Mountain Female Seminary.

THE Mountain Female Seminary at Birmingham, Illumingdon country, Pa., on the Pennsylvania Railroad, occupies one of the most healthy and desirable locations in the State.—Strangers visiting the Institution have unhesitatingly expressed the opinion, that it so easy of access, retired, herlthful, and surrounded with such romantie mountain seenery, that no one who wishes to learn, could find an institution more favorably situated. Past success and future prospects have induced us to greatly enlarge our plans, and enabled us to give such compensation to teachers as will command those possessing the highest qualifications.

Cost, per term of 22 weeks, varies from \$55 to \$60, for which good accommodations will be given. Music, French, Latin, Painting, &c., extra. Pupils from abroad are expected to board in the Seminary building with the Principal, who gives hiseatire attention to the interest of the Institution.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says:—
"Thousands upon thousands of our youth, by evil example and the indicence of the passions, have been led into the habit of self-pollution without realizing the sin and consequence upon themselves and their posterity. The constitution of thousands, who are raising families have been enfeelbed, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generation. Intemperance, for the use of intoxicating drinks), though it has slain thousands upon thousands, is not a greater sourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."
