Hobensack's Worm Syrup. An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly and when taken, and has never been known to fail in curing the most obstinate case. Worms can never exist when this remedy is once used, from the fact that it only destroys them but removes all the slime and mucns which may remain.

This work is the sine and much which may remain: **The Tape Work**. This work is the most difficult one to destroy of all that inhabit the human hody. It grows to a almost indefinite length, and becoming so so almost indefinite length, and become the so the so comparises that the data so the soprement length of the data of the these of two the so forther data of the most of two the soponstal three length of the data of the source of the data of the data of the source of the data of the source of the source of the data of the source of the source of the data of the source of the source of the data of the source of

Birmingham Female Yeminay: The liberal patronage which this School has received in the past, cheourages the proprietor nultriends of female education, to expect hy-proper exertion to make it both a premanent and important Institution and no pains will be spar-ed to sustain its growing reputation. Among other considerations which inspire hope as to its inture access, the location is not unim-portant. Three years actual experiment has de-veloped a more philosophieni, if not a truer reas-on for the existance of Birmingham than many which have been assigned--that it is the simulant for a Female Seminary, surrounded as it is hy-most contained Seminary, surrounder as it is a moscked by the works of Art. The school year is divided into two Sessions of twenty-two weeks each the summer term com-mencing the last Tuesday in April, the winter, term the last Tuesday in October.
