

**BALTIMORE LOCK HOSPITAL.**

Where may be obtained the most speedy remedy for SECRET DISEASES—Gonorrhoea, Stricture, Venereal Ulcers, Pain in the Lungs, Inflammation of the Kidneys, and all those peculiar affections arising from a secret habit, particularly the youth of both sexes, which if not cured, produces constitutional debility, rendering marriage impossible, and in the end destroys both Mind and Body.

Who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant talents, who might otherwise have attained to the highest honors of science, of eloquence, or walked to ecstasy the living lyre, may call with full confidence.

Married Persons, or those contemplating marriage, being aware of the danger of venereal diseases, should consult Dr. J., and be restored to perfect health.

Dr. Johnson, of No. 7 South Frederick St., seven doors from Baltimore Street, east side up the steps. Be particular in observing the name and number, or you will mistake the patient.

A cure warranted, or no charge made, in from one to two days.

TAKE NOTICE—Dr. Johnson's office is in his dwelling on the steps. His very extensive practice is a sufficient guarantee, that he is the only proper physician to apply to.

Dr. Johnson, member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and sometimes with frequent blinding attended sometimes with frequent attacks of mind, were cured immediately.

A CHRYSIAN DISEASE—It is a melancholy fact that thousands fall victims to this horrid disease owing to the unskillfulness of ignorant pretenders who by the use of violent remedies, mercury, ruin the Constitution, causing the most serious symptoms, that of dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, etc., progressing with frightful rapidity till death overtakes the patient, or a period of the most painful suffering, by sending them to that Bourne whence no traveler returns.

TAKE PARTICULAR NOTICE—Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are rightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body.

What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons before contemplating marriage, should reflect that a sound mind and body are the most necessary requisites to matrimonial happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection, that the happiness another becomes his misery.

CONSTITUTIONAL DEBILITY—Dr. J. addresses young men, and all who have injured themselves by private and improper indulgence.

IMPURITIES—These are some of the sad and melancholy afflictions which attend the youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Detachments of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALITY—The fearful effects on the mind are much to be dreaded: Loss of memory, Confusion of ideas, Depression of Spirit, Evil Forbodings, Aversion to Society, Self Distrust, Love of Solitude, &c., are some of the most distressing symptoms.

These ailments of persons of all ages, can be cured, what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, having singular appearance about the eyes, cough and symptoms of Consumption.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health. Office, No. 7, North Frederick St., Baltimore, Md.

ALL DISEASES OPERATIONS PERFORMED—N. B. Let no false delicacy prevent you, but apply immediately either personally or by letter. Suffer Diseases Speedily Cured.

TAKE NOTICE—The many thousands cured at this Institution, within the last ten years, and the numerous important Surgical Operations performed by Dr. J., witnessed by the Reporters of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee, that the afflicted will find a skillful and honorable physician.

**White Sulphur and Chalybeate Springs, AT DOUBLING GAP.** THESE Springs are now open for the reception of visitors. They are situated in Cumberland county, Penna., 30 miles west of Harrisburg, and are accessible by the Cumberland Valley Railroad. The water is of fine quality, and over easy roads, eight miles to the springs. Many improvements have been made since the last year, and the recent discovery of the Chalybeate Springs adds greatly to the inducements presented for the present season. The accommodations for bathing in all the usual modes—water Hot and cold, fresh or mineral. Persons visiting will find a happy retreat and a pleasant home. Below you will find the analysis of our Sulphur and Chalybeate Springs. SCOTT COYLE, Proprietor.

**ANALYSIS OF THE WHITE SULPHUR AND CHALYBEATE SPRINGS.** The odor of Sulphuretted Hydrogen, perceived at a distance from the Springs, imparts to this water the peculiar properties of Sulphur Springs. Besides this ingredient, I find that the water contains Carbonate of Soda, and of Magnesia, Glauber's Salt, Epsom Salt, and Common Salt, in quantities which give it an increased value. After the excess of Carbonic Acid which it contains, it gives an alkaline reaction. The Chalybeate water readily yields a precipitate, after filtration or continued exposure has expelled the excess of Carbonic Acid. Besides the Bicarbonate of Iron, which is its chief characteristic, it also contains Epsom Salt, Common Salt, and Carbonate of Magnesia. Respectfully yours, JAS. C. BOOTH.

**CERTIFICATE OF PHYSICIANS.** Having examined the water which enters into the composition of the White Sulphur and Chalybeate Springs, of Doubling Gap, as exhibited in their analysis by Professor Booth, of the Mint, a practised and competent chemist, are authorized to say, that they possess all the sanative properties of similar waters, and are well adapted to the diseases for which their use has been recommended by Physicians.

Strangers visiting the Institution have unanimously expressed the opinion, that it is so easy of access, retired, healthy, and surrounded with such romantic mountain scenery, that no one who wishes to learn, could find an institution more favorable to the purpose. The future prospects have induced us to greatly enlarge our plans, and enabled us to give such compensation to teachers as will command those possessing the highest qualifications.

Cost, per annum of 22 weeks, varies from \$55 to \$60, for which good accommodations will be given. Music, French, Latin, Painting, &c., extra. Pupils from abroad are expected to board in the Seminary building with the Principal, who gives particular attention to the interest of the Institution. ISRAEL W. ARD. Oct. 5, 1853. Painesville.

**ARBITRAGES**

**Electro-Magnet Lightning Rods.** AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has discovered the true principles of protecting dwellings and property from the destructive influence of Lightning. The calamities that every City, Town, Village and Country fall victims to annually, through the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in **ARMITAGE'S Patent Magnetic Lightning Rods**, and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors McMurtrie, Johnson, Waller and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country, for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the rod in a state of ignition, and many other advantages over the old one. The only place of manufacturing is in **Vue St. 3 doors above Twelfth, Philadelphia**, where all persons are respectfully invited to call and examine for themselves. For sale Wholesale and Retail by **TRACY E. WALLER**, at No. 110 Arch Street, Philadelphia. Orders promptly attended to. Terms cash.

**Recommendations.** PHILADELPHIA, Aug. 13, 1847. I have this day carefully inspected a conductor or Lightning Rod, with vane and inset, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best that I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend this conductor to the attention of owners of buildings. TRACY E. WALLER, M. D.

I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle upon which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority.

**TRACY E. WALLER, M. D.** Rising Sun, Philad., Oct. 19, 1852. The following extract is taken from an editorial in the *Germantown Telegraph*, edited by Major PRINCE: "The beneficent rod placed upon our dwelling we have had taken down and another erected by Mr. ARMITAGE, to which we would call the attention of our farmers and readers generally. It is put up on true scientific principles, and is a rod that has been approved by the highest authority, and will bear the most violent storms of lightning without being injured. The cost is a mere bagatelle when compared with the entire safety of our persons and houses against this destructive element. Mr. ARMITAGE'S advertisement will be found in the columns of this paper; and we feel as though we were performing an important duty to the community, by thus inviting it to general attention." PHILADELPHIA, Dec. 4, 1852.

**SAMUEL HOOVER**, of Huntington, Luzerne Co., Pa., is Agent for Huntington, and adjoining counties, and will furnish the Rods on the same plan as the Proprietor. Any person desiring to be supplied with the Rods can leave their order with the Editor of the *Journal*, or with J. Ladue, Miller, or the Rail Road Office. Price \$12, 50—2m.

**PROCLAMATION**

**To the INVALIDS OF HUNTINGTON.** \$1,000 Reward! **PALVERMAEHER'S Hydro-Electric Voltaic Chains.** ARE for the first time introduced to the people of Huntington and vicinity, as the most successful, effectual, and strictly scientific mode of instantly relieving and permanently curing all NERVOUS DISEASES.

Now know that an announcement similar to the above meets the eye of the reader almost daily, and perhaps this may be assumed with many others. But listen or do you us injustice. It is claimed that Palvermaeher's Electric Chain, is the only magnetic remedial agent that is secured by patent, granted by this government, on the ground that it was a strictly useful and scientific article. The Chains are now on exhibition at the Crystal Palace, and attract much attention from the thousands who daily visit it.

The manner of using the chains is very simple. The chain is first moistened with common salt water, and one end of the chain is fastened to the part where the pain is located, and the other end opposite to the first. The ends of the chain should never touch each other. At the moment of application, the most acute pain is instantly relieved, wherever it is located, by the passing through the part a constant current of uninterrupted electric magnetism. In the following diseases, no other remedy has ever given such complete and perfect satisfaction to the patient as Palvermaeher's Chain: Rheumatism, Paralysis of the Joints, Pains in the Back, Deafness, Blindness, Paralysis, Neuralgia in the Face, Long standing Nervous Headache, Palpitation of the Heart, General Debility, Dyspepsia, Female Diseases, Asthma, Contracted Joints, &c.

**100 DOLLARS** will be given to any person who will produce so many well authenticated certificates of cure from intelligent patients and scientific physicians, of the above diseases, as has been performed by the use of the Electric Chain during the past year.

**ANOTHER FACT.** It is truly the fact that wherever the electric chain has been introduced, locked joints and common lard have greatly diminished in sale, people having become disgusted with the practice of using their stomachs for drug shops.

**RECOMMENDATIONS.** The Electric Chains are highly recommended by the *Glossary* Mott, Van Buren, Post and Carnahan, of New York, and also by the *Medical Directory* of that city. The chains will last for years, are always ready for use, and produce no injurious results, when used as directed.

**FEMALE DISEASES.** The introduction of the Electric Chain into this country is the latest of a new era in medicine. During the last twenty-four years, nearly a century, it has been estimated that ten thousand females have died yearly from this one disease.

**PROLAPSUS UTERI.** It is well known to medical men that this common disease is beyond the reach of medicine, and therefore it is to be regarded as a terminal disease. During the last twenty-four years, nearly a century, it has been estimated that ten thousand females have died yearly from this one disease.

**CHRONIC RHEUMATISM.** The Electric Chains never fail to relieve the severe pains and swelling incident to this disease. The most difficult cases, and in no single instance have they failed to give instant relief. All persons who are victims of this usual winter complaint, are kindly invited to call and obtain a pamphlet of **ROBERT W. WARE**, of Huntington, who will also explain their mode of use.

The electric chains can be sent by mail to any part of the United States, by addressing (post paid) to **ROBERT W. WARE**, of Huntington, or to **JOSEPH STEINERT**, Gen. Agent, 565 Broadway, N. Y. January 18, 1854—1y.
