From the "Boston Bee."

The editor said, Dec. 22nd

Dr. Hoojdom's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debitty, is deservedly one of the most popular medicines of the day. These Bitters have been used by thonsands, and a friend tour elbow says he had himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact wortly of great consideration. They are pleasant in tast and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

"Scott" Sweekly," one of the best Literary papers published, said Aug. 25—
"Dr. HOOTLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

patronage of our readers; and therefore when we recommend Dr. Hooftand's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has the the hearty approval of the faculty itself.

Evidence upon evidence has been received (like theforegoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be esablished, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this Medicine will cure Liver Complaint and Dyspepsia, no once and doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.

Dr. GRAHAM, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the rromachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."
