PROCLAMATION
TO THE INVALIDS OF HUNTINGDON.
\$1,000 Reward!
PULVERMACHER'S
Hydro-Electric Voltaic Chains.
ARE for the first time introduced to the people of Huntingdon, and vicinity, as the most complete, effective, and strictly scientific mode of instantly relieving and permanently curing all NERVOUS DISEASES.
Now we know that an announcement similar to the above meets the eye of the reader almost daily, and perhaps it may be classed as a common one. But listen or do us injustice. It is claimed that Pulvermacher's Electric Chain, is the only magnetic remedial agent that is secured by patent, granted by this government, on the ground that it is a strictly scientific and scientific article. The Chains are now on exhibition at the Crystal Palace, and attract much attention from the thousands who daily visit it.

MODE OF USE.
The manner of using the chains is very simple. The chain is first moistened with common vinegar, and then one end of the chain is applied to the part where the pain is located, and the other end opposite to the first. The ends of the chain should never touch each other. At the moment of application, the most acute pain is instantly relieved, wherever it is located, by the passing through the part a constant current of uninterrupted electric magnetism. In the following scientific and scientific remedy has ever given such complete and perfect satisfaction to the patient as Pulvermacher's Chains: Rheumatism, Painful and swollen Joints, Pains in the Back, Deafness, Blindness, Paralysis, Neuralgia in the Face, Loussas, standing Nervous Headache, Palpitation of the Heart, General Debility, Dyspepsia, Female Diseases, Asthma, Contracted Joints, &c.

1000 DOLLARS
will be given to any person who will produce so many well authenticated certificates of cure from intelligent patients and scientific physicians, of the above diseases, as has been performed by the use of the Electric Chain during the past year.

RECOMMENDATIONS.
The Electric Chains are highly recommended by Professors Mott, Van Buren, Post and Carnahan, of New York; are also in daily use in every Hospital in that city. The chains will last for years, and are ready for use, and produce no injurious results, when used as directed.

PROLAPSUS UTERI.
It is well known to medical men that this common disease is beyond the reach of medicine, and that in proportion to the amount of medicine given, the more the patients are doomed to suffer, and sooner will death close the scene.

CHRONIC RHEUMATISM.
The Electric Chains never fail to relieve the severe pains and swelling incident to this disease. The worst forms of this disease readily yield to a few applications of the chain, and in no single instance have they failed to give instant relief, if they had not effected a permanent cure. All persons who are victims of this unsual winter complaint, are invited to call and obtain a pamphlet of **HORACE W. SMITH**, Agent for Huntingdon county, who will also explain their mode of use.

Mountain Female Seminary.
THE Mountain Female Seminary at Birmingham, Huntingdon county, Pa., on the Pennsylvania Railroad, occupies one of the most healthy and desirable locations in the State. Strangers visiting the Institution have unhesitatingly expressed their opinion, that it is so easy of access, retired, healthy, and surrounded with such romantic mountain scenery, that no one who wishes to learn, could find an institution more favorably situated. Past success and future prospects have induced us to greatly enlarge our plans, and enabled us to give such compensation to teachers as will command those possessing the highest qualifications.
Cost per term, commencing on the 1st of September, for board, tuition, and books, \$5 to \$60, for which good accommodations will be given. Music, French, Latin, Painting, &c., extra.
Pupils from abroad are expected to board in the Seminary building with the Principal, who gives him entire attention, sometimes with the Institution.

"MAN KNOW THYSELF."
An Invaluable Book for 25 cts.
"EVERY FAMILY SHOULD HAVE A COPY."
SIX Thousand Copies sold in less than three months. A new edition, revised and improved, just issued.
Dr. HENRY'S Medical Manual and hand book for the afflicted. Containing an outline of the origin, progress, treatment and Cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in familiar style, avoiding all medicinal technicalities, and every thing that would offend the ear of decency, from the result of 20 years' successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.
To which is added, receipts for the cure of the above diseases, and a treatise on the cause, symptoms and cure for the Fever and Ague, for 25 cents a copy; six copies will be forwarded to any part of the United States, free of postage.—Address postpaid, Cusden & Co., Publishers, or "Box 195, Post Office, Phila."
This is without exception, the most comprehensive and intelligible work ever published on the class of diseases which it treats. Avoiding all technical terms, it addresses itself to the readers; it is free from all objectionable matter, and no person, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and with too little breath to puff, and 'too little presumption to impose,' he has offered to the world the merely nominal price of 25 cents, the fruits of some twenty years most successful practice.—Herald.

"No teacher or parent should be without the knowledge imparted in this invaluable work; it would save years of pain, mortification and sorrow to the youth under their charge."—People's Advocate.

A Presbyterian clergyman in Ohio, in writing of "Dr. Henry's Medical Manual," says:—"Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and consequence upon themselves and their posterity. The constitution of thousands, who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that would restore health to the constitution, and put the public mind as to check, and ultimately to move this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded, (securely enclosed and postage paid,) on receipt of 25 cents, or six copies for \$1.—ADDRESS, CUSDEN & CO., Publishers, Box 195, Post Office, Philadelphia. B. Bookellers, Canvasers and Book Agents supplied on the most liberal terms.

BALTIMORE LOCK HOSPITAL.
Where may be obtained the most speedy remedy for SECRET DISEASES.—Gleets Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those peculiar affections arising from a secret habit, particularly the youth of both sexes, which if not cured, produces constitutional debility, rendering marriage impossible, and in the end destroys both Mind and Body. Young Men especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men, of the most talented and brilliant intellect, who might otherwise have enriched literature, science, and the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence.

Married persons, or those contemplating marriage, being as a rule of physical weakness, should immediately consult Dr. J., and be restored to perfect health.
Dr. Johnston, Office No. 7 South Frederick St., seven doors from Baltimore Street, east side up the steps. Dr. J. is particularly anxious to obtain the name and number, or you will mistake the place. A cure warranted, or no charge made, in from one to two days.

Dr. Johnston's office is in his dwelling, up the steps. His very extensive practice is a sufficient guarantee, that he is the only proper physician to apply to.
Dr. Johnston, member of the Royal College of Surgeons, London, and of the Royal College of the most eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and Syracuse Creek, Huntingdon county, Pa., and has witnessed cases that were never known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.—It is a melancholy fact that thousands fall victims to this horrid disease by the use of that deadly poison, Mercury, ruin the Constitution, causing the most serious symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, &c., and with frequent rigidity of the limbs, leading them to a period of their dreadful suffering, by sending them to that Bourne whence no traveler returns.

TRAVELER'S NOTICE.—Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and rendered more intolerable, and distressing to both mind and body.

What a pity that a young man, the hope of his country, and the darling of his parents should be satisfied from all prospects and enjoyments of life by the consequence of indulging in the path of nature and indulging in a certain secret habit. Such persons before contemplating Marriage, should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection, that the happiness of another becomes blighted with their own.

CONSTITUTIONAL DEBILITY.—Dr. J. addresses young men, and all who have injured themselves by private and improper indulgence. IMPURITIES.—These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the head, Dimness of Sight, Loss of Muscular power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Detachments of the Digestive Functions, General Debility Symptoms of Consumption, &c.

SKIN DISEASES.—The fearful effects on the mind are much to be dreaded; Loss of memory, Confusion of ideas, Depression of Spirit, Evil Forbiddenness, Aversion to Society, Self Distrust, Love of Solitude, &c., are some of the evils produced.

Dr. Johnston, member of the Royal College of Surgeons, London, and of the Royal College of the most eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and Syracuse Creek, Huntingdon county, Pa., and has witnessed cases that were never known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.—It is a melancholy fact that thousands fall victims to this horrid disease by the use of that deadly poison, Mercury, ruin the Constitution, causing the most serious symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, &c., and with frequent rigidity of the limbs, leading them to a period of their dreadful suffering, by sending them to that Bourne whence no traveler returns.

TRAVELER'S NOTICE.—Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and rendered more intolerable, and distressing to both mind and body.

What a pity that a young man, the hope of his country, and the darling of his parents should be satisfied from all prospects and enjoyments of life by the consequence of indulging in the path of nature and indulging in a certain secret habit. Such persons before contemplating Marriage, should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection, that the happiness of another becomes blighted with their own.

CONSTITUTIONAL DEBILITY.—Dr. J. addresses young men, and all who have injured themselves by private and improper indulgence. IMPURITIES.—These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the head, Dimness of Sight, Loss of Muscular power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Detachments of the Digestive Functions, General Debility Symptoms of Consumption, &c.

SKIN DISEASES.—The fearful effects on the mind are much to be dreaded; Loss of memory, Confusion of ideas, Depression of Spirit, Evil Forbiddenness, Aversion to Society, Self Distrust, Love of Solitude, &c., are some of the evils produced.
