and astonshed every one, that has used 1, and the demand has been so large, that the proprietors could scarcely supply it sufficiently fast for their sales.

The immense popularity-it has obtained from Farmers, Dairy Men and Horsemen, and the confidence and success with which they used it have set the heads of other Druggists at work to make an article, professing to be of equal merits, thinking to take advantage of our Powner's popularity, and by these means introduce other articles, into the market, which has no affinity to our preparation whatever. Every person knows, who has read anything of Agricultural Chemistry, that no powder possessing such qualities as that which we prepare, was ever known in any part of Germany, Europe or America. We advise all persons to read Prof. Leibigs works and see for themselves whether they or any one clse, ever knew of a Cattle Powder in Germany, Europe or America, that ever professed to have the same virtues, which we claim for ours.

The Discovery is of American Birth, the off-spring of the PROPHETOIS, and there is no Cattle Powder Now known in the world, that was ever manufactured from the same Combination of Chemical elements, as that of BIRINIG, FRONEFIELD & CO.

Do not therefore suffer yourselves to be decived, or think that our Powder is a humbug because you have tried those Mongrel Substitutes and found no good follow, but rather injurious results. Never give an opinion unless you have tried the only genuine Vegetable Cattle Powder. The Signature of BREINIG, FRONEFIELD & CO.

Another Scientific Wonder! DYSPEPSIA! DR. J. S. HOUGHTON'S

DIGESTIVE FLUID,

OR, GASTRIC JUICE.

Prepared from Rennet, or the fourth stomach of the ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D. Philadelphia, Pa. This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

pation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

Half a teaspoonful of Persin, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Pavirijang, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastrie Juice in its Chemical powers, and furnishing a Complete and Perfect Substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of thegrave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTFIC EVIDENCE!

BARON LEIBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the luman stomach."

Dr. COMBE, in his valuable writings on the

same manner as they would be in the luman stomach."

Dr. COMBE, in his valuable writings on the "Physiology of Digestion," observes that "a dimitution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia," and he states that "a ditinguished professer of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completly successful."

Dr. GRAHAM, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the tromachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Circular, gratis, giving a large amount of Scientific Evidence, similar to the above, together wil Reports of Remarkable Cures, from all parts o the United States.

Rr. HOUGHTON'S PEPSIN has produced the most marvelous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and the vil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS,
There is no form of Old Stomach Complaints which it does not seem to reach and remove as once. No matter how bad they may be, it Givet Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follows at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the Stomach, distress after cating low, cold state of the Blood, Heaviness, Lowness of Spirts, Despondency to Insanity, Suicide, &c.
