

led, including Admiral Karamell. The branch which had been effected by the allies in the Russian works was at the last dates not sufficiently practicable to storm. In the successful Russian report says that Lord Dunsink, an English nobleman, was taken prisoner. The reported defeat of the Russians at Gauri, in Asia, is confirmed.

The Queen Mother of Bavaria is dead.

The London Times justifies the refusal of the French government to allow Mr. Soule to pass through France, and also says that Messrs. Buchanan and Mason regard this insult to Mr. Soule as a national matter. It is rumored that Mr. Mason has demanded an apology, which the times says will not be conceded.

**Exciting Times in Kansas.**

We make the following extracts from a letter published in Boston Atlas, dated Lawrence City, Kansas Territory, October 13th:

Our party is expecting to be compelled to fight, this afternoon, several Missourians, who are coming up here to drive us as they say, into the river. They make pretensions to be strong enough to do it. About one week since they were here for the same purpose, but our party turned out, armed with guns, pistols, &c., and showed the Missourians how strong our party was. No fighting was done. The Missourians retreated, and ever since that time they have been laboring to get all their forces together to destroy us this P. M. Our party have been busy all this morning cleaning their firearms and practicing shooting, &c., and if we are sent home this P. M. to Massachusetts, at the point of the bayonet, you will probably see us in Boston soon. We will march in as the soldiers did a few years since on their return from the bloody fields of Mexico.

Considerable excitement was manifested today by some members of our party, who had been out to look at the country, and were successful in finding an abundance of coal, in masses along the banks of the Kansas river. Some of this coal, and nearly a bushel is on this table where I am now writing, brought in today by some of the exploring party, appears to be of the best quality of coal used in this country. (United States.)

The great battle is over, the smoke has cleared away, and the city is quiet, unusually so, considering the circumstances of the day. Our expectations are over, as no wounded are concerned no one dead, no one wounded, all are well. The brave and would be considered fearless Missourians, have retired from the field of action. They came here this noon, and their number was so small that they considered it of no use to do any thing desperate.

**LOTIS NAPOLEON.**—A writer in the London Economist concludes an article on Napoleon 111., with this language:—

"The same man who landed at Boulogne in 1810 with a single steamer and a few friends on a desperate and abortive expedition, revisits it in 1854 to review a vast army and receive the homage of countless spectators."—The same man who six years ago lived in obscurity at London, scarcely able to pay his tailor's and quite unable to pay his horse dealer's bill—whom many looked upon as wise—of whom few argued well and whom few would trust much—we have just seen receiving the visits and compliments of the consort of our Queen entertaining three royal guests at his table—one of them the son-in-law of the very monarch whom he had succeeded and admitted beyond all denial into the social circle of royal personages.

Nor is this change in his singular fortune the only one, nor perhaps the greatest. We can imagine him smiling with even a more grim satisfaction as he contracts the language of the English press regarding him in 1852 and now, sitting with the Times and Examiner of December, 1851, or August, 1851, before him—and marveling at the metamorphosis—the unmeasured awe which was showered upon him at the former date, and the decorous respect and cordial praise with which he is spoken of now.

The queerest object in existence is a Spanish beggar, for these beggars beg on horse back; and it is a queer thing to see a man riding up to a poor foot passenger asking alms. A gentleman in Valparaiso, being stopped by one of these mounted beggars replied "Why do you come to beg of me, who have to go on foot, while you ride on horseback?" Very true, sir, said the beggar; and I have more need to beg, as I have to support my horse as well as myself.

**A LOFTY MOUNTAIN.**—Mount Hood in Oregon, has now been ascertained, by actual measurement, to be five feet eight thousand three hundred and sixty-one feet high. This is the highest peak on the American continent, and one of the highest in the world. From this peak mountain tops five hundred miles distant are distinctly seen. The mountain is volcanic, smoke being seen to issue from the summit.

**THE MARKETS.**

HUNTINGDON, November 15, 1854.

Flour per bbl.	.....\$1.00
Rye Flour per bu.	.....2.00
Butter per lb.	.....20
Corn per bu.	.....50
Oats per bu.	.....60
Hay per ton	.....16 00
Butter per lb.	.....20
Lard per lb.	.....12
Eggs per doz.	.....18 1/2

**PHILADELPHIA, Nov. 13.**—The market for Flour is dull; there is nothing doing for export, and standard brands are freely offered at \$9, without finding buyers; transaction limited to small lots taken for home use from \$9 to \$10 50 per bbl., to brand, the are later for extra family flour. Of Corn Meal a further sale of 200 bbls. Penna Meal was made at \$4.25 per bbl. Rye Flour continues scarce at \$7 per bbl. Grain—there is not much doing offering to day, but buyers are holding off, and the demand is limited at about previous prices; some 2@3000 bus prime Penna sold in small lots at 195c for reds, and 200@205c for white; good southern red was afterwards offered at 190c without finding a purchaser. Rye is scarce and wanted, and 12@1500 bus Penna sold in lots at 120@122c, mostly at the latter rate. Corn continues in steady demand at fully former quotations, and some 10@1200 bus sold at 73@90c for prime new, to arrive, 83 3/4 for cut, and 85c for prime old Yellow. Oats are dull; some small lots sold good Southern brought 53@54c but 2500 bus very prime afterwards sold at our highest figures.

**THE most extraordinary discovery in the World is the Great Arabian Remedy for Man and Beast.**

H. G. FARRELL'S CELEBRATED ARABIAN LINIMENT.

H. G. FARRELL'S GENUINE ARABIAN LINIMENT is a most extraordinary medicine, the truth of which is placed beyond doubt by the vast sales of the article and the many cures being daily performed by it, which previously had resisted all other medicines and the skill of the best physicians in the world. It is composed of balsams, extracts and gums peculiar to Arabia—possessing, in a concentrated form, all their stimulating, anodyne, penetrating, unctuous and revulsive properties, and the same which, ages ago, were used by the "Sons of the Desert," with such miraculous success, in curing the diseases of both man and beast.

Read the following remarkable cure, which should of itself place H. G. Farrell's Arabian Liniment far beyond any similar remedy.

The triumphant success of the great Arabian remedy for man and beast.

H. G. FARRELL'S CELEBRATED ARABIAN LINIMENT.

Is causing counterfeits to spring up all over the country, spreading their baneful influence over the land, robbing the pockets of the honest and unsuspecting, by imposing upon them worthless and poisonous trash, for the genuine H. G. Farrell's Arabian Liniment. Follow Citizens! Look well before you buy, and see that the label of the bottle has the letters H. G. before Farrell's, for if it has not, it is counterfeited. The label around each bottle of the genuine Liniment reads thus:—"H. G. Farrell's Celebrated Arabian Liniment," and the signature of the proprietor, is written upon the label also, and these words are blown in the glass bottle." H. G. Farrell's Arabian Liniment.

The daring boldness of the counterfeit who would deceive the people by imposing upon them worthless trash, for a really genuine medicine, thus not only cheating them out of their money, but that which is far dearer—their health—ought to be held up in scorn, and receive the contempt his dastardly spirit merits. Let every one who regards his own health, and wishes truth and honesty to triumph over deception and guile, put his hand on all these impostures, and uphold that which is just and right. The genuine H. G. Farrell's Arabian Liniment has proved itself to be the most remarkable medicine known for the cure of rheumatism, neuralgia, pains, wherever located, sprains, bruises, haled joints, burns, wounds, corns, chronic sore and weak eyes, lame back, etc., and is an excellent remedy for horses, and cattle in the cure of swag, distemper, lameness, dry shoulder, splint, wounds, etc., and will always stop the further progress of polv-evil, fistula, ringbone, and blood spavin, if used in the beginning.

**Look out for Counterfeits!**

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, because he will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper, all others are counterfeits.

Sold by Thos. Read & Son, Huntington, R. E. Sellers & Fleming Brothers wholesale, Pittsburgh, and by regularly authorized agents throughout the United States.

Price 25 and 50 cents, and \$1 per bottle.

**AGENTS WANTED** in every town, village and hamlet in the United States, in which one is not already established. Address H. G. Farrell as above, accompanied with good reference as to character, responsibility, &c.

**PRIVATE SALE OF VALUABLE REAL ESTATE.**

THE undersigned will sell at Private Sale, either or all of the following described tracts of land, to wit:

No. 1. A tract of Limestone land near the Shale Hill, in Todd township, containing 170 Acres. This land is patented with good buildings and good water thereon; and about 100 acres cleared and cultivated.

Huntingdon Co., about one mile from the Burnt Cabin road, adjoining James Jones' land, containing 134 Acres of farm land and 30 acres of Mountain land adjacent. Some 75 acres are cleared and cultivated; with a house and barn, orchard and excellent water on the premises.

No. 3. A tract of 200 acres of land, in Walker township, at the mouth of Haystack Branch, three miles below Huntington, partly river bottom and partly level table land. About 80 acres are cleared and cultivated, with a dwelling house and barn on the premises—a number of bearing fruit trees and a young orchard of graded apple and peach trees, &c.

No. 4. A tract of 287 acres of land in Todd township, with a house and barn thereon erected and about 60 or 70 acres cleared and cultivated, with good water and good fruit trees—now in the tenancy of Vincent Robinson. This land lies near the route of the projected Drake's Ferry & Broad Top Railroad.

No. 5. A tract of 140 acres of land in Hopeville, adjoining land of John Deaver, Jns. Estlin and others, and lying near the route of a new log dwelling house thereon. This land is fresh and productive, and adjoins the Broad Top Railroad at Coffee Run.

The terms will be made easy to suit purchasers and the title will be warranted by DAVID BLAIR, Huntington, Oct. 1854.—4t.
