5.00 per quarter—boarding \$1.50 per week. Music, Latin, French, Drawing, &c., extra. Rev. ISRAEL W. WARD, A. M., Principal. Rev. THOMAS WARD, A. M., Associate. Jan. 15, 1852.

LAST NOTICE.

All persons knowing themselves indebted to the late firm of Dorsey & Maguire will please call and have their several accounts satisfactorily adjusted, without regard to persons. By attending to this notice will save further trouble and expense. JAMES MAGUIRE. Huntingdon, Feb. 12, 1852.

Notice to Tavern Keepers.

NOTICE is hereby given to the keepers of Inns and Taverns within the county of Huntingdon, that the Judges of the Court of Quarter Sessions of said county, enjoin upon the keepers of such Inns and Taverns that they close their respective bars on the Sabbath, and refrain from selling or dealing out liquor on that day; and the licenses of such persons as shall disregard this injunction will be revoked forthwith agreeably to the Act of Assembly in such case made and provided upon the fact of such violation coming to the knowledge of the Court.
