The Summer Session of these Institutions of Commences on Wechasday, the 5th of May,

and continues five months. They are situated in the retired Village of Shirleysburg, in the heart of office of the most lovely and fertile vallies of the Alleghenies.

In a rural district, among one of the plainest and simplest people of Pennsylvania, apart from the summitty noted for a thoroughfare, or large town, convenient of access from all sides, with a community noted for its temperance and morality, and possessing a healthy and unusually beautiful situation, this Village presents advantages for Literary Institutions, which strike the eye of every visitor. Each one possesses new and commodious buildings, and a full corps of teachers.

They are under entirely seperate government and instruction, being situated about a quarter of a mile apart, and having nothing in common except that the use of the Academy Apparatus is given to the Seminary.

The course of instruction is thorough and extensive, enbracing the branches usually taught in such Institutions. These Schools ofter two principal inducements first, the most extensive, enbracing the branches usually taught in such Institutions of the State, to the Seminary of the State, and the summitted and Mathematical Instruments, in the Academy Apparatus is given to the Seminary of the State, and the summitted and the summitted of the summitted and the summitted of the summitted and the summitted and the summitted of the summitted and the summi Rev. WILLIAMSBURG ACADEMY,
Situated in the Village of Williamsburg, Blair County, Pa.

THIS institution, which has been in successful
operation since the year 1848, is designed to
prepare the pupil for active business pursuits, or
for admission into any of our Colleges. This institution offers every lacility to those who wish
to qualify themselves for instructors in our Common Schools. Young men will be received and
prepared for entering the higher classes of any
College in the State.

The School is divided into two departments,
the Classical and English. In the Classical department mstruction is given in Latin and Greek,
and such English studies as are requisite to fit
young men for College. In the English department a course or instruction is given, which is
intended to fit the pupil for active pursuits in life.
The plan embraces a thorough course of instruction with a view to preparation for College,
Teaching, or Business.

Instruction is given in French and German.

WHOLESALE Book and Stationary House

NEW-YORK, ON THE CASH PLAN.
EXTENSIVE SALES AND NO LOSSES

Make it profitable to sell at very LOW PRICES, MASON BROTHERS, 23 PARK ROW, opposite the Astor House

Offer one of the most extensive Stocks and com-lete assortments in the country of BOOKS & STATIONERY,

BROOKS & STATIONERY,
FOR CASH ONLY.

The amount of goods in our line purchased by country merchants is usually quite small compared with their dry goods, hardware, and other bills, and this very circumstance absolutely compels jobbers in the book business, who sell on time, to get larger profits in order to make up for the losses and extra expenses necessarily involved in a credit business of small amounts. It is also easy for the merchant to make arrangements to buy his book bill for eash; though it might not be so convenient for him to purchase his larger bills in this way.

These considerations have led us to ndopt in our business, from this date, January, 1854, the following principles, viz: SMALL PROFITS, UNYARING PRICES, AND TERMS ALWAYS CASIL.

Being ourselves the sole publishers of a number of the leading and most extensively-selling School Books in the country, as well as works in other departments, our facilities are unsurpassed.

Call upon us, or send an order, and jadge for yourselves, if the saving you can make by buying of us for eash is worth while.

Our location is very central, and easily found. Stand on the Astor House steps, and look straight forward across the corner of the Park, and you cannot avoid seeing our signs. Remember, the manner is MASON BROTTHERS.

velieving and permanently curing all NERVOUS DISEASES. NERVOUS DISEASES.

Now we know that an announcement similar to the above meets the eye of the reader almost daily, and perhaps this may be classed with many others. But listen or you do us injustice. It is claimed that Pulvermacher's Electric Chain, is the only magnetic remedical agent that is secured by patent, granted by this government, on the ground that it was a strictly useful and scientific article. The Chains are now on exhibition at the Crystal Palace, and attract much attention from the thousands who daily visit it.

MODE OF USE.

The manner of using the chains is very simple.

from the thousands who duly visit it.

MODE OF USE.

The manner of using the chains is very simple. The chain is first moistened with common cinegar, and then one end of the chain is applied to the part where the pain is located, and the other end opposite to the first. The ends of the chain should never touch each other. At the moment of application, the most acute pain is instantly relieved, wherever it is located, by the passing through the part a constant current of uninterrupted electromagnetism. In the following diseases, no other remedy has ever given such complete and perfect satisfaction to the patient as Pulvermacher's Chains: Rheumatism, Painful and swelled Joints, Pains in the Back, Deafness, Blindness, Paralysis, Neuralgia in the Face, Long standing Nervous Hendache, Palpitation of the Heart, General Deblitty, Dyspepsia, Female Diseases, Asthma, Contracted Joints, &c.

will be given to any person who will produce so many well authenticated certificates of cure from intelligent patients and scientific physicians, of the above diseases, as has been performed by the use of the Electric Chain during the past year.

ANOTHER FA'T.

It is,truly the fact that wherever the electric chains have been introduced, bottled notzruns and common lard have greatly diminished in sale, people having become disgusted with the practice of using their shonachs for drug shops.

RECOMMENDATIONS.

The Electric Chains are highly recommended by Professors Mort, Van Buren, Post and Carnochan, of New York; are also in daily use in every Hospital in that city. The chains will last for years, are always ready for use, and produce no injurious results, when used as directed.

The Electric Chains never fail to relieve the severe pains and swelling incident to this disease. The worst forms of this disease readily yield to a few applications of a chain, and in no single instance have they failed to give instant relief, if they did not effect a permanent cure.
