

THE JOURNAL

Thursday Morning July 22.

ITEMS.

STATESMANSHIP—Making a speech against the widow of Gen. Harrison.

GENEROUSITY—Giving a boy a cent's worth of candy.

WARRIORSHIP—Fainting at the sight of a battle.

NATIONALITY—Voting against the improvement of our rivers and harbors.

TOLERATION—Refusing Catholics the privilege of holding office.

EQUAL RIGHTS—Denying Anti-Slavery men the right of petition.

PROGRESS—Nominating a man for President whose life is an illustration of these definitions.

A SIGN OF HOPE—In France strict orders have been issued by the government to suppress all public works on Sundays!

During the month ending the 20th ult., the receipts of the American Colonization Society amounted to \$1,542 85.

According to the census of 1850, there were 21,571,305 sheep in the United States; and 52,417,287 pounds of wool.

During the month of June \$1,087 24 were contributed to the Washington National Monument.

VERMONT—Hon. Andrew Tracey of Woodstock, has been nominated by the Whigs of the 2d district for Congress.

The number of deaf, dumb, blind, insane and idiotic inhabitants in Pennsylvania, is 3,395.

We are all dependent upon each other—like cog wheels pushing each other along by filling up mutual voids.

Lord Brougham says—"a lawyer is a learned man who rescues your estate from your enemies and keeps it himself."

Foolishness is defined as two young ladies hating each other on account of a gentleman, who does not care a fig for either of them.

You may glean knowledge by reading, but you must separate the chaff from the wheat, by thinking.

A petition was presented in the New Hampshire Legislature, on the 9th inst., in favor of the Maine Law, signed by 24,598 voters, and 47,770 females and minors.

In New York City, 21,793 persons were committed to prison, last year, of whom 4,901 were Americans and 16,891 foreigners—2,391 were temperate and 19,453 drinking men.

The number of persons at the Scott and Graham, Ratification Meetings recently held in Reading, New Orleans, and Cincinnati, was 3,000, 5,000, and 8,000, respectively.

It is said that no less than 8,000 persons passed over the Penna. Railroad on Monday the 12th inst., from Pittsburg to Turtle Creek and back.

The Coshocton Democrat says General Scott is a dead letter in this country.

Exactly so. And like all such letters he will be sent to Washington.

The Locofoco papers say General Pierce knows no East, no West, no North, no South. Well, neither does the East, West, North, or South know Gen. Pierce. A remarkable coincidence.

POISONED HANDS—Potatoe leaves well crushed, and scrapings of the raw potato, applied to the poisoned parts, are excellent remedies where this disease has occurred from handling poisonous vines.

CHOLERA—Five persons have died in Millington in the last few days of cholera. We understand there has been one death in Lewistown from the same disease. Our borough authorities should order a cleansing process here.

THE TELEGRAPH—Seven years ago, Professor Morse sent the first telegraphic dispatch from Washington to New York. Since that time, about fourteen thousand miles of telegraphic lines have been constructed in the United States.

They say that fish may be carried alive any distance by putting on them a good coating of compact clay, wet with salt water, and surrounding it with ice. In this way you may see swimming in the fish-mongers' tubs at Paris fish brought from the coast of Denmark.

There is a marked difference between birds and women. As an illustration, a piece of looking glass on a fruit tree will frighten away every bird that approaches it, while the same article would attract more fair ones than a load of cherries.

SUBLUNARY BLISS—To find yourself gently sinking into the arms of Morpheus, dreaming of the beauties and glories of the 'spirit land,' and the Orphean melody of the Huntington Minstrels falling sweetly on your half-closed senses. This was our happy condition the other night; and we have seldom felt so enchanted.

The Wooster Democrat offers a reward of fifty dollars for a Whig lie on Gen. Pierce. We would consider this an evidence that Whig lies are scarce, and that the Locofocoes fear the truth. The Democrat may rest assured that no true and loyal Whig will be found mercenary enough to enter the list for the offered premium.

J. P. Kennedy, of Baltimore, has been appointed by the President to fill the vacancy in the Navy Department occasioned by the resignation of ex-Gov. Graham. Mr. K. has served several sessions in the national councils; he is an eloquent speaker, fine writer, and sterling Whig.

There will be a grand Whig mass meeting held at the falls of Niagara on Tuesday the 27th inst., in commemoration of the battle of Lundy's Lane. There will be a very large assemblage of people from New York, Ohio, Pennsylvania and the Eastern States. Gen. Scott will be there to mingle in the scenes of his former glory and take by the hand hundreds of his old compatriots in arms.

VEGETABLE CATTLE POWDER.

PREPARED BY BREINIG, FRONEFIELD & CO. THE FARMERS, HORSEMEN and DAIRYMEN ONE and ALL speak in the highest terms of BREINIG, FRONEFIELD & CO'S CELEBRATED CATTLE POWDER and well they may, for in the last hundred years no discovery has been made equal in all respects to theirs. It is not only of individual interest, but it must in time become a great national benefit if the aggregate it will add at least one Million of Dollars annually to the produce of the Country in the increase of MILK, BUTTER and FAT from the same amount of food, beside the many, very many lives of valuable animals which will save by restoring them to health.

The proprietors of this powder have investigated this subject for years, during a long residence in the Country. By closely analysing all the different secretions of animals, at ALL TIMES and SEASONS, they are at last amply rewarded by their wonderful discovery.

Since they have prepared their powder and the Farmers all over the Country far and wide are using it and praising it up to the skies; some other persons have got up a powder in the same kind of packages and are palming it off on the public.

They caution therefore all persons against such impositions, and advise them to buy NONE, NOT A POUND without it has the written Signature of BREINIG, FRONEFIELD & Co., on the end of the pack. The proprietors are able and practical Chemists and are well acquainted with all the laws which control the health and nutrition of animals.

N. B. Do not be imposed upon and allow your Animals to die or linger with disease because you have fed the wrong Cattle Powder. The Signature of BREINIG, FRONEFIELD & Co. is on the end of each pack of the genuine Article. For Sale by THO. REED & SON, Hunt.
