Lord Palmerston again in the Cabinet.

Lord Palmerston equin in the Cabinet. England, — The leading item of news from England, is the remumption, by Lord Palmers, ton, of his saat in the Gabinet. The step is re-garded as likely to have an important bearing on the affairs in the East. The Eastern Question. — The Intest advi-ces from Constantinople and Vienna, represent the sapect of affairs between Russia and Turk-ey to be very serious, though the occurrences of the last few days indicate little progress on the part of the hostile armies. All efforts at negotiation have thus far prov-ed unavailing. The Sultan, however, it is sta-ted in a Vienna dispatch to Paris, has indica-ted a willingness to send a plenjohentiary to the Car on the other hand has stated his fixed determination not to agree to any prop-sals for ponceful negotiations, unless material concessions from the Turkish Government be in obtained.

first obtained. Several further skirmlahes are reported on the line of the Danabe, but little advantage had been guined on either side. It is reported that the demand for the com-bined fleets of England and France to enter the Black Sea has been relieved.

Black Son has been relieved. **Persia.**—A report is telegraphed from Par-is, that Persia has officially declared war against Turkey, and that a powerful hostile force is shortly to be put in motion. The Shah of Persia is said to be marching on Northern India at the head of a force of for-ty thousand men, and one hundred guns. The Senglish were concentrated on the from-tier of Peshawur and marching to Affghanistan to command the Khyler Pars. India and Ohina.—The overland mail from India brings some items of important news.

from India Drings some items or imperatives. The state of affairs in the Burmese empire remained unchanged. A famine has occurred in the northern dis-tricts of Madras, and much suffering prevails. The cholera is decreasing in Bombay. There is much sickness in the British army. In China the fighting was progressing, and the Imperialists were suffering great loss, al-though largely reinforced.
