

Death of Kings.

William the Conqueror died from enormous fat, from drink, and from the violence of his passions.

William Rufus died the death of the poor stag he hunted.

Henry the First died of gluttony, having eaten too much of a dish of laupreys. Stephen died in a few days, of what was called iliac passion, which we suppose may be a royal word for prussic acid or some thing like it.

Henry the Second died of a broken heart, occasioned by the bad conduct of his children. A broken heart is a very odd complaint for a monarch to die of. Perhaps "rat's bane in his porridge" meant the same thing as a broken heart.

Richard Coeur de Lion died like the animal from which his heart was named by an arrow from an archer.

John died nobody knows how, but it is said of chagrin, which we suppose, is another term for a dose of heliobore.

Henry the Third is said to have died a "natural death," which, with kings in palaces means the most unnatural death by which a mortal can shuffle off his "mortal coil."

Edward the First is likewise said to have died of a "natural sickness, a sickness which it would puzzle all the college of physicians to denominate.

Edward the Second was most barbarously, indecently murdered, by ruffians employed by his own mother and her paramour.

Edward the Third died of dotage, and Richard the Second of starvation, the very reverse of George the Fourth.

Henry the Fourth is said to have died "of fits caused by uneasiness," and uneasiness in palaces at those times was a very common complaint.

Henry the Fifth is said to have died "of a painful affliction, prematurely." This is a courtly phrase for getting rid of a king.

Henry the Sixth died in prison by means known only to his jailor, and known now only in heaven.

Edward the Fifth was strangled in the tower by his uncle Richard the Third, whom Humie declares to have possessed every quality for government. This Richard the Third was killed in battle, fairly, of course, for all kings were either killed fairly, or died naturally to the court circles of those days.

Henry the Seventh wasted away, as a miser ought to do, and Henry the Eighth died of carbuncles, fat and fury, whilst Edward the Sixth died of a decline.

Queen Mary is said to have died of "a broken heart," whereas she died of a surfeit, from eating too much of black pudding her sanguinary being prone to hog's blood or blood of any sort.

James the First died of drinking and of the effects of a nameless vice.

Charles the First died a righteous death on the scaffold, and Charles the Second died suddenly, it is said of apoplexy.

William the Third died from consumptive habit of body, and from the stumbling of his horse.

Queen Anne died from her attachment to "strong water," or in other words, from drunkenness which the physicians politely called the dropsy.

George the First died of drunkenness which his physicians as politely called an apopleptic fit.

George the Second died by a rupture on the heart, which the periodicals of the day termed a visitation of God. It is the only instance in which God ever touched his heart.

George the Third died as he lived—a madman. Throughout life he was at least a consistent monarch.

George the Fourth died of gluttony and drunkenness.

William the Fourth died amidst the sympathies of his subjects.

A Remarkable Man.

At a temperance meeting, held in Alabama, about six years ago, Colonel Lemmonousky, who had been twenty-three years in the armies of Napoleon Bonaparte, addressed the meeting. He arose before the audience, tall, erect, and vigorous, with a glow of health upon his cheek, and said:

"You see before you a man seventy years old. I have fought two hundred battles; have fourteen wounds on my body; have lived thirty days on horse-flesh, with the bark of trees for my bread, snow and ice for my drink, the canopy of heaven for my covering without stockings or shoes on my feet, and only a few rags of clothing. In the desert of Egypt, I have marched for days with a burning sun upon my naked head; feet blistered in the scorching sand, and with dust—and with a thirst so tormenting that I have opened the veins of my arms, and sucked my own blood! Do you ask how I survived all these horrors? I answer, that under the providence of God, I owe my preservation, my health and vigor, to this fact, that I never drank a drop of spirituous liquor in my life, and," continued he, "Baron Larry, chief of the medical staff of the French army, has stated as a fact, that the 6000 survivors who safely returned from Egypt, were all those men who abstained from ardent spirits."

A CARRIAGE FOR GEN. PIERCE.—It is stated that some of the "patriotic" citizens of Boston and vicinity are getting up a complimentary testimony of their personal esteem for their President elect, in the shape of a "model" carriage, together with horses and equipage complete, all of New England production, for the occasion of his inauguration in March next.

BALTIMORE LOCK HOSPITAL.

WHERE may be obtained the most speedy remedy for SECRET DISEASES.—Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those Peculiar Affections arising from the Venereal Taint, particularly the Gonorrhoea, both sexes, which if not cured, produces Constitutional Debility, rendering Marriage impossible, and in the end destroys both Mind and Body.

YOUNG MEN Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of our men, the most exalted talents and brilliant intellect, who might otherwise have enriched listening Senates with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence. Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

DR. JOHNSTON, Office No. 7 SOUTH FREDERICK STREET, SEVEN DOORS FROM BALTIMORE STEEL, East side UP THE STEPS. BE PARTICULAR in observing the NAME and NUMBER, or you will mistake the place. A CURE WARRANTED, OR NO CHARGE MADE, OR TWO DAYS.

Take Notice—Dr. Johnston's Office is in his dwelling, UP THE STEPS. His very extensive practice is a sufficient guarantee that he is the only proper Physician to apply to. DR. JOHNSTON, Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, &c. and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

CELEBRATED GERMAN BITTERS.—It is a melancholy fact that thousands fall victims to this mortal disease owing to the Unkindness of ignorant pretenders, who by the use of that deadly poison Mercury, ruin the Constitution, causing the most serious symptoms of this dreadful disease to manifest their appearance, such as affections of the head, nose, skin, &c., progressing with frightful rapidity till death puts a period to their dreadful suffering, by sending them to that gloomy where no traveler returns.

TAKE PARTICULAR NOTICE.—Young men who have injured themselves by a frequent practice indulged in when alone—a habit frequently leached from evil companions, or at school—the effects are not only highly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body.

What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature and indulging in a certain secret habit.—Such persons before contemplating.

ALARA! Alara! should reflect that a sound mind and body are the most necessary requisites to promote continual happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair, and the afflicted with the melancholy reflection, that the happiness of another becomes blighted with our own.

CONSTITUTIONAL DEBILITY.—Dr. J. hires young men, and all who have injured themselves by private and improper indulgence. IMPURISANE.—These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility Symptoms of Consumption, &c.

Mentally.—The fearful effects on the mind are much to be dreaded; Loss of Memory, Confusion of ideas, Depression of Spirit, Evil Forbodings, Aversion to Society, Self Distrust, Love of Solitude, and some of the evils produced.

Thousands of people of all ages, can now judge what is the cause of their declining health. Long lingering fever, becoming weak, pale and emaciated, I see a singular appearance about the eyes, cough and symptoms of consumption. Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J. and be restored to perfect health.

OFFICE, No. 7, SOUTH FREDERICK STREET, Baltimore, Md. ALL SURGICAL OPERATIONS PERFORMED.—N. B. Let no false delicacy prevent you, but apply immediately either personally or by letter. See Diseases Specially Cured.

TO STRANGERS.—The many thousands cured at this Institution within the last ten years, and the numerous important Surgical Operations performed by Dr. J., witness by the Reporters of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee that the afflicted will find a skillful and honorable physician.

As there are so many ignorant and worthless quacks advertising themselves as Physicians, ruining the health of the afflicted, Dr. Johnston would say to those unacquainted with his reputation that his Credentials or Diplomas always hang in his office.

WEAKNESS OF THE ORGANS immediately cured, and full vigor restored. ALL LETTERS POST PAID—REMEDIES SENT BY MAIL. Jan. 8, 1852.—ly.

Birmingham Female Seminary.

The liberal patronage which this School has received in the past, encourages the proprietor and friends of female education, to expect by proper exertions, to make it both a preeminent and important Institution, and no pains will be spared to sustain its growing reputation.

Among other considerations which inspire hope as to its future success, the location is not unimportant. Three years actual experiment has developed a more philosophical, if not a truer reason for the existence of Birmingham than many which have been assigned—that it is the situation of a Female Seminary, surrounded as it is by the most romantic scenery—retired—healthy—the way of access and in itself a place where one might almost grow wise in the study of Nature alone untroubled by the works of Art.

The school-year is divided into two Sessions of twenty-two weeks each; the summer term commencing the last Tuesday in April, the winter term the last Tuesday in October. Charges to date from time of entering, and no deductions made for absence except in case of sickness. Tuition \$4.00 and \$5.00 per quarter—boarding \$1.50 per week. Music, Latin, French, Drawing, &c., extra. Rev. ISHAEL W. WARD, A. M., Principal. Rev. THOMAS WARD, A. M., Associate. May 1, 1852.

Adams & Co's Express.

T. K. SIMONTON, Agent, Huntington. Money, Packages, and goods of all kinds, received and forwarded at the risk of the company, to all the cities and principal towns in the United State. May 1, '52.

GUNLOCKS and BARRELS,

for sale low by J. & W. SAXTON. JUST RECEIVED and for sale Fish, Salt and Phosphor by J. & W. SAXTON.

LIVER COMPLAINT,

JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASES OF THE KIDNEYS, AND ALL diseases arising from a disordered Liver or Stomach, such as Constipation, Headache, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Digest for Food, Fullness or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurried and difficult breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the Head, Difficulty of perspiration, Yellowness of the Skin and Eyes, Pains in the Side, Back, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits, can be effectually cured by DR. HOOPLAND'S CELEBRATED GERMAN BITTERS, Prepared by DR. C. M. JACKSON, AT THE GERMAN MEDICINE STORE, 120 Arch Street, Philadelphia.

Their power over the above diseases is not exceeded—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed. These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are vital, safe, certain and pleasant.

READ AND BE CONVINCED. From the "Boston Bee." The editor said, Dec. 22nd. Dr. Hoopland's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he had himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

"Scott's Weekly," one of the best Literary papers published, said Aug. 25— "DR. HOOPLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much anxiety. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE. The Hon. C. D. HINGLES, Mayor of the city of Camden, N. J., says: "HOOPLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from whence they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine would advise our friends who are afflicted with indigestion, to give it a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the also three years, and the strongest testimony in its favor, is that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver, it is peculiarly calculated to give relief in all cases—the effect is immediate. It may be administered to female or infant with safety and reliable benefit at any time.

Look well to the marks of the genuine. They have the written signature of C. M. JACKSON upon the wrapper, and his name blown in the bottle, without which they are spurious. Beware of cheap imitations. Buy carefully. For sale Wholesale and Retail at GEO. GERMAN MEDICINE STORE, 120 Arch Street, and by respectable dealers generally through the country.
