BALTIMORE LOCK HOSPITAL.
Where may be obtained the most speedy remedy for **SECRET DISEASES**.—Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those peculiar affections arising from a secret habit, particularly the youth of both sexes, which if not cured, produces constitutional debility, rendering marriage impossible, and in the end destroys both Mind and Body, especially, who are the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have embraced listening sermons with the thunders of eloquence, or waded to ecstasy the living lyre, may call with full confidence.

Married Persons.
of those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

Dr. Johnston.
Office No. 7 South Frederick St., seven doors from Baltimore Street, east side up the steps. Be particular in obtaining the name and number, or you will mistake the place.

TAKE NOTICE.—Dr. Johnston's office is in his dwelling, up the steps. His very extensive practice is a sufficient guarantee, that he is the only proper physician to apply to.

Dr. Johnston, M.D., of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that ever were known, and which were attended with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and shuffleness, with frequent blushing attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.—It is a melancholy fact that thousands fall victims to this horrid disease owing to the unskillfulness of ignorant pretenders who by the use of that deadly poison Mercury, have succeeded in causing the most serious symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, etc., progressing with frightful rapidity till death puts a period to their dreadful suffering, by sending them to that Bourne whence no traveler returns.

TAKE PARTICULAR NOTICE.—Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are lighter than they appear, and if not cured renders marriage impossible, and destroys both mind and body.

What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of rectitude and indulging in a certain secret habit. Such persons before contemplating marriage, should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, and the prospect hourly darkens to the view. The mind becomes shadowed with despair, and filled with the melancholy reflection, that the happiness of another becomes blighted with our own.

CONSTITUTIONAL DEBILITY.—Dr. J. addresses himself to young men, and all who have injured themselves by private and improper indulgence.

MELANCHOLY.—These are some of the sad and melancholy effects produced by early habits of youth, viz. Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Detachments of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MEXICALY.—The fearful effects on the mind are much to be dreaded: Loss of memory, Confusion of Ideas, Depression of Spirit, Evil Forbodings, Aversion to Society, Self Distrust, Loss of Solitude, &c., are some of the evils produced.

Thousands of persons of all ages are now judging what is the cause of their declining health, and how they may be restored to perfect health. Office, No. 7, South Frederick St., Baltimore, Md.

ALL SURGICAL OPERATIONS PERFORMED.—No. 7, South Frederick St., Baltimore, Md. Dr. J. is assisted by a young man, who is a graduate of the Medical College of Pennsylvania, and who is a full and complete physician.

As there are so many ignorant and worthless quacks advertising themselves as Physicians, and using the health of the afflicted Dr. Johnston would say to those unacquainted with his reputation that his Credentials or Diplomas always hang in his office.

Weakness of the organs immediately cured, and full vigor restored.

All letters post paid—remedies sent by mail.

My old stock of Goods will be sold at 15 per cent. below cost. April 12, 1854.

NEW CLOTHING STORE!
Now's the Time for Bargains!
30 per cent. Cheaper than the Cheapest!!

THE undersigned most respectfully announces to the citizens of Huntingdon and vicinity, that he has opened one of the most splendid assortments of Ready-Made Clothing that he has ever been in the Borough of Huntingdon. He takes pleasure in stating to the public that he is fully prepared to sell

Cheaper than the Cheapest!
He will constantly keep on hand the greatest variety of the following articles, viz:

ZINC PAINTS.
ONE THIRD CHEAPER THAN WHITE LEAD, AND FREE FROM ALL POISONOUS QUALITIES.

The New Jersey Zinc Company HAVING GREATLY ENLARGED THEIR WORKS, and improved the quality of their products, are prepared to execute orders for their

SUPERIOR PAINTS.
DRY, and GROUND IN OIL, in assorted packages of from 25 to 500 pounds; also

DRY, in barrels, 200 pounds each. Their WHITE ZINC, which is sold dry or ground in oil, is warranted PURE and unsurpassed for BODY and uniform whiteness.

A method of preparation has recently been discovered, which enables the Company to warrant their paints to keep fresh and soft in the kegs for any reasonable time. In this respect their paints will be superior to any other in the market.

Their **New Zinc Paint**, which is sold at a low price, and can be made from the Zinc ore from New Jersey, is now well known for its protective qualities when applied to iron or other metallic surfaces.

Their **Stone Color Paint** possesses all the properties of the Brown, and is of an agreeable color, and for painting Cottages, Depots, Oar-buildings, Bridges, &c.

Dealers supplied on liberal terms by their Agents, **FRENCH & RICHARDS**, Wholesale Paint Dealers and Importers, No. W. corner 6th & Market Sts., Phila. April 19, 1854.—6m.

Country produce taken in exchange for goods, at the highest market prices. Huntingdon, April 5, 1854.

White Sulphur and Chalybeate Springs, AT DOUBLING GAP.

THESE Springs are now open for the reception of visitors. They are situated in Cumberland county, Penn'a., 30 miles west of Harrisburg, and are accessible by the Cumberland Valley Railroad to Newville; from thence in good coaches and over easy roads eight miles to the Springs. Many improvements have been made since the last visit, and the recent discovery of the Chalybeate Spring adds greatly to the inducements presented for the present season. The accommodations for Bathing in all the usual modes—water Hot and cold, fresh or mineral—Persons visiting us will find a happy retreat and a pleasant home. Below you have the analysis of our Sulphur and Chalybeate Springs.

SCOTT COYLE, Proprietor.

ANALYSIS OF THE WHITE SULPHUR AND CHALYBEATE SPRINGS.
The odor of Sulphuretted Hydrogen, perceived at some distance from the Spring, imparts to the water the peculiar properties of Sulphur Springs. Besides this ingredient, I find that the water contains Carbonate of Lime, Magnesia, Glauber's Salt, Epsom Salt, and Common Salt, ingredients which give it an increased value. After removing the excess of Carbonic Acid which it contains, it gives an alkaline reaction. The Chalybeate water yields a precipitate after ebullition or continued exposure has expelled the excess of Carbonic Acid. Besides the Bicarbonate of Iron, which is its chief characteristic, it also contains Epsom Salt, Common Salt, and Carbonate of Magnesia.

Respectfully yours, **JAS. C. BOOTH.**

CERTIFICATE OF PHYSICIANS.
Having examined the elements that enter into the composition of the White Sulphur and Chalybeate Springs, of Doubling Gap, as exhibited in their analysis by Professor Booth, of the Mint, a practical and competent chemist, are authorized to say, that they possess all the salutary properties of similar medicinal waters, in the various diseases for which their use has been recommended by Physicians.

R. H. HATFIELD, M. D.
NICHOLAS H. TOWNSEND, M. D.
HENRY HARTSHORN, M. D.
July 5, '54.—2m. Philadelphia.

A FRESH supply of Gingham, Check, and Shambray, just received and for sale by **J. & W. SAKTON.**

ARMITAGE'S
Electro-Magnet Lighting Rods.

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principles of protecting families, dwellings and property from the destructive influence of lightning. The calamities that every City, Town, Village and Court belong to are annually, through the gross negligence of its inhabitants, beyond calculation, especially when the remedy is so easy to obtain—this is found in **Armitage's Patent Magnetic Lightning Rods**, which are now being used by the most scientific gentlemen in the world—Professors M'Arris, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country, for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct the electricity to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in

The State of New York, Philadelphia. where all persons are respectfully invited to call and examine for themselves. For sale Wholesale and Retail, by **THOS. ARMITAGE**, No. W. corner 6th & Market Sts., Phila. Orders promptly attended to. Terms cash.

Recommendations.
PHILADELPHIA, Aug. 19, 1847. I have this day carefully inspected a conductor or Lightning Rod, with vane and indirect conductor, by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best that I have ever seen, but that it is the only one I have yet examined that is constructed on a strictly scientific principle. It is with much pleasure that I recommend this conductor to the attention of owners of buildings.

H. MCMURTRIE.
I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been used. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle that is sound. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with the use of these rods several years, and before he commenced the manufacture of these Rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. I have seen and used all other kinds of rods, and the extensive sales in all parts of the country, is ample confirmation of their utility and superiority.

H. MCMURTRIE.
I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been used. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle that is sound. The electric shock is received and dispersed by the magnet at the top of the rod, and
