

**HYGEANA.**

Brought Home to the Door of the Million. A WONDERFUL DISCOVERY has recently been made by Dr. Curtis, of the treatment of Consumption, Asthma and all diseases of the Lung. We refer to "Dr. Curtis' Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health as an evidence of which he has innumerable certificates. Speaking of the treatment, a physician remarks: "It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists' throughout the country."

New York Dutchman of Jan. 14. The Inhaler is worn on the breast under the linen without the least inconvenience—the heat of the body being sufficient to evaporate the fluid. Hundreds of CASES of CURES like the following might be named. One Package of Hygeana has cured me of the ASTHMA of six years standing.

**BALTIMORE LOCK HOSPITAL.**

Where may be obtained the most speedy remedy for SECRET DISEASES.—Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those peculiar affections arising from a secret habit, particularly the youth of both sexes, and in all cases, produces constitutional debility, rendering marriage impossible, and in the end destroys both Mind and Body.

**Young Men,** especially, who have become the victims of Solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entered listening senates with the thunders of eloquence, or waked to ecstasy the living lyre, may call to mind the following facts.

**Married Persons,** or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health. Office No. 7, South Frederick St., seven doors from Baltimore Street, east side up the steps. Be particular in obtaining the name and number, or you will mistake the place.

**TAKE NOTICE.**—Dr. Johnston's office is in his dwelling, up the steps. His very extensive practice is a sufficient guarantee, that he is the only proper physician to apply to in such cases. Dr. Johnston, member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the study of medicine, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, bad dreams, with frequent blushing attended sometimes with derangement of mind, were cured immediately.

**A CERTAIN DISEASE.**—It is a melancholy fact that thousands fall victims to this horrid disease, and die without the aid of a physician, who by the use of that deadly poison, Mercury, ruin the Constitution, causing the most serious symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, and eye, progressing with frightful rapidity till death ensues, or a long and painful suffering, by sending them to that Bourne whence no traveler returns.

**TAKE PARTICULAR NOTICE.**—Young men who have injured themselves by a certain practice indulged in when alone—a habit too often learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body. What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature and indulging in a certain secret habit, such persons being contemplating marriage, should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, and the prospect of a happy and honorable life is dimly shadowed with despair.

**CONSTITUTIONAL DEBILITY.**—Dr. J. addresses the young and all who have injured themselves by private and improper indulgence, and if not cured renders marriage impossible, and destroys both mind and body. **The Celebrated Prize Cure for Fever and Ague, by B. F. MASTIN.**

THIS Remedy is purely vegetable, without any portion of foreign, deleterious, or mercurial ingredient whatever in its composition. The contents of a single Bottle is sufficient to cure the most obstinate case in a single day. It strengthens the stomach, invigorates the frame, and restores the system to its usually healthy state—in fact, it entirely prevents that languor and prostration of strength which always attend this disease, and is confidently recommended to all who have tried, in vain, other preparations.

Money making is the order of the day, and it is with this object that medicines are prepared for the cure of diseases to which mankind are subject. It is the same with the baker and butcher, the manufacturer, mechanic, &c., and it is well that there is this stimulus to induce the thoughtful and skilful to devise and prepare in convenient form, suitable remedies for the afflicted. An individual, under a distressing and torturing fit of Chills and Fever, is not in a right condition to study out the means of relief; and it is more sensible and natural that he should look to others than to depend upon his own prostrated energies for the antidote. For an appropriate and valuable remedy, therefore, it is folly to object, because it is another's interest to dispose of it, that he should neglect the important consideration of the patient to be benefited by the purchase of the article offered?

The invalid should inquire into the testimony presented to establish its value; the testimony should be carefully investigated, and just so much credit given to it, and no more, than it deserves. In a personal character, we should look to the respectability of the witnesses, and the opportunity which they have had for an observation of the facts, and the probable impartiality, and consequent truthfulness, of their statements. Corresponding testimonials of a number of respectable witnesses to the truth of any fact, may amount to irresistible evidence.

We might enter into a detailed account of the study and labor incident to its preparation—the scientific principles upon which it is based—the necessity of its use in the fever nature of the compound, for effecting immediate cures in almost every instance—and of the character and respectability of the witnesses who have testified to the astonishing cures which it has invariably performed. We might enumerate the cases, and cite the testimony of others, and indeed weary our reader with repetitions of cases. This we deem unnecessary, and shall therefore confine ourselves to a selection of a few of those who have been cured, and whose names are well known, and whose positions gave them the opportunity of testing the value of the Prize Cure.

The gentlemen whose Certificates are given, are well known to the citizens of Lancaster and York counties, in Pennsylvania, besides other portions of that State; also to the citizens of Maryland who reside in the neighborhood of the Susquehanna and Tide-water Canal. One of the gentlemen named JAMES M. CONKEY, Esq., represented York County in the Senate of Pennsylvania for 11 years. These gentlemen were all Contractors on the Susquehanna and Tide-water Canal, which terminate at Havre-de-Grace, at the mouth of the Chesapeake Bay.

**ARMITAGE'S Electro-Magnet Lighting Rods.**

AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principles of protecting families, dwellings and property from the destructive influence of LIGHTNING. The calamities that every City, Town, Village and Country falls victim to annually, through the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in ARMITAGE'S Patent Magneto-Electric Lighting Rods, and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Waller and many others that have examined this, and recommended it as being in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country, for the protection of Lives and Property. One advantage is to divert and throw back part of the electric fluid harmless to the clouds. In time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the rods in use, and is the only one of its kind.

**MODE OF USE.** The manner of using the chains is very simple. The chain is first moistened with common vinegar, and then one end of the chain is applied to the part where the pain is located, and the other end opposite to the first. The ends of the chain should never touch each other. At the moment of application, the most acute pain is instantly relieved, wherever it is located, by the passing through it a constant current of uninterfered electro-magnetism. In the following diseases, no other remedy has ever given such complete and perfect satisfaction to the patient as Pulvermacher's Chains: Rheumatism, Painful and Swollen Joints, Neuralgia in the Face, Long standing Sciatica, Headache, Palpitation of the Heart, General Debility, Dyspepsia, Female Discharges, Asthma, Contracted Joints, &c.

**1000 DOLLARS** will be given to any person who will produce so many well authenticated certificates of cure from intelligent patients, and scientific physicians, as to prove the above diseases, as has been performed by the use of the Electric Chain during the past year.

**RECOMMENDATIONS.** The Electric Chains are highly recommended by Professors Mott, Van Buren, Post and Carnochan, of New York; also in daily use in every Hospital in that city. The chains will last for years, are always ready for use, and produce no injurious results, when used as directed.

The worst forms of this disease, and in no single instance have they failed to give instant relief, if they did not effect a permanent cure. **1000 Reward!** PULVERMACHER'S Hydro-Electric Voltaic Chains. ARE for the first time introduced to the people of Huntingdon and vicinity, as the most powerful, efficient, and strictly scientific mode of instantly relieving and permanently curing all NERVOUS DISEASES.

Now know that an announcement similar to the above meets the eye of the reader almost daily, and perhaps this may be classed with many others. But listen or you do us injustice. It is claimed that Pulvermacher's Electric Chain, is the only magnetic remedial agent that is secured by patent, granted by this government, on the ground that it was a strictly useful and scientific article. The Chains are now on exhibition at the Crystal Palace, and attract much attention from the thousands who daily visit it.
