A report was current at Liverpool, on Saturday, that the steamer City of Glasgow had foundered at sea.

It was rumored at Paris that a telegraphic despatch had been received, announcing the bombardment and capture of Revel, in the Baltic, by the combined fleets.

No particulars are given, and the story is doubted.

It was reported that the Russians had met with a severe check at Sillistria.

This measure is considered an open declaration that Austria will not be bullied by Russia.  
The Vienna conferences are to be renewed on the basis of the new Anglo-French and Austro-Prussian treaties of alliance.

The general depot of the Russian Artillery and stores at Fatchany has been burnt by the inhabitants from a feeling of revenge.  
The loss is immense.

powerless victim from the grave. By its powerfully stimulating, penetrating and anodyne qualities, it restores the use of the limbs which have been palsied for years; and by its singular power of reproducing the synovial fluid or joint water, it cures all diseases of the joints with surprising rapidity. For rheumatism, and affections of the spine and spine, it has proved itself a specific; and for affections of the lungs, liver and kidneys, it is a most valuable and powerful auxiliary; also, for all diseases of the glands, scrofula, gonorrhoea, swollen neck, etc. And indeed for almost any disease where an external application is required, this medicine stands unparalleled. Sprains, bruises, sprains, wounds, chilblains, burns, etc., are speedily cured by it.

From the Hon. Peter Menard, one of the oldest settlers in Illinois.  
It gives me pleasure to add my testimony to the virtues of your great medicine. My blooded horse and a swelling over the cap of the knee, about the size of a hen's egg. Some said it was a strain, and some, that it was the joint water from the knee, and could not be cured. I tried oil cedar on it, and all the liniments and ointments, and they did no more than to irritate the part. I then procured your medicine, and I was happy to find it take effect after a few days, and it finally cured the noble animal entirely. I think it is decidedly the greatest liniment for horses, as well as human flesh, I ever knew.

Tremont, Tazewell co., Ill., March 16th '49.  
PALSY OR PARALYSIS.  
Thaddeus Smith, of Mudd Creek, Tazewell county, Illinois, says: "I had lost the use of my arm for more than a year, by palsy or paralysis; the flesh had entirely withered away, leaving nothing but skin, muscle and bone. I tried all the best doctors, and all the remedies I could hear of, but they did me no good. I then commenced the use of H. G. Farrell's Arabian Liniment, and a few bottles entirely cured me, and my arm is now as strong and fleshy as the other; it is also first rate for burns, sprains and bruises."

Look out for Counterfeits!  
The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many were deceived by it, and some have been injured. A counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main Street, Boston, Mass., to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper, all others are counterfeits.

Sold by Thos. Read & Son, Huntington, R. E. Sellers & Fleming Brothers wholesale, Pittsburg, Pa., by several authorized Agents throughout the United States.  
Price 25 and 50 cents, and \$1 per bottle.  
AGENTS WANTED in every town, village and hamlet in the United States, in which one is not already established. Address H. G. Farrell as above, accompanied with good references and a reasonable commission, &c.

A Strong Test of Two of  
EVANS & WATSON'S  
Salamanca Safes.  
LATE LIGHT STREET FIRE.—Messrs. J. E. T. Fairbanks & Co., Gentlemen: We take much pleasure in recommending your Salamanca Safes to merchants and others who may desire to purchase with a view to the preservation of their books and other valuables. The Safes we purchased on July 1st, and manufactured by Evans & Watson, of Philadelphia, remained in the fire, at the burning of our store, until the entire stock was consumed. The heat was so intense, that we suppose, as there was about seventy barrels of liquor in the store, on the next floor over the safe, besides some seventy thousand pounds of rags, rope, and other combustible matter. We had the safe opened after the fire, and examined the contents, and found every thing perfectly preserved. Please get up another of your Safes, of the same size, for our future use, soon as possible, and oblige,
