A WONDERFUL DISCOVERY has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the Lung. We refer to "Dr. Curtis' Hygeana," a new and powerful "Cure for Coughs and Sore Throats." With this new method Dr. C. has restored many afflicted ones to perfect health, as an evidence of which he has innumerable certificates. Speaking of the treatment, a physician remarks: "It is evident that inhaling—containing breathing agents, heat, and moisture, the medicinal properties must come in direct contact with the whole of the arial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists' throughout the country."

BALTIMORE LOCK HOSPITAL.
Where may be obtained the most speedy remedy for
SECRET DISEASES.—Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those peculiar affections arising from a secret habit, particularly the youth of both sexes, which if not cured, produce constitutional debility, rendering marriage impossible, and in the end destroys both Mind and Body.
Young Men,
especially, who are victims of Salivary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have continued shining senates with the thunders of eloquence, and have decayed the living lyre, may call with full confidence.
Married Persons,
or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be relieved of their health.
Dr. Johnston,
Office No. 7 South Frederick St., seven doors from Baltimore Street, east side up the steps. Be particular in obtaining the name and number, or you will mistake the place.
A cure warranted, or no charge made, in from one to two days.
TAKE NOTICE.—Dr. Johnston's office is in his dwelling, on the steps. His very extensive practice is a necessary guarantee, that he is the only proper physician to apply to.
Dr. Johnston, member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospital of London, and in the most distinguished hospitals, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing attended sometimes with derangement of mind, were cured immediately.
A CERTAIN DISEASE.—It is a melancholy fact that thousands fall victims to this horrid disease to the unsolicited efforts of ignorant pretenders who by the use of deadly poisons, endeavor to ruin the Constitution, causing the most serious symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, &c., progressing with frightful rapidity till death ensues, or a period to their dreadful suffering, by sending them to that Bourne whence no traveler returns.
TAKE PARTICULAR NOTICE.—Young men who have injured themselves by a certain practice in childhood, and when alone—a habit frequently learned from evil companions, and which is a source of much evil, if not cured renders marriage impossible, and destroys both mind and body.
What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons before contemplating marriage, should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflections, that the happiness of another becomes blighted with their own.
CONSTITUTIONAL DEBILITY.—Dr. J. addresses young men, and all who have injured themselves by private and improper indulgence. It is a disease which is some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the head, Dimness of Sight, Loss of Muscular power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangements of the Digestive Function, General Debility, Symptoms of Consumption, &c.
MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of memory, Confusion of ideas, Depression of Spirit, Evil Forbodings, Anxiety of Soul, and Loss of the Love of Solitude, &c., are some of the evils produced.
Thousands of persons of all ages, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, and suffering from derangement of the eyes, tongue and symptoms of consumption.
Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health. Office, No. 7, South Frederick St., Baltimore, Md.

ALL SURGICAL OPERATIONS PERFORMED.
N. B. Let no false delicacy prevent you, but apply immediately either personally or by letter.
Skin Diseases Speedily Cured.
Thousands of persons have been cured at this Institution within the last ten years, and the numerous important Surgical Operations performed by Dr. J., witnessed by the Reports of the papers, and many other persons, notices of which are given in the papers, and in the public, is a sufficient guarantee that the afflicted will find a skillful and honorable physician.
As there are so many ignorant and worthless quacks advertising themselves as Physicians, ruining the health of the poor, and thus adding to the sufferings of the afflicted, it is the duty of the public to be on their guard, and to give their patronage to those who are well known to be of good standing, and whose credentials or Diplomas always hang in his office.
Weakness of the organs immediately cured, and all restored.
All letters post paid—remedies sent by mail.

ARMITAGES
Electro-Magnet Lightning Rods.
AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principles of protecting families, dwellings and property from the destructive influence of Lightning. The calamities that visit every City, Town, Village and Country falls victim to annual loss, through the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—it is found in Armitage's Patent Magnetic Lightning Rods, and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M. Marrie, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country, for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the clouds, and without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in
Vine St. 3 doors above Twelfth, Philadelphia, where all persons are respectfully invited to call and examine for themselves. For sale Wholesale and Retail, by

Recommendations.
PHILADELPHIA, Aug. 13, 1847.
I have this day carefully inspected a conductor of Lightning Rod, with vine and index, erected by Mr. Thos. Armitage, at the residence of Mr. Glouster, and have no hesitation in saying that it is not only the best that I have ever seen, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend this conductor to the attention of owners of buildings.
I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that these Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for a building to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that their adoption would be attended with complete success. The increasing demand for these rods, and the extensive use of them in all parts of the country, is ample commendation of their utility and superiority.

The following extract is taken from an editorial in the *Commercial Telegraph*, edited by Major FRANKLIN:
"The bogus rod placed upon our dwelling we have had taken down; and another erected by Mr. ARMITAGE, to which we would call the attention of our farmers and readers generally. It is put upon scientific principles, and is a rod that has been approved by the highest authorities, and will bear the most thorough examination. Those who have been deceived, as we have been, should lose no time in having a proper protection against lightning substituted. The cost is a mere bagatelle when compared with the entire safety of our houses and barns against this destructive element. Mr. ARMITAGE'S advertisement will be found in the columns of this paper; and we feel as though we were performing an imperative duty to the community, by thus inviting to its general attention."
PHILADELPHIA, Dec. 4, 1852.
Mr. T. ARMITAGE, Vine Street, west of Twelfth Street, Philadelphia.
MY DEAR SIR: After a trial of many weeks, it affords me great pleasure to inform you that I am highly delighted with the lightning rod you placed upon my house at Bustleton. As far as my chemical knowledge enables me to perform my opinion, I am satisfied you have developed the correct principles in the construction of rods to protect property from destruction by lightning; as soon as the advantages of your arrangements are understood, I am convinced that few persons will be found so reckless as to fail to avail themselves of the protection afforded by your rods. Wishing you all success in your enterprise,
I am yours truly,
JAMES MCCLINTOCK, M. D.,
