

MATCHES! MATCHES!! MATCHES!!!

JOHN DONNELLY,
MANUFACTURER AND INVENTOR OF
SAFETY PATENT SQUARE UPRIGHT
WOOD BOX MATCHES.
No. 106 NORTH STREET (above Race),
PHILADELPHIA.

MATCHES having become an indispensable article in housekeeping, the subscriber affords a great variety of time and money is enabled to offer to the Public an article of such combining utility and cheapness. The inventor knowing the dangers apprehended on account of the flimsy manner in which Matches are generally packed in paper, has by the aid of New Steam Machinery of his own invention, succeeded in getting up a SAFETY PATENT SQUARE UPRIGHT WOOD BOX; this box is far preferable, inasmuch that it occupies no more room than the old round wood box, and contains at least Two HUNDRED per cent. more Matches, which to Shippers is considerable advantage; it is entirely new, and secure against moisture and spontaneous combustion, and dispels all danger on transportation by means of Railroad, Steamboat or any other mode of conveyance.

These Matches are packed so that one gross or more may be shipped to any part of the world with perfect safety. They are the most desirable article for Home consumption, and the Southern and Western Markets that have ever been introduced.

DEALERS and SHIPPERS, will do well to call and examine for themselves.
These Matches are WARRANTED to be superior to anything heretofore offered to the Public, either in utility or cheapness.

BALTIMORE LOCK HOSPITAL.

Where may be obtained the most speedy remedy for
SECRET DISEASES.—Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those peculiar affections arising from a secret habit, particularly the youth of both sexes, which if not cured, produces constitutional debility, rendering marriage impossible, and in the end destroys both Mind and Body.

Young Men,
especially, who are victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entered the lists of fame with the heroes of eloquence, or walked to ecstasy the living lyre, may call with full confidence.

Married Persons,
or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

Dr. Johnston,
Office No. 7 South Frederick St., seven doors from Baltimore Street, east side up the steps. Be particular in obtaining the name and number, or you will make the place.

A cure warranted, or no charge made, in from two to two days.
TAKEN NOTICE.—Dr. Johnston's office is in his dwelling, up the steps. His very extensive practice is a sufficient guarantee, being attended at the Hospital of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.—It is a melancholy fact that thousands of persons, by a certain practice, are rendered unskillful of ignorant pretenders who by the use of that deadly poison Mercury, ruin the Constitution, causing the most serious symptoms of that dreadful disease to make their appearance, such as affections of the head, nose, throat, skin, &c., progressing with frightful rapidity till death puts a period to their dreadful suffering, by sending them to that Bourne whence no traveler returns.

TAKE PARTICULAR NOTICE.—Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys the organs of generation, and renders them sterile.
What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature and indulging in the use of mercury. Such persons, before contemplating marriage, should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect before them is dark and gloomy, the mind becomes shadowed with despair, and filled with the melancholy reflection, that the happiness of another becomes blighted with our own.

CONSTITUTIONAL DEBILITY.—Dr. J. addresses himself to the afflicted, who have injured themselves by private and improper indulgence.
IMPURITIES.—These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Neck, Dimness of Sight, Loss of Muscular power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Detangements of the Digestive Functions, General Debility Symptoms of Consumption, &c.

MENTAL AFFECTIONS.—The fearful effects on the mind are too dreadfully long of memory, Confusion of ideas, Depression of Spirit, Evil Forbodings; Aversion to Society, Self Distrust, Loss of Solitude, &c., are some of the evils produced.

Thousands of persons are daily suffering, who are ignorant of their declining health. Losing their vigor, becoming weak, pale and emaciated, have singular appearance about the eyes, tough and watery, and symptoms of consumption.

SURGICAL OPERATIONS PERFORMED.—N. B. Let no false delicacy prevent you, but apply immediately either personally or by letter. Skin Diseases Speedily Cured.

TO SURGEONS.—The many thousands cured at this institution, and the ten years' experience, and the numerous important Surgical Operations performed by Dr. J., witnessed by the Reporters of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee that the afflicted who are ignorant of their declining health, should be aware of physical weakness, should immediately consult Dr. J. and be restored to perfect health. Office, No. 7, South Frederick-St., Baltimore, Md.

PHILADELPHIA, Dec. 4, 1852.
MR. T. ARMITAGE, Vine Street, west of Twelfth Street, Philadelphia.
I have the honor to inform you, that I am highly delighted with the lightning rod you placed upon my house at Bustleton. As far as my chemical knowledge enables me to perform an opinion, I am satisfied you have developed the correct principle in the adaptation of rods to protect property from destruction by lightning; as soon as the advantages of your arrangements are understood, I am convinced that few persons will be found so reckless as to fail to avail themselves of the protection afforded by your rods. Wishing you all success in your enterprise,
I am yours truly,
JAMES MCCLINTOCK, M. D.,
No. 1, North Eleventh Street, Philadelphia College of Medicine.

SAMUEL HOOPER,
Hartleton, Union Co., Pa.,
Is Agent for Huntingdon, and adjoining counties, and will furnish the Rods on the same manner as the Plank Barrier pattern, and Key Stone No. 4 Self-sharpening and Hill Side Ploughs, and Shears to suit all kinds of Ploughs in the country; Rolling-mill and Forge Castings, Grist and Saw-mill Castings, Lewistown Threshing Machine Pattern, and all other horse and two horse power of Chambersburg patterns; and all other kinds of castings too numerous to mention, all of which will be sold cheaper than ever for cash and all kinds of country produce. Also, old mettle taken in exchange for castings.

ARMITAGE'S

Electro-Magnet Lightning Rods.
AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principles of protecting families, dwellings and property from the destructive influence of **Lightning.** The calamities that every City, Town, Village and Country falls victim to annually, through the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in **Armitage's Patent Magnetic Lightning Rods,** and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Waller and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in any other country, for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds, in time of a storm this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in
Free St. 3 doors above Twelfth, Philadelphia.
