and it was by the use of the articles composing this great remedy that not only their physinians, but even the wild Arabs of the desert were enabled to perform such miraculous cures. The Arab steel is world-remoned for his beautiful symmetry of form, his unsurpassed speed and sgility, and the incredible tatigue he is capable of enduring. Why is it? Because from the time of his birth his limbs are carefully watched, and upon the first appearance of disease the magic lotion is applied, and such hings as confirmed sweeny, poll-evil, fistula, ringbone, scratches, spavin, lameness, etc., etc., are unknown. The same result will follow in all cases where H. G. Farrell's Genuine Arabian Limiment is used in time. Therefore delay not in procuring a good supply of it, for every dollar spent in it will save you twenty, and a great deal of sullering, if not your life.

Look out for Counterfeite!

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Limment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufectured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. PARRELL'S—and his signature on the wrapper, all others are counterfeits.
