\$500 CHALLENGE!
Hobensack's Worm Syrup.
An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly safe when taken, and has never been known to fail in curing the most obstinate case. Worms can never exist when this remedy is once used, from the fact that it only destroys them but removes all the slime and mucus which may remain.

The Tape Worm.
This worm is the most difficult one to destroy of all that inhabit the human body. It grows to an almost indefinite length, and becoming so coiled and fastened in the intestines and stomach as to produce Fits, St. Vitus' Dance, &c., which is the cause of many deaths. It has never been known to die in curing the most obstinate case. Worms can never exist when this remedy is once used, from the fact that it only destroys them but removes all the slime and mucus which may remain.

Round or Stomach Worm.
This worm is usually found in the small intestines, and is the worm most common to children, yet is not entirely confined to them, as adults have frequently been known to suffer with them. The symptoms most common to those affected with this worm, are hardness and fullness of the belly, slimy stools, looseness of the bowels, picking at the nose, a bluish streak under the eyes, &c. If you, or any of your children, have any of the above symptoms, Hobensack's Worm Syrup can safely be depended upon by using it you have a certain, safe, and speedy cure; and if after using it according to the directions, the patient is not relieved, the health of the patient is not injured, and if allowed to remain, from the irritation they produce, lay the foundation for serious disorders, such as inflammation of the bowels, and other dangerous affections of the stomach. The best and safest medicine that can be used is Hobensack's Worm Syrup. Such is the astonishing power of my medicines over Ascarides, that I defy any one to produce a case where my Worm Syrup and Liver Pills are recommended, and do not do in workmanlike manner at reasonable prices. Address Mill Creek P. O. Huntington county.

Ascarides, or Small Thread Worm.
These worms, to which the human system is liable, are the most troublesome of all others. They are generally to be found in the rectum, and if allowed to remain, from the irritation they produce, lay the foundation for serious disorders, such as inflammation of the bowels, and other dangerous affections of the stomach. The best and safest medicine that can be used is Hobensack's Worm Syrup. Such is the astonishing power of my medicines over Ascarides, that I defy any one to produce a case where my Worm Syrup and Liver Pills are recommended, and do not do in workmanlike manner at reasonable prices. Address Mill Creek P. O. Huntington county.

Hobensack's Liver Pills.
No part of the system is more liable to disease than the Liver, it being supplied with numerous blood-vessels and nerves, and if diseased, the blood of the system is vitiated, and the body produces Liver Complaints, Jaundice, Bilious Affections; Dyspepsia, &c., &c.
Liver Complaint.
Is attended with chills, succeeded by fever, severe pains in the region of the Liver, vomiting, bitter taste, yellow turred tongue, pale full and soft stools, &c. The best and safest medicine that can be used is Hobensack's Liver Pills. They act directly upon the seat of the disease, and then operating upon the bowels they expel all the corrupt and vitiated matter from the system.

BALTIMORE LOCK HOSPITAL.
Where may be obtained the most speedy remedy for
SECRET DISEASES.—Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those peculiar affections arising from a secret habit, particularly the youth of both sexes, which if not cured, produces constitutional debility, rendering marriage impossible, and in the end destroys both Mind and Body.
Young Men especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entered listening senates with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence.
Married persons, or those contemplating marriage, beware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.
Dr. Johnston, office No. 7 South Frederick St., seven doors from Union Street, can send the steps. Be particular in obtaining the name and number, or you will mistake the place.
A cure warranted, or no charge made, in from one to two days.
"Take Notice"—Dr. Johnston's office is in his dwelling, up the steps. His very extensive practice is a sufficient guarantee, that he is the only proper physician to apply to.
Dr. Johnston, member of the Royal College of Surgeons in London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, &c. and elsewhere, has effected some of the most astonishing cures of the most distressing cases, attended with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing attended sometimes with derangement of mind, and other symptoms of the same nature.
A CERTAIN DISEASE—It is a melancholy fact that thousands fall victims to this horrid disease owing to the unskillfulness of ignorant pretenders who by the use of that deadly poison Mercury, ruin the health of many a mind and ruin the symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, &c., progressing with frightful rapidity till death puts a period to their dreadful sufferings, by sending them to that Bourne whence no traveler returns.
"TAKE PARTICULAR NOTICE"—Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, and which is a source of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body.
What a pity that a young man, the hope of his country, should be ruined by a habit which is snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons before contemplating Marriage, should reflect on the ruin of mind and ruin the symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, &c., progressing with frightful rapidity till death puts a period to their dreadful sufferings, by sending them to that Bourne whence no traveler returns.

What a pity that a young man, the hope of his country, should be ruined by a habit which is snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons before contemplating Marriage, should reflect on the ruin of mind and ruin the symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, &c., progressing with frightful rapidity till death puts a period to their dreadful sufferings, by sending them to that Bourne whence no traveler returns.
"TAKE PARTICULAR NOTICE"—Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, and which is a source of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body.
