NERVOUS DISEASES. Now we know that an annonncement similar to the above meets the eye of the reader almost dai-ly, and perhaps this may be classed with many others. But listen or you do us injustice. It is claimed that Palvermacher's Electric Chain, is the only magnetic remedical agent that is secured by patents, granted by this government, on the ground that it was a strictly useful and scientific article. The Chains are now on exhibition at the Crystal Palace, and attract much attention from the thousands who daily visit it. MODE OF USE. The manner of using the chains is very simple
