EF POISONING. 59

The most extraordinary discovery in the World is the Great Arabian Remedy for Man and Beast.

CELEBRATED ARABIAN LINIMENT

CELEBRATED ARABIAN LINIMENT

Is well known to possess the most wonderfully healing, penetrating, and stimulating properties, and by its promptness in effecting cures, which previously had resisted all other medicines, administered by the most scientific physicians, has placed it far beyond any similar remedy ever introduced to the people of the United States. It stimulates the absorbants to increased action, and thus enables nature to throw off disease—it penetrates the bones, adding strength and activity to the muscles—it is powerfully anodyne and thereby allays nerveous irritation, producing a delightfully pleasing sensation through the veloce frame. Owing to its remarkable anticeptile properties, it purifies and neutralizes that poisonous, corrosive principle which renders old ulcrous sores so difficult to heal; it therefore is peculiarly adapted their speedy cure. This Liniment from its penetrating and strengthening qualities has been found to be a specific for Paralysis or Palsy, Whiteswellings and diseased joints, and infact all complaints involving the muscular system. It has cured cases of Rheumatism of twenty to thirty pear's standing, and affections of the Spine wherein the entire column was so crooked and distorted, that the patient could not walk or stand without artificial support.—Numerous cases of Palsy have been cured when the flesh had wighered, leaving nothing but the dried skin and bone, and the limbs totally without use or feeling. For Children with Group it is of inestimable value, rubbed and bathed over the throat and chest. If applied freely on the chest it never fails to give relief in the severe coughs attending Consumptions, Asthma and Colus. It heals wounds speedily—will cure Scaldhead, Mange, etc. Planters and Farmers will find it a most valuable medicine to be applied to Horses and Cattle for Sprains, Bruises, Launeness, Stiff Joints, Sweeney, Dry Shoulder, Wounds, Burns, Splint, Chafes or Galls, Hurdened Knots on the flesh, etc.

Look out for Counterfeits 1

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that recursely in rest, and then will be referred.

the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufretured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper, all others are counterfeits.

Sold by Thos. Read & Son, Huntingdon, R. E. Sellers & Fleming Brathers wholesale, Pittsburg, and by regularly authorized agents throughout the United States.

East Price 25 and 50 cents, and \$1 per bottle. AGEXTS WANTED in every town, village and hamlet in the United States, in which one is not already established. Address H. G. Farvell as above, accompanied with good reference as to character, responsibility, &c. Febuary 15, 544—4t.

TO PHYSICIANS.

The attention of the Medical Profession in Parespectfully invited to the following important

Not less than two thirds of the America m are afflicted with Prolapsus Uteri, and i cen are afflicted with Prolapsus Uteri, and it cinted complaints; the result of natural deli-of organization; defective physical education y marriages; the various accidents of preg yy, and labour, and general neglect of hygi

upon established principles of pathology, and which is at once effective, and necessary to the success of the practitioner, and professional in its origin and design?

The undersigned, therefore, acting in accordance with the true interests of the Profession, and after much investigation and outlay, now offers to them an instrument which tully meets all the above indications. The Brace invented by Dr. Banning of N. Y., has alone received the approbation of the Alumni of the Profession, or taken rank as a permanent contribution to Medical Science. While it supports the weak back and lifts up the abdominal viscera, the undersigned, by combining it with a recent invention, has addequently to its efficiency in erecting the body and expanding the chest, and these instruments are believed to fullil every indication that can be derived from mechanical support, while acting in complete harmony with the forces of nature.

Desirous of introducing these Braces through the co-operation of Physicians, and being enabled to furnish them at Manufacturers prices, you are respectfully referred to the annexed quotations:

PROCLAMATION TO THE INVALIDS OF HUNTINGDON. \$1,000 Reward!

PULVERMACHER'S
Hydro-Electric Voltaic Chains, A RE for the first time introduced to the people of Huntingdon and vicinity, as the most convenient, effectual, and strictly scientific mode of

instantly relieving and permanently curring all NERVOUS DISEASES.

Now we know that an announcement similar to the above meets the eye of the reader almost daily, and perhaps this may be classed with many others. But listen or you do us injustice. It is claimed that Pulvermacher's Electric Chain, is the only magnetic remedical agent that is secured by patent, granted by this government, on the ground that it was a strictly useful and scientific article. The Chains are now on exhibition at the Crystal Palace, and attract much attention from the thousands who daily visit it.

MODE OF USE.

The manner of using the chains is very simple. The chain is first moistened, and the other end opposite to the first. The ends of the chain should never touch each other. At the moment of application, the most acute pain is inestantly relieved, wherever it is located, by the passing through the part a constant current of uninterrupted electromeraction. The introduction of the Electric Chain into this country is the dawn of a new era in medicine.—
During the last twenty years, it can safely be estimated that ten thousand females have died yearly from this one disease.

y from this one disease,
PROLAPSUS UTERI.

ly from this one disease.

PROLAPSUS UTERI.

It is well known to medical men that this common disease is beyond the reach of medicine, and that in proportion to the amount of medicine given, the more the patient is doomed to suffer, and somer will death close the seene.

During the last 2 years more than one thousand cases of Prolapsus Usir (falling of the womb) have been permanently cared in England and France. Most of those cases were ladies of high standing, who had previously tried all other kinds of treatment with no benefit. Among the distinguished ladies that have been careful in Paris is the present Queen of France. In this country, during the last year, one hundred cases have been cured in the city of New York, many who have allowed their names to be published for the benefit of those suffering with similar complaints—The mode of use is simply to apply one end of a 30 link chain to the spine just above the hips, and the other end upon the abdomen, and allow the chain to remain for one hour. This to be expeated four times during the twenty-four hours.
