Such persons before contemplating.

CELEBRATED GERMAN BITTERS,

Prepared by

Prepared by
DR. C. M. JACKSON,
T THE GERMAN MEDICINE STOI
120 Arch Street, Philadelphia.
Their power over the above diseases is not

ertain and pleasant.
READ AND BE CONVINCED.

From the "Boston Bee,"
The editor said, Dec. 22nd
Dr. Hoofland's Celebrated German Bitters is excure of Liver Complaint, Jaundice, Dyspeps hronic or Nervous Debility, is deservedly one most popular medicines of the day. The litters have been used by thonsands, and a frie our elbow's ays he had himself received an efficient of the complaint for the comp

stances. We are speaking from experience, and to the afflicted we advise their use.
"Scort's Weekly," one of the best Literary papers published, said Aug. 25—
"Dr. HOOPLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated to constitutions will find those Bitters advantageous to the health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.

The Hon. C. D. HINLINE, Mayor of the city of Camden, N. J., says:
"Hoopland's German Bitters.—We have seen many flattering notices of this melicine, and the source from which they came induced us to, make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is real-diguity of the control of the control

fluence it exerts upon nervous prostration is really surprising. It calms and strenghtens the nerves bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the also throy years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be esablished, and fully proving that a scientific preperation will meet with their quiet approval when presented even in this form.

That this Medicine will cure Liver Complaint and Dyspepsian, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomed in all bilious diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.
