

Official Directory of Hunt. Co.
President Judge:
Hon. Geo. Taylor, of Huntington.
Associate Judges:
Hon. Jno. Williams, of Franklin tp.
Hon. T. F. Stewart, of West tp.
District Attorney:
J. Sewell Stewart, of Huntington.
Sheriff:
JOSUA GREENLAND, of Huntington.
Sheriff's Counsel:
DAVID BLAIR, Esq., of Huntington.
Prothonotary:
THOS. H. CREMER, Esq., of Huntington.
Register, Recorder, &c.:
M. E. CAMPBELL, of Henderson tp.
County Commissioners:
THOMAS HAMER, of West tp.
ELI SMITH, of Union tp.
SAMUEL WATSON, of Franklin tp.
Commissioner's Clerk:
HENRY W. MILLER, of Huntington.
Commissioner's Attorney:
JOHN REED, Esq., of Huntington.
Auditors:
HENRY BREWSTER, of Shirelyburg.
RALPH CROSSLER, of Cass tp.
DAVID PARKER, of Warriorsmark.
Treasurer:
JOSEPH M. STEVENS, of Petersburg.
Directors of Poor:
SAMUEL MATTER, of Franklin tp.
JOHN BREWSTER, of Shirely tp.
JAMES SAXTON, of Huntington.
Poor House Attorney:
DAVID BLAIR, Esq., of Huntington.
Poor House Treasurer:
HENRY BREWSTER, of Shirely tp.
Deputy Surveyor:
J. S. AFRICA, of Huntington.
Coroner:
ISAAC WOLVERTON, of Brady tp.
Court Crier:
SAMUEL S. SMITH, of Huntington.

Land For Sale.
The undersigned desirous of removing to the West offers for sale his lands, consisting of 265 acres of improved land, the improvements consisting of a good Stone House, a double Log Barn, Carpenter Shop, and a Shop; a great variety of fruit on one end of the farm, and on the other end a two story Log House, and good frame barn, and some young fruit trees planted. There are about 160 or 170 acres cleared, and in a good state of cultivation, the remainder is well timbered, and within 1 mile of a good saw-mill; there are several never failing springs of water on the premises. This property is so situated as to divide into two farms if desired. The property is situated about 34 miles east of this town August 2d, 1854. JOHN PORTER.

Town Property for Sale.
The subscriber offers some valuable property for sale in the Borough of Alexandria, consisting of Two Houses and Lots. The houses are large and comfortable, with every requisite, and well built. One of the houses has been occupied as a store, &c. On the lot are a great variety of fruit trees. Possession could be obtained in the fall if desired. SAMUEL SPYKER. July 5, 1854.

BANKING HOUSE
BELL, GARRETTSON & CO.
On the West Corner of Hill and Montgomery Streets, in the Borough of Huntington.
A general banking business is contemplated to be done.
Drafts on Philadelphia, Pittsburg, &c., &c., always for sale. Collections made at the principal places in the United States.
Money received on deposit, payable on demand, without interest; also for 3, 6, and 12 months, payable with reasonable rates of interest thereon.
Members of Firm:
Hollidayburg, Pa.
J. M. BELL, W. B. JOHNSON,
WM. J. JONES, R. M. Lloyd.

American Artists' Union.
The subscribers to the works of the Artists' Union are respectfully informed that they have received the Secretary's report, in stating that the whole number of Engravings (250,000) will be disposed of within a few months, of which due notice, through the press, will be given.
AGENTS are requested to form Clubs and send in their Subscribers without delay.
J. W. HOLBROOK, Secretary.
505 Broadway, New York.
July 19, 1854-3m.

Farm and Saw-Mill for Sale.
The subscriber offers for sale his Farm and Saw-Mill, situated in Barrow township, of this county, at the junction of Stone Creek, and a Branch, containing Two Hundred and Thirty Acres, of which 80 Acres is cleared and in a good state of cultivation; the balance is covered with Pine and Oak timber, and all tillable.
July 5, 1854. JAMES HEMPHILL.

FRANKLIN HOUSE,
Chestnut Street, between 3d and 4th, PHILADELPHIA.
OLIVER H. PARKER, of Ohio, and JAMES H. LAIRD, of this City, having leased the above well known and popular house, for a term of years, are now prepared to accommodate guests in a manner equal to any house in the city.
The location of this house is superior to any other, being in immediate proximity to business; also, to most of the Banks, Public Offices, Post Office and the Exchange, where omnibuses start for all parts of the city.
The house having been put in thorough repair, and new furniture added, with many modern improvements, will add much to the comfort of guests. The tables will at all times be supplied with the most delicate and choice of food, and nothing will be wanting on our part, to make the FRANKLIN truly the Traveler's Home.
Your patronage is most respectfully solicited.
PARKER & LAIRD.
July 19, 1854-3m.

LAND WANTED.
ANY person having a small piece of land for sale, within ten miles of this place, say six or eight acres, can find a purchaser who will pay the cash down, by calling at my land agency, at the office of the Huntington Journal.
July 26, 1854.

BONNETS, of all sorts and colors, also, Miss' Flats, from 57 1/2 to 300, just received and for sale by J. & W. SAXTON.

SILK Dress Materials, Beraze de Lanes, Beraze, and Lawns of every variety and color, just received and for sale by J. & W. SAXTON.

CLOTHS AND CASSIMERES, plain and fancy, at very low prices, at the store of GEO. GWIN.

GOLD CHAINS—A fine variety for sale, very low, at Edm. Snare's.

JUST RECEIVED and for sale Fish, Salt and Plaster by J. & W. SAXTON.

A BEAUTIFUL assortment of Fancy Cassimers, Cloths, Summer Wear, for men and boys. Also, Carpet Bags, &c., just received and for sale by J. & W. SAXTON.

BALTIMORE LOCK HOSPITAL.
Where may be obtained the most speedy remedy for
SECRET DISEASES—Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those peculiar affections arising from a secret habit, particularly the youth of the country, in their constitutions. The constitutional debility, rendering marriage impossible, and in the end destroys both Mind and Body.

Young Men, especially, who have become the victims of Salutaris, that dread and destructive habit which annually sweeps so unfortunately grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entered listening senates with the thunders of eloquence, or filled the living lyres, may call with full confidence.

Married Persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and his wife, for their health.

Dr. Johnston, office No. 7 South Frederick St., seven doors from Baltimore Street, east side up the steps. Be particular in obtaining the name and number, or you will mistake the place.

A cure warranted, or no charge made, in from one to two days.

TAKE NOTICE—Dr. Johnston's office is in his dwelling, up the steps. His very extensive practice is a sufficient guarantee, that he is the only proper physician to apply to.

Dr. Johnston, member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the Hospital of London, Paris, Philadelphia, &c., and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the ears and head when asleep, great nervousness, frequent fainting, headache, and bad humors, frequent blushing attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE—It is a morbid habit that renders the system liable to a host of diseases, owing to the unskillfulness of ignorant practitioners who by the use of that deadly poison Mercury, ruin the Constitution, causing the most serious symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, &c., progressing with frightful rapidity till death pays a period to their dreadful suffering, by sending them to that Bourne whence no traveler returns.

Particular Notice—Young men who have injured themselves by a certain practice, indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body.

What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such a man, and within 1 mile of a good saw-mill; there are several never failing springs of water on the premises. This property is so situated as to divide into two farms if desired. The property is situated about 34 miles east of this town August 2d, 1854. JOHN PORTER.

CONSTITUTIONAL DEBILITY—Dr. J. addresses the afflicted, and has cured many of them, themselves by private and improper indulgence.

IMPURITIES—These are some of the sad and melancholy effects produced by early habits of youth, viz Weakness of the Back and Limbs, Pains in the Head, Stomach, Loss of Sleep, Loss of Appetite, Palpitation of the Heart, Dropsy, Nervous Irritability, Derangements of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

Medical Operations Performed—Dr. J. performs all delicate operations, and applies immediately either personally or by letter. Skin Diseases Speedily Cured.

To Strangers—The many thousands cured at this Institution within the last ten years, and the numerous important Surgical Operations performed by Dr. J., witnessed by the Reports of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee that the afflicted will receive the most successful and permanent relief.

Weakness of the organs immediately cured, and full vigor restored.

ALL letters post paid—remedies sent by mail.

Mechanics, Inventors and Manufacturers.
\$570 IN CASH PRIZES, \$570.
VOLUME TEN OF THE "SCIENTIFIC AMERICAN" commences on the 16th of September. It is chiefly devoted to the advancement of the Arts, and contains Two Hundred and Thirty Pages of Reading Matter, SEVERAL HUNDRED ENGRAVINGS, with a full and complete Index. Its circulation on the last Volume exceeded 27,000 copies per week, and the practical receipts in it are so valuable to any family much more than the subscription price.

THE following CASH PRIZES are offered by the Publishers for the fourteen largest lists of subscribers sent in by the 1st of January, 1855—\$100 will be given for the largest list; \$75 for the 2nd; \$50 for the 3rd; \$25 for the 4th; \$15 for the 5th; \$10 for the 6th; \$5 for the 7th; \$3 for the 8th; \$2 for the 9th; \$1 for the 10th; \$1 for the 11th; \$1 for the 12th; \$1 for the 13th; \$1 for the 14th. The names will be paid to the order of the successful competitor immediately after the 1st of January, 1855.

HOOPER Still at His Post!
THE undersigned, now engaged in putting up Dr. Johnston's Electro-Magnetic Lightning Rods in this and adjoining counties, respectfully call the attention of the intelligent public to the great superiority of this Patent, at a season like this, when accidents to property and the almost inevitable, it is the dictate of humanity, as well as interest, to make use of the best means of security in our power, for though the Lightning be in the hands of Him who rules the storm, His protection and blessing are always connected with our own efforts.

The Celebrated Prize Cure for Fever and Ague, by B. F. MASTIN.
THIS Remedy is purely vegetable, without any portion of foreign, deleterious, or mercurial ingredients, and is perfectly safe. The contents of a single Bottle is sufficient to cure the most obstinate case in a single day.

It strengthens the stomach, invigorates the frame, and restores the system to its usually healthy state—in fact, it entirely prevents that languor and prostration of strength which always attend this disease, and is confidently recommended to all who have tried, in vain, other preparations.

Many making is the order of the day, and it is with this object that medicines are prepared for the cure of diseases to which mankind are subject. It is the same with the baker and butcher, the manufacturer, mechanic, &c., and it is with this view that the most scientific and thoughtful skill is directed and prepared in convenient form, suitable remedies for the afflicted.

An individual, under a distressing and torturing fit of Chills and Fever, is not in a right condition to study out the means of relief, and is more sensible and natural that he should look to others, than to depend upon his own prostrated energies for the antidote. For an appropriate and valuable remedy, therefore, it is fully to be expected that it is necessary to direct to others, simply this, "Will I be benefited by the purchase of the article offered?"

The invalid should inquire into the testimony presented to establish the value of the medicine, and be carefully investigated, and just so much credit given to it, and no more, than it deserves. If of a personal character, we should look to the respectability of the witnesses, and the opportunity which they have had for an observation of the facts, and the probable impartiality, and consequent truthfulness, of their statements. Corroborating statements of a number of respectable witnesses to the truth of any fact, may amount to the testimony of a single individual.

We might enter into a detailed account of the study and labor incident to its preparation—the scientific principles upon which it is based—the necessity which exists, in the very nature of the compound, for effecting immediate cures in almost every instance—of the character, and respectability of the witnesses who have testified to the astonishing cures which it has invariably performed. We might enumerate other cases, and cite the testimony of others, and in fact, repeat our own testimony, and in so doing, we should be confined to a selection of a few of those who have been cured, and whose positions gave them the opportunity of testing the value of the Prize Cure.

The gentlemen whose Certificates are given, are well known to the citizens of Lancaster and York Counties, in Pennsylvania, besides other portions of that State; also to the citizens of Maryland, who reside in the States of Virginia, Susquehanna and Tidewater Canal. One of the gentlemen named James McCONKEY, Esq., represented York County in the Senate of Pennsylvania for many years. These gentlemen were all Contractors for the Chesapeake and Potomac Rivers, who terminated at Havre de Grace, at the mouth of the Chesapeake Bay. The officers of the Company were, of course, acquainted with the Contractors; and should there be any doubt, application may be made to them for the truth of the representation made in regard to the characters of those whose certificates are appended.

TO THE PUBLIC:
The undersigned, believing that great benefit will result to the public from a knowledge of the Prize Cure for Fever and Ague, do most cheerfully certify that we have, individually, witnessed its successful operation in the number of cases annexed to our respective names, and that, in no instance within our knowledge, has it failed to cure in a single day, by the use of the contents of a single Bottle, by Lancaster, September 4, 1853. Signed—
R. MULLISON, Sec. 21 S. C. 2 cases.
J. WILLIAMS, " 10 " 11 " 2 "
W. H. BRICKER, " 2 " 2 "
J. FISHER, " 28 " 2 "
I. COOPER, Lock No. 1, 2 " 2 "
M. PHELAN, " 6 " 4 "
B. O'CONNOR, Sec. 23 T. W. C. 3 "
B. M'GRANN, " 29 and 30 " 11 "

In corroboration of the certificates of the highly respectable Contractors, and in testimony of humane feelings prompted them to give publicity to the facts therein stated, the following certificate from Major James McConkey, at that time a member of the Senate of the Commonwealth of Pennsylvania, will be read with interest by all who are afflicted with Fever and Ague:

"PEACH BOTTOM, York Co., Pa. Nov. 16, '53.
Having witnessed TWENTY-TWO cases of Fever and Ague cured by the celebrated PRIZE CURE, I make this known for the benefit and comfort of those distressed with that insidious disease—Fever and Ague. JAS. McCONKEY.

Prize Cure for Fever and Ague.
Directions for using—Take three table-spoonfuls (one-third of the contents of the bottle) in the morning, one-third at noon, and the balance in the evening, before meals, on the patient's well day, or when the chills and fever have subsided. Frequently taking a dose of purgative medicine to cleanse the system, and (if necessary) to be shaken. Children to take it in smaller doses, proportioned to age.

Persons wishing to become Agents for the Prize Cure for Fever and Ague, will learn the prices and terms of sale, and make a small application, or by letter (post paid) to B. F. MASTIN, 125, Wholesale and Retail, Price, \$1 per single bottle; \$8 per dozen; \$84 per gross. Also for sale, by the Agents, Messrs. BROTHERS & CO., Druggists, 170 William Street, corner of Reekman, New-York, and others throughout the Union. Aug. 9, 1854-1y.

FEVER AND AGUE.
DR. EDWARD BLECKER'S STANGE PREPARATION FOR THE CURE OF AGUE, DYSPEPSIA, AND ALL BILIOUS AFFECTIONS. The proprietor of this Medicine will state, without hesitation or fear of contradiction, that the Stange Preparation has cured more persons where it has been introduced, than any other medicine in use for the above diseases. This Medicine has neither arsenic nor quinine in its composition; and all the ingredients are of a perfectly healthy character, and highly stimulating and invigorating to the system. Persons who take this Medicine will not be affected by exposure to water or a damp atmosphere any more than when in their usual health. Planters in sections of the country where the Ague prevails, will do well to keep this Medicine in their houses, and to lay by while under treatment, and it may be assured of a SPEEDY CURE. The proprietor could introduce thousands of certificates from those of the highest respectability, but prefers saying to the sick—Buy one bottle, and you will have the infallible proof in your own blood. Full directions for its use accompany each bottle.

Certificates can be seen at the office, showing where this Medicine has cured when all others have failed.

For Dyspepsia and all other Bilious Complaints, there is not a better Medicine in market. It has also been taken with the most astonishing success in several cases of Rheumatism and Gout, and these complaints take a table-spoonful twice a day.

One bottle of this Medicine very often has the desired effect.

All prices per bottle: For sale by Druggists in all parts of the United States and Canada. Agents Wholesale and Retail, Messrs. MEAD & BLECKER, Sole Proprietors, 95 Broadway, New York. Agent, HORACE W. SMITH, Huntington, Pa. September 6, 1854-1y.

A Fresh supply of Garden Seeds from Rislley's Gardens, just received, and for sale by Feb. 23, 1853. J. & W. SAXTON.

10 DOZEN Ames' No. 2 Shovels, just received and for sale by J. & W. SAXTON.

ARRIVAGES
Electro-Magnet Lightning Rods.
AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principles of protecting families, dwellings and property from the destructive influence of Lightning. The calamities that every City, Town, Village and Country falls victim to, are not so much owing to the want of lightning rods, as to the want of a safe and reliable lightning rod. This rod has been examined by the most scientific gentlemen in the world—Professors M'Parrish, Johnson, Waller and many others that have examined them, and recommended and speak of them in the highest terms of approbation, and have pronounced them to be the most reliable lightning rod for any other country, for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct the electric fluid to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in
FINE ST. 3 doors above Third, Philadelphia.

Now we know that an announcement similar to the above meets the eye of the reader almost daily, and perhaps this may be classed with many others. But listen or you do us injustice. It is claimed that Pulvermacher's Electric Chain, is the only magnetic remedial agent that is secured by patent, granted by this government, and is grounded that it was a strictly useful and scientific article. The Chains are now on exhibition at the Crystal Palace, and attract much attention from the thousands who daily visit it.

The manner of using the Chain is very simple. The chain is first moistened with common vinegar, and then one end of the chain is applied to the part where the pain is located, and the other end opposite to the first. The ends of the chain should be above the head each end. At the moment of application, the most acute pain is instantly relieved, wherever it is located, by the passing through the part a constant current of unintermitted electro-magnetism. In the following diseases, no other remedy has ever given such complete and perfect relief as this Chain: Rheumatism, Painful Swelled Joints, Pains in the Back, Deafness, Blindness, Paralysis, Neuralgia in the Face, Long standing Nervous Headache, Palpitation of the Heart, General Debility, Dyspepsia, Female Diseases, Asthma, Contracted Joints, &c.

1000 DOLLARS
will be given to any person who will produce so well authenticated certificates of cure from intelligent patients and scientific physicians, of the cure effected by the use of the Electric Chain during the past year.

ANOTHER FACT.
It is truly the fact that wherever the electric chains have been introduced, bottled nostrums and common lard have greatly diminished in sale, people having become disgusted with the practice of using their stomachs for medicine.

RECOMMENDATIONS.
The Electric Chains are highly recommended by Professors Mott, Van Buren, Post and Carnahan, of New York; are also in daily use in every Hospital in that city. The chains will last for years, are easy to use, and produce no injury, unless used as directed.

PROLAPSUS UTERI.
It is well known to medical men that this common disease is beyond the reach of medicine, and that in proportion to the amount of medicine given, the more the patient is doomed to suffer, and sooner will death close the scene.

During the last 22 years more than one thousand cases of Prolapsus Uteri (falling of the womb) have been permanently cured in England and France. Most of those cases were ladies of high standing, who had previously tried all other kinds of medicine, with no success, and among the distinguished ladies that have been cured in Paris is the present Queen of France. In this country, during the last year, one hundred cases have been cured in the city of New York, many who have allowed their minds to be beguiled for the benefit of some cunning quack, and who have been found in the columns of this paper; and we feel as though we were performing an important duty to the community, by thus inviting to its general attention.

PHILADELPHIA, Dec. 4, 1852.
Mr. T. ARMITAGE, Vine Street, west of Twelfth Street, Philadelphia.
My dear Sir: After a trial of many weeks, it affords me great pleasure to inform you that I am cured of my Prolapsus Uteri, which was placed upon my nose at Bustleton. As far as my chemical knowledge enables me to perform an opinion, I am satisfied you have developed the correct principles in the adaptation of rods to prolapsus uteri, and I have no doubt, in reason as the advantages of your arrangements are understood, I am convinced that few persons will be found so reckless as to fail to avail themselves of the protection afforded by your rods. Wishing you all success in your noble and useful career.
I am yours truly,
JAMES McCLINTOCK, M. D., No. 1, North Eleventh Street, Professor of Anatomy, Philadelphia College of Medicine.

SAMUEL HOOPER, Bartlett, Union Co., Pa. Is Agent for Huntington, and adjoining counties, and will furnish the Rods on the same manner as Mr. Armitage's, and will also supply you with the Rods can leave their order with the Editor of the Journal, or with Gaffins Miller, at the Railroad Hotel. April 12, '54-2m.

Mountain Female Seminary.
THE Mountain Female Seminary at Birmingham, Huntington county, Pa., on the Pennsylvania Railroad, occupies one of the most healthy and desirable locations in the State—its location is in a beautiful spot, in all kinds of access, retired, healthful, and surrounded with such romantic mountain scenery, that no one who wishes to learn, could find an institution more favorable to the attainment of knowledge. Plans and prospectus have been sent to us, and we are enabled to give such compensation to teachers as will command those possessing the highest qualifications.

Cost of tuition varies from \$55 to \$60, for which good accommodations will be given. Music, French, Latin, Painting, &c., extra. Pupils from abroad are expected to board in the Seminary building with the Principal, who gives gratuitous attention to all matters connected with the Institution. ISRAEL W. WARD, Principal. Oct. 5, 1853.

ZINC PAINTS.
ONE THIRD CHEAPER THAN WHITE LEAD, AND FREE FROM ALL POISONOUS QUALITIES.
THE New Jersey Zinc Company HAVING GREATLY ENLARGED THEIR WORKS, and improved the quality of their products, are prepared to execute orders for their
SUPERIOR PAINTS.
DRY, and GROUND IN OIL, in assorted packages of 25 to 500 pounds each.
THEY, in barrels, of 200 pounds each.
THEY, in barrels, of 200 pounds each, are ground in oil, and are sold dry, and unassisted for BODY and uniform whiteness.

A method of preparation has recently been discovered, which enables the Company to wash their paints to keep fresh and soft in the kegs for any considerable time, so that their paints will be superior to any other in the market.

Their *Drown Zinc Paint*, which is sold at a low price, and can only be made from the Zinc ores of this country, and is distinguished by its protective qualities when applied to iron or other metallic surfaces.

Their *Stone Color Paint* possesses all the properties of the Brown, and is of an agreeable color for painting Cottages, Depots, Out-buildings, Bridges, &c.

Dealers supplied on liberal terms by their Agents, **FRENCH & RICHARDS,** Wholesale Paint Dealers and Importers, No. 1, Market Street, Philadelphia, April 19, 1854-6m.

A splendid lot of Bonnets just received and for sale by J. & W. SAXTON.

A most beautiful lot of Berage de Laine pattern New Jersey, in 13 cts per yd to 50 cts per yard, just received and for sale by J. & W. SAXTON.

PROCLAMATION
TO THE INVALIDS OF HUNTINGDON.
\$1000 Reward!
PULVERMACHER'S
Hydro-Electric Voltaic Chains.
ARE for the first time introduced to the people of Huntington and vicinity, as the most efficacious, effectual, and strictly scientific mode of insupportably relieving and permanently curing all
NERVOUS DISEASES.

Now we know that an announcement similar to the above meets the eye of the reader almost daily, and perhaps this may be classed with many others. But listen or you do us injustice. It is claimed that Pulvermacher's Electric Chain, is the only magnetic remedial agent that is secured by patent, granted by this government, and is grounded that it was a strictly useful and scientific article. The Chains are now on exhibition at the Crystal Palace, and attract much attention from the thousands who daily visit it.

The manner of using the Chain is very simple. The chain is first moistened with common vinegar, and then one end of the chain is applied to the part where the pain is located, and the other end opposite to the first. The ends of the chain should be above the head each end. At the moment of application, the most acute pain is instantly relieved, wherever it is located, by the passing through the part a constant current of unintermitted electro-magnetism. In the following diseases, no other remedy has ever given such complete and perfect relief as this Chain: Rheumatism, Painful Swelled Joints, Pains in the Back, Deafness, Blindness, Paralysis, Neuralgia in the Face, Long standing Nervous Headache, Palpitation of the Heart, General Debility, Dyspepsia, Female Diseases, Asthma, Contracted Joints, &c.
