the cure of Liver Complaint, Jaundice, Dyspepsia,
Climator State of the cure of the cure of Liver Complaint, Jaundice, Dyspepsia,
Chronic or Nerrous Deblity, is deservedly one of
the most popular medicines of the day. These
Bitters have been used by thousands, and a friend
atour elbow says he had himself received an effectual and permanent cure of Laver Complaint from
the use of this remedy. We are convinced that,
in the use of these Bitters, the patient constantly
gains strength and vigor—a fact worthy of great
consideration. They are pleasant in tast and
smell, and can be used by persons with the most
delicate stomachs with safety, under any circumstances. We are speaking from experience, and
to the afflicted we advise their use.
"Scort"S Weekly," one of the best Literary
papers published, said Aug. 25—
"Dr. HOGHLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended
by some of the most prominent members of the
faculty as an article of much efficacy in cases of
female weakness. As such is the case, we would
advise all mothers to obtain a bottle, and thus save

Evidence upon ovidence has been received (like asforegoing) from all sections of the Union, the also throa years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be esablished, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this Medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomed in all bilious discases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.

It is doing wonders for Dyspepties, curing cases of Deblitty, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of thegrave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTFIC EVIDENCE!

BARON LEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared most the Gastric Juice, may be readily prepared wost the meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. COMBE, in his valuable.

professer of medicine in London, who was severely affilieted with this complaint, finding everything else to fail, had recourse to the Gastrie Julee, obtained from the stomachs of living animals, which proved completly successful.⁹
Dr. GRAHAM, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the rromachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in
