

BALTIMORE LOCK HOSPITAL

Where may be obtained the most speedy remedy for SECRET DISEASES—Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those peculiar affections from a secret cause, the youth of both sexes, which if not cured, produce constitutional debility, rendering marriage impossible, and in the end destroying both Mind and Body.

Young Men, especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have embraced listless, sinners with the thunders of eloquence, or walked to ecstasy the living lyre, may call with full confidence.

Married Persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

Dr. Johnston's office No. 7 South Frederick St., seven doors from Baltimore Street, east side up the steps. Be particular in obtaining the name and number, or you will mistake the place.

A cure warranted, or no charge made, in from one to two days.

TAKE NOTICE—Dr. Johnston's office is in his dwelling, up the steps. His very extensive practice is a sufficient guarantee that he is the only proper physician to apply to.

Dr. Johnston, member of the Royal College of Surgeons, London, graduate from one of the most eminent colleges of the United States, and the greater part of whose life has been spent in the Hospital of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and habitually waking up in the morning attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE—It is a melancholy fact that thousands of victims of this horrid disease are owing to the unskillfulness of ignorant pretenses who by the use of that deadly poison Mercury, ruin the Constitution, causing the most serious symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, etc., progressing with frightful rapidity till death puts a period to their dreadful suffering, by sending them to that Bourne whence no traveler returns.

TAKE PARTICULAR NOTICE—Young men who have injured themselves by a certain practice indulged in from alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body.

What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature and indulging in a certain secret habit. Married persons, or those contemplating marriage, should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, and the prospect homelike, a dreary and cheerless view; the mind becomes shadowed with despair, and filled with the melancholy reflection, that the happiness of another becomes blighted with his own.

CONSTITUTIONAL DEBILITY—Dr. J. addresses his remarks to those who have injured themselves by private and improper indulgence.

IMPURITIES—These are some of the sad and melancholy effects produced by early habits of youth: Weakness of the Back and Loins, Pain in the Head, Dizziness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dropsy, Nervous Irritability, Detachments of the Digestive Functions, General Debility Symptoms of Consumption, &c.

ACCURACY—The fearful effects on the mind are such to be dreaded; Loss of memory, Confusion of Ideas, Depression of Spirit, Evil Fancies; Aversion to Society, Self-Distrust, Love of Solitude, &c., are some of the evils produced.

Thousands of persons of all ages, even now judge that a sufficient cure of their disease is made when their vigor, becoming weak, pale and emaciated, has singular appearance about the eyes, cough, and systems of consumption.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

ALL SURGICAL OPERATIONS PERFORMED—N. B. Let no false delicacy prevent you, but apply immediately either personally or by letter. Skin Diseases Speedily Cured.

TO STRANGERS—The many thousands cured at this Institution in the last ten years, and the numerous important Surgical Operations performed by Dr. J., witnessed by the Reporters of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee of the success which will find a skillful and honorable Physician.

As there are so many ignorant and worthless quacks advertising themselves as Physicians, ruining the health of the afflicted, Dr. Johnston would say to those who have heard of his reputation that his Credentials or Diplomas always hang in his office.

Weakness of the organs immediately cured, and full vigor restored.

All letters post paid—remedies sent by mail. May 22, 1854-ly.

BOOKS! BOOKS!!

NEW CLOTHING STORE!

Now's the Time for Bargains! 30 per cent. Cheaper than the Cheapest!!

The undersigned most respectfully announces to the citizens of Huntingdon and vicinity, that he has opened one of the best and most splendid assortments of Ready-Made Clothing that has ever been in the county of Huntingdon. He takes pleasure in stating to the public that he is fully prepared to sell

Cheaper than the Cheapest! He will constantly keep on hand the greatest variety of the following articles, viz: **Superfine Black Dress and Frock** Coats, brown and fancy sack coats, pantaloons new style, black and fancy cassimere, and cassimere corduroy.

Also, a great variety of plain and fancy **Summer Pantaloons**, Vests, the richest and most varied assortment ever offered in this place.

Robbed, but not disheartened. The public generally, and the retailers who, some time since, entered my store and removed valuable to the amount of about \$1100 without my permission, are informed that I have just opened a more general and better assortment of ready-made clothing than has ever been in the county of Huntingdon, consisting of Watches, Jewellery, Clocks, Fine Knives, Pencils, Pistols, Perfumery, Port Monies, Trunks, Silver Ware, and Fancy Articles, &c., &c. My old friends and customers, and the public in general, are invited to call and examine my assortment.

White Sulphur and Chalybeate Springs, at DOUBLING GAP. THESE Springs are now open for the reception of visitors. They are situated in a Cumberland county, Penn'a., 30 miles west of Harrisburg, and are accessible by the Cumberland Valley Railroad to Newville; from thence in good coaches to the Springs, a distance of nine miles to the Springs. Many improvements have been made since the last year, and the recent discovery of the Chalybeate adds greatly to the inducements presented for the present season. The accommodations for Bathing in all the usual modes—by Hot and Cold Water, by Minerals, and by the use of Sulphur and Chalybeate Springs.

ANALYSIS OF THE WHITE SULPHUR AND CHALYBEATE SPRINGS. The odor of Sulphuretted Hydrogen, perceived at some distance from the Springs, imports to this water the peculiar properties of Sulphur Springs. Besides this ingredient, I find that the water contains Carbonate of Soda, and of Magnesia, Glauber's Salt, Epsom Salt, and Common Salt, ingredients which give it an increased value. After repeated chemical analyses, an eminent chemist informs, it gives an alkaline reaction. The Chalybeate water readily yields a precipitate, after ebullition or continued exposure has expelled the excess of Carbonic Acid. Besides the Bicarbonate of Iron, which is the chief chalybeate, it also contains Epsom Salt, Common Salt, and Carbonate of Magnesia.

ZINC PAINTS. ONE THIRD CHEAPER THAN WHITE LEAD, and FREE FROM ALL POISONS QUALITIES.

The New Jersey Zinc Company HAVING GREATLY ENLARGED THEIR WORKS, and improved the quality of their products, are prepared to execute orders for their

SUPERIOR PAINTS. DRY, and GROUND IN OIL, in assorted packages of from 25 to 500 pounds; also

PURIFIED WHITE ZINC, which is sold dry or ground in oil, is warranted PURE and unsurpassed for BODY and uniform whiteness.

A method of preparation has recently been discovered, which enables the Company to warrant their paints to keep fresh and soft in the kegs for any reasonable time. In this respect their paints will be superior to any other in the market.

Their *Best Zinc Paint*, which is sold at a low price, and can only be made from the Zinc ores of New Jersey, is now well known for its protective qualities when applied to iron or other metallic surfaces.

Their *Best Color Paint* possesses all the properties of the Brown, and is of an agreeable color for painting Cottages, Depots, Out-buildings, Bridges, &c.

Dealers supplied on liberal terms by their Agents, **FRANKLIN, HARRISBURG, and PHILADELPHIA Paint Dealers and Importers.** N. W. corner of 10th & Market Sts., Phila. April 19, 1854-6m.

MOUNTAIN FEMALE SEMINARY. The Mountain Female Seminary at Birmingham, Huntingdon county, Pa., on the Pennsylvania Railroad, occupies one of the most healthy and desirable locations in the United States. The buildings are spacious, and the air is pure, and it is situated on a hill, which is covered with access, retired, healthy, and surrounded with such romantic mountain scenery, that no one who wishes to learn, could find an institution more favorably situated. Past success and future prospects have induced us to greatly enlarge our plans, and enabled us to give such possessions to teachers as will command those possessing the highest qualifications.

Costs per term of 22 weeks, varies from \$55 to \$60, for which good accommodations will be given. Music, French, Latin, Painting, &c., extra.

Pupils from abroad are expected to board in the Seminary, which is prepared to give them the best of every attention to the interest of the Institution. ISRAEL W. WARD, Principal. Oct. 3, 1853.

ARMITAGE'S

Electro-Magnet Lighting Rods. AFTER many years' close investigation and numerous experiments, the Patentee has discovered in informing the public that he has arrived at the true principles of protecting buildings, dwellings and property from the destructive influence of Lightning. The calamities that every City, Town, Village and Country falls victim to annually, through the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in **Armitage's Patent Magnetic Lighting Rods**, and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, and recommended them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country, for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the clouds, without the fatal loss of the electric conductor. This rod has many other advantages over the old one. The only place of manufacturing it is in *Vine St. 3 doors above Twelfth, Philadelphia*, where all persons are invited to call and examine them for themselves. For sale Wholesale and Retail, by THOS. ARMITAGE. Orders promptly attended to. Terms cash.

Recommendations. PHILADELPHIA, Aug. 13, 1847. I have this day carefully inspected your Electro-Magnet Lighting Rod, with vine and iron, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best that I have ever seen, but that it is the only one that I believe to be constructed on strictly scientific principles. It is with much pleasure that I recommend this conductor to the attention of owners of buildings.

I am well satisfied that the Magnetic Lighting Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitations in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a lightning bolt to be attracted to the rod when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these Rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority.

TRACY E. WALLER, M. D. Rising Sun, Philad., on April 10, 1852. The following extract is taken from an editorial in the *Germanian Telegraph*, edited by Major Frazar: "The hogs rod placed upon our dwelling we have had taken down; and another erected by Mr. ARMITAGE, to which we would call the attention of our farmers and readers generally. It is put up in true scientific principles, and is a rod that has been approved by the highest authorities, and will bear the most thorough examination. Those who have been deceived, as we have been, should lose no time in having a proper protection against lightning, substituted. The cost is a mere bagatelle when compared with the entire safety of our houses and barns against this destructive element. Mr. ARMITAGE'S advertisement will be found in the columns of this paper; and we feel as though we were performing an imperious duty to our country, by thus inviting to its general attention."

PHILADELPHIA, Dec. 4, 1852. Mr. T. ARMITAGE, Vine Street, west of Twelfth Street, Philadelphia. My dear Sir, I have many times, and with great pleasure, informed you that I am highly delighted with the lightning rod you placed upon my house at Bastleton. As far as my chemical knowledge enables me to perform duty, I have no hesitation in saying that the correct principles in the adaptation of rods to protect property from destruction by lightning; as soon as the advantages of your arrangements are understood, I am convinced that few persons will be found so ready as to relinquish the protection afforded by your rods. Wishing you all success in your enterprise, I am yours truly, JAMES McCLINTOCK, M. D. Professor of Anatomy, Philadelphia College of Medicine.

SAMUEL HOOVER, Agent for Huntingdon and adjoining counties, and will furnish the Rods on the same manner as the Proprietor. Any person desiring to be supplied with the Rods can leave their order with the Editor of the Journal, or with Galfus Miller, of the Rail Road Hotel.

PERFUMERY—A good lot of the best of 500 lbs. of Cod Fish, just received and for sale by J. & W. SAXTON.

PROCLAMATION

To the INVALIDS OF HUNTINGDON. \$1,000 Reward! **PULVERMACH'S** Hydro-Electric Voltaic Chains. ARE for the first time introduced to the people of Huntingdon and vicinity, as the most beneficial, effectual, and strictly scientific mode of instantly relieving and permanently curing all NERVOUS DISEASES.

Now we know that an announcement similar to the above meets the eye of the reader almost daily, and perhaps this may be classed with many others. But listen or you do us injustice. It is claimed that Pulvermach's Electric Chain, is the only magnetic remedial agent that is secured in this country, granted by this government, on the ground that it was a strictly useful and scientific article. The Chains are now on exhibition at the Crystal Palace, and attract much attention from the thousands who daily visit it.

MODE OF USE. The manner of using the chains is very simple. The chain is first moistened with common vinegar, and then one end of the chain is applied to the part where the pain is located, and the other end applied to the forehead or to the back of the neck, so that the ends of the chain should never touch each other. At the moment of application, the most acute pain is instantly relieved, wherever it is located, by the passing through the part a constant current of uninterrupted electric force. It is a large assortment of fancy Watches, Sofa Tables, marble tops, and Washstands; Walnut and Mahogany French Tete-a-tetes, Divans, Wardrobes, Bookcases, French Bedsteads; Fan and Trunk Sewing Machines, and Sewing Machines; a large assortment of fancy Watches, Sets of Arm-chairs Cushions; Cottage furniture made in every style and color; Sofa Beds and Lounges, wholesale and retail, and warranted to give satisfaction, and sold at the lowest prices. Sep. 28, 1853-ly.

Late Arrival of New Goods. A large lot of barrel Delans, Persian Towels, Domestic and French Gingham, Alpacas, sack Flannels, Tweeds and Linseys, brown and bleached muslins, a large stock of ribbons, and a handsome assortment of dress goods for ladies and gentlemen.
