CELEBRATED ARABIAN LINIMENT.

THE OF PARIELLY A CELLEBRATED ARABIAN LINIMENT.

WE DAILY HEAR of the most astonishing cures being affected by that great and popular medicine, the genuine H. G. FARRELL'S ARABIAN LINIMENT, add we can truly say, from our own knowledge, that no medicine ever discovered has performed the same wonderful cures, that it has, both in man and beast, and it is equally good for both, which makes its otruly vulnable. It is therefore hailed by the suffering as the greatest blessing of the age, and no one would ever allow himself to be without this sovereign balm, who had once witnessed its magic power over disease, and its wonderful potency in relieving pain, however severe, in a few minutes' time. We earnestly desire you to call upon the agent, who will furnish you, free of charge, a small book containing, besides other valuable information, a large list of certificates from many of the most respectable persons, of cures effected by this celebrated medicine, which surely are enough to convince the most sceptical of its transcendent virtues. We notice several certificates of rheumatism cured after the patient had suffered everything but death for five to twenty years. Also cases of paratysis, or loss of use of the limbs, where the flesh had withered, leaving nothing apparently but dried skin and bone, presenting so horrid a spectacle that their FRIENDS LOOKED UPON THEM APPALLED while physicians pronounced them BEYOND ANY HUMAN EFFORT to relieve. It is the most effected by those, which is curely for the parameter of the pa BEYOND ANY HUMAN EFFORT to re-lieve. It is the most efficacious remedy known for burns, sprains, wounds, bruises, chilblains, neuralgis, tothache, bites of inseets and rep-tiles, sore throat, sore or weak eyes, tumors, sun pain, etc., etc.; and is used with unbound-ed success in most of the ailments of horses ed success in most of the ailments of horses and cattle, such as sweeny, farey, sprains, bruises, wounds, stiff neck and joint, lameness, swellings, galls or chafes, sore eyes, partial blindness, etc. If used in the beginning of fistula, poll-evil, ringbone and spavin, it will invariably stop their further progress. Every family should keep this valuable medicine on hand, ready for emergency.

Look out for Counterfeits!

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The geauine article is manufretured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. hefore Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper, all others are counterfeits.

Sold by Thos. Read & Son, Huntingdon, R. E. Sellers & Fleming Brothers wholesale, Pittsburg, and by regularly authorized agents throughout the United States.

The Price 25 and 50 cents, and \$1 per bottle. AGENTS WANTED in every town, village and hamlet in the United States, in which onis not already establighed. Address H. G. Farell as above, accompanied with gold reference as to character, responsibility, &c.

White Sulphur and Chalybeate Springs,

White Sulphur and Chalybeate Springs, AT DOUBLING GAP.

THESE Springs are now open for the reception of visitors. They are situated in Cumberland county, Fenn'a, 30 miles west of Harrisburg, and are accessible by the Cumberland Valley Railroad to Newviller from thence in good coaches and over easy roads eight miles to the springs. Many improvements have been made since the last year, and the recent discovery of the Chalybeate Spring adds greatly to the inducements presented for the present season. The accommodations for Bathing in all the usual modes—water Hot and cold, fresh or mineral.—Persons visiting us will find a happy retreat and a pleasant home. Below you have the analysis of our Sulphur and Chalybeate Springs.

SCOTT COYLE, Proprietor.

Analysis of the White Sulphur and Cha lybeate Springs.

ANALYSIS OF THE WHITE SCHINGS.

The odor of Sulphuretted Hydrogen, perceived at some distance from the Spring, imparts to this water the peculiar properties of Sulphur Springs. Besides this ingredient, I find that the water contains Carbonate of Soda, and of Magnesia, Glauber's Salt, Epsom Salt, and Common Salt, ingredients which give it an increased value. After removing the excess of Carbonic Acid which it contains, it gives an alkaline reaction. The Chalpheate water readily yields a precipate, after challition or continued exposure has expelled the excess of Carbonic Acid. Besides the Bicarbonate of Iron, which is its chief characteristic, it also contains Epsom Salt, Common Salt, and Carbonate of Magnesia.

Respectfully yours, JAS. C. BOOTH.

JATE LIGHT STREET FIRE.—MRSSRS.

J. E. & T. FAIRBANS & CO.—Gentlemen:—We take much pleasure in recommending your Salamander Safes to merchants and other who may desire to purchase with a view to the preservation of their books and other valuables. The Safe we purchased of you in July last, and manufactured by Evans & Watson, of Philadelphia, remained in the fire, at the burning of our store, until the entire stock was consumed.

The heat was intense, as you may suppose, as there was about sevenly barrels of liquor in the store, on the next floor over the safe, besides some seventy thousand pounds of rags, rope, and other combustible matter. We had the safe opened after the fire had censed, and found our books and papers perfectly pursuable for the same size, for our future use, soon as possible, and oblige, R. & W. W. ISAACKS,
