Read the following remarkable euro, which skould of ilself place H. G. Farrell's Arabian Liniment far beyond any similar remely.
The following is from the principal account- ant of the wenty and respectable house of f Messrs Voris & Bro. of this city, and presents ONE OF THE ANNALS of medical history:

ONE OF THE MOST WONDERFUL CULES IN THE ANNALS of medical bisto-ry.
TH. G. Farrell—Dear Siz : Actuated by a sense of gratefulness. I submit the following as an instance of the utility of your great med-icine. My child, three years old, was suddenly attacked with a terrible discase, which in less than six hours prostrated it to total helplessness. The limbs became so rigid that not a joint bent the fielsh turned black and cold and en-tirely deprived of feeling : the eyes fixed, par-tially closed and altogether blind, following this was deafness to all sounds ; the spine be-came contracted and so curved that when hy-ing on its back the head and heels only touch-ed. Indeed, the child presented every appear-ance of being dead. Immediately on the, at-tack, the family physician was called in, and for three weeks he labored to restore it to feel-ing, but in vain.although it was blactered adox, en times and different rabefineient Liniments applied. A consultation of physicians was then held, but to no purpose, the case was then brought before the Medical Society, but noth-ing could be suggested that had, not already been done, and his doctor then told me he could do nothing more. We then commende applying your Liniment freely over the whole length of the spine, and you may imagine a parout's joy, when after a faw applications, re-turning animation was apparent, and it mpid-ly recovered with the exception of the sight, which did not become perfect former a month. The enild is now healtly and robust as can be. Five other cases of the same kind occurred previously in my neighborhood, all of which died, when there in no doubt if your Liniment had been used they would have recovered. HENRY G. CLELAND. Peorin, March 1st 1851.
A HARD LUMP ON A HORSETS BREAST.

Peoria, March 18 1851. A HARD LUMP ON A HORSE'S BREAST. Er. H. G. Farrell — I have naed your Ara-ian Linimeut with gratification in several axes, the most remarkable of which was a arge hum plut appeared on my loars' shreast. It was very hard, appearing to be hard gristle. It emmined for nearly a year, when I applied for Linimeut, one bothe of which entrely ured it. I can recommend it as the best Liniment I ever used. JOHN CRAWL. Pooria, Feb. 20th 1846.

Look out for Counterfeits!

Look out for Counterfeits! The public are cautioned against another counterfeit, which has lately made its appear-ance, called W. B. Farrell's Arabian Limineant, the most dangerous of all the counterfeits, be-causes his having the nume of Farrell, many will buy it in good faith, without the knowledge that a counterfeit wists, and they will perhaps only discover their error when the spurious mixture has wronght in evil efforts. The growine article is manufectured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you got it with the letters II, G. hefore Farrell's, thus -H. G. FARRELL'S—and his signature on the wrapper, all others are counterfeits. Sold by Thos. Read & Son, Huntingdon, R. E.
