I am also one of the few who understand the value of a good newspaper. Being therefore "booked up" in the facts, and the price of the press, and anxious to impart substantial knowledge to the understandings of my neighbor, I have taken this method to say to all,—If you would have your Soles well cared for; call at Black's, and examine his stock of Ladies, and Gentleman's, shoes and boots, he warrants the work not rip; and stitches without charge if it does. CELEBRATED GERMAN BITTERS,

Prepared by

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

120 Arch Street. Philadelphia.

Their power over the above diseases is not excelled—if equalled—by any other preparation in
the United States, as the cures attest, in many
cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification
of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and
affections of the digestive organs, they are withal,
safe, certain and pleasant.

The editor said, Dec. 22nd

Dr. Hoofland's Celebrated German Bitters for
the cure of Liver Complaint, Jaundice, Dyspepsia,
Chronic or Nervous Debility, is deservedly one of
the most popular medicines of the day. These
Bitters have been used by thousands, and a friend
at our ebow says he had himself received an effectual and permanent cure of Liver Complaint from
the use of this remedy. We are convinced that,
in the use of these Bitters, the patient constantly
gains strength and vigor—a fact worthy of great
consideration. They are pleasant in tast and
smell, and can be used by persons with the most
delicate stomachs with safety, under any circumstances. We are speaking from experience, and
to the afflicted we advise their use.

"Scort's Werkenty," one of the best Literary
papers published, said Aug. 25—
"Dr. HOOPLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended
by some of the most prominent members of the
faculty as an article of much efficacy in cases of
female weakness. As such is the case, we would
advise all mothers to obtain a bottle, and thus save
themselves much sickness. Persons of debilitated
constitutions will find these Bitters advantageous
to their health, as we know from experience the
salutary effect they have upon weak systems."

The Hon. C. D. Hineline, Mayor of the city of Camden, N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquity respecting its merits. From inquiry we were persunded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surpristing. It calms and strenghtens the nerves bringing them into a state of repose, making sleep refreshing e.

This extra-ordinary medicine we would advise our friends who are at all indisposed, to give a rial—it will-recommend itself. It should, in fact, be in every family. Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the also throw years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be esablished, and fully proving that a scientific preperation will meet with their quiet approval when presented even in this form.

That this Medicine will cure Liver Complaint and Dyspessia, no one can doubt after using it as directed. Itaets specifically upon the stomach and reliable benefit at any time.

Birmingham Female Seminary.

The liberal patronage which this School has received in the past, encourages the proprietor and friends of female education, to expect by proper exertion to make it both a premanent and important Institution; and no pains will by spared to sustain its growing reputation.

Among other considerations which inspire hope as to its future success, the location is not unimportant. Three years actual experiment has developed a more philosophical, if not a truer reason for the existance of Birmingham than many which have been assigned—that it is the situation for a Female Seminary, surrounded as it is by most romantic scenery—retired—healthful—easy of access and in itself a place where one might almost grow wise in the study of Nature alone unmocked by the works of Art.

The school year is divided into two Sessions of twenty-two weeks each; the summer term commencing the last Tuesday in April, the winter term the last Tuesday in October.
