**The most extraordinary discovery in the World is the Great Arabian Remedy for Man and Beast.**  
H. G. FARRELL'S  
**CELEBRATED ARABIAN LINIMENT.**  
H. G. FARRELL'S GENUINE ARABIAN LINIMENT is a most extraordinary medicine, the truth of which is placed beyond doubt by the vast sales of the article and the many cures being daily performed by it. It has not only resisted all other medicines, and the skill of the best physicians in the world. It is composed of balsams, extracts and gums peculiar to Arabia—possessing, in a concentrated form, all their stimulating, anodyne, penetrating, anesthetic and restorative properties, and the same which, ages ago, were used in the "Sons of the Desert," with such marvellous success in curing the diseases of both man and beast.

**Read the following remarkable cure, which should of itself place H. G. Farrell's Arabian Liniment far beyond any similar remedy.**  
Mr. H. G. Farrell—Dear Sir: Acute, by a sense of gratefulness, I submit the following as an instance of the utility of your great medicine. My child, three years old, was suddenly attacked with a terrible disease, which in less than six hours terminated in total helplessness. The limbs became rigid, that not a joint could be bent; the flesh turned black and cold and entirely deprived of feeling; the eyes fixed, partially closed and altogether blind, following this was deafness to all sounds; the spine became contracted and so curved that when lying on its back the head and heels only touched. Indeed, the child presented every appearance of being dead. Immediately on the attack, your medicine was administered, and for three weeks he labored to restore it to feeling, but all in vain, although it was blistered a dozen times and various rubefacient Liniments applied. A consultation of physicians was then held, but to no purpose, the case was then brought before the Medical Society, but nothing could be suggested which had not already been done, and the doctor then told me he could do nothing more. We then commenced applying your Liniment freely over the entire length of the spine, and you may imagine a parent's joy, when, after a few applications, returning animation was apparent, and it rapidly recovered with the exception of the sight, which did not become perfect for near a month. The child is now healthy and robust as can be seen. Five other cases of the same kind occurred previously in my neighborhood, all of which died, when there is no doubt if your Liniment had been used they would have recovered.  
HENRY G. CLELAND.  
Peoria, March 1 1851.

**Look out for Counterfeits!**  
The public are hereby warned another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, because his having the name of Farrell, may buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.  
The genuine Liniment is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper, all others are counterfeits.  
Sold by Thos. Barr, No. 141 Madison St., E. Sellers & Fleming Brothers, wholesale, Pittsburg, and by regularly authorized agents throughout the United States.  
Price 25 and 50 cents, and \$1 per bottle.  
AGENTS WANTED in every town, village and hamlet in the United States, in which one is not already established. Address H. G. Farrell as above, accompanied with good references as to character, responsibility, &c.

**Lines on the Death of Edward Wharton.**  
Is it so? Art thou gone to the grave?  
Hath death sunk beneath life's ocean wave,  
That image fair, that graceful mien,  
And still'd the throbbings of a heart so warm?  
Art thou o'ershadowed by the death-angel's wing?  
In earth's cold damp bosom gently sleeping,  
Hath joy's pure sunbeams left thy smiling face?  
And art thou in thy long, lone resting place?  
Alas! 'tis so: 'Thou'rt in the "spirit land" resting!  
Thou'rt sleeping the sleep, that knows no waking,  
And on that brow illum'd by intellect,  
Death his unwelcome seal hath darkly set.  
Thy griefs and woes have gone like dreams away;  
Thou art resting in bliss, undying day;  
Eternity beams on thy waking soul—  
Endless, sun-like years of bliss before thee roll.

**Thus o'er deep waters passeth man away;**  
His home is not in mansions of decay—  
Not in the silent chambers of the grave;  
But in Heaven, through him who died to save.  
We mourn that thou hast left us, friend, so soon;  
But we trust thou art blooming beyond the tomb,  
Where close flowers, the fairest and the best,  
Are culled, and gathered to the Saviour's breast.

**Then sleep on, departed, thy sleep "is death"—**  
Thou wilt be resting place "tis the grave"  
And hope shall tell, that again we'll meet  
Thee, in that brighter world, at Jesus' feet.

\$570. IN CASH PRIZES, \$570.  
VOLUME TEN OF THE "SCIENTIFIC AMERICAN" commences on the 10th of September. It is chiefly devoted to the advancement of the interests of Mechanics, Inventors, Manufacturers and Farmers, and is edited by a practical and successful inventor. Probably no other journal of the same character is so extensively circulated, or so generally esteemed for its practical ability. Nearly all the valuable Patents which issue weekly from the PATENT OFFICE are inserted in this journal, and the claims of all the Patents are published regularly in its columns as they are issued, thus making it a perfect SCIENTIFIC AND MECHANICAL ENCYCLOPEDIA of information upon the subjects of Mechanical Invention, and the claims of the Patents and the Science generally. It is published weekly in quarto form suitable for binding, and each volume contains FOUR HUNDRED AND SIXTY PAGES of Reading Matter, SEVERAL HUNDRED ENGRAVINGS, with a full and complete Index—its circulation on the 1st of September, 1851, exceeds 100,000 copies per week, and the practical results in one volume are worth to any family much more than the subscription price.  
The following 1st Prize is offered by the Publishers for the largest list of subscribers sent in by the 1st of August, 1851—\$100 will be given for the largest list; \$75 for the 2nd; \$50 for the 3rd; \$35 for the 4th; \$20 for the 5th; \$15 for the 6th; \$10 for the 7th; \$5 for the 8th. THERE will be a Musical Convention held in Huntington, commencing on the 1st Tuesday of September, at 3 o'clock in the afternoon, and continuing until Friday evening. There will be Sessions each day and night, at which instruction will be given to all persons, in the principles and practice of sacred music, assisted by a number of instrumental performers. These exercises will be preparatory to a Grand Concert, to take place at the close on Friday evening. A constant and judicious selection of bringing gentlemen and ladies from abroad, who are expected to take a leading part in the exercises and in procuring books, it will be necessary to charge for admission to the Convention, (the price will be specified in the course of the next week) a ticket to which will admit also to the Concert—separate tickets to which will also be issued, at not more than 25 cents. It is hoped that the friends of improvement in this department of music, and the public generally, will give this matter their approval. Similar Conventions, held elsewhere, have proved highly entertaining. Gentlemen and ladies from the neighboring counties, will consider themselves hereby cordially invited to attend. **THE Celebrated Prize Cure for Fever and Ague, by B. P. MASTIN.**  
THIS Remedy is purely vegetable, without any portion of foreign, deleterious, or mercurial ingredient whatever in its composition. The contents of a single Bottle is sufficient to cure the most obstinate cases in a single day.  
It strengthens the stomach, invigorates the frame, and restores the system to its usually healthy state—in fact, it entirely prevents that languor and prostration of strength which always attend the disease, and is confidently recommended to all who have tried, in vain, other preparations.
