Washington, D. C.

CONTINUES to give prompt and personal attention to the prosecution of Claims of every description against the General Government.

Particularly to those before the Treasury Department, Pension and Bounty-Land Bureau, Patent and General Offices, and Board of Claims.

An experience of years, and a familiarity with the means of obtaining the earliest and most favorable action on Claims, with his facilities for the dispatch of business, justify him in assuring his Correspondents, Claimants, and the Public generally, that interests intrusted to his keeping will not be neglected.

PENSION, BOUNTY LAND, PATENT, AND PUBLIC LAND LAWS.

He has recently received for gratuitous distribution among his business Correspondents, (and those who may become such), a neat pamphlet containing a synopsis of the existing Pension, Bounty Land, Patent, and Public-Land Laws, down to the end of the late Congress—including the

Bounty-Land Act of 3d March, 1855, under which all who have heretofore received less than 150 acres to all Officers, Non-commissioned Officers, Chaplains, Soldiers, Wagon-masters, Teamsters, and friendly Indians, of the Army, including Staff Troops, Volunteers, and Militia—and all Officers, Seamen, Ordinary Seamen, Marines, Clerks, and Landsmen, of the Navy not heretofore provided for, who have served not less than fourteen days (unless in battle) at any period since 1776; and to the widows and minor children of all such persons entitled and deceased.

This pamphlet contains "Forms of Application" more full and complete than any elsewhere to be found; adapted to the wants of every class of claimants under the Act, with copious decisions and instructions of the Department, and practical suggestions as to the course to be pursued in suspended or rejected cases.

Parties not wishing to avail themselves of the facilities afforded by this Office in securing prompt and personal superintendence of their claims at the Departments, can obtain copies of the above pamphlet by remitting thirty cents in postage stamps.

Inducements to Correspondents.

Correspondents who prepare and forward cases for management by this Agency will be dealt with liberally; supplied with all necessary blanks gratis, and kept constantly advised of the changes that from time to time occur in the execution of the law.

It is within the subscriber's power to direct his Correspondents to the locality of very many persons entitled under the late Act; and having obtained several thousand Land Warrants under former laws, he is in possession of data that will materially assist in securing additional Bounty.

For below the usual rates—and contingent upon the admission of Claims.

The highest cash prices given for Land Warrants, Revolutionary Scrip, and Illinois Land Patents.

RHODES' FEVER AND AGUE CURE, OR NATURE'S INFALLIBLE SPECIFIC.

FOR THE PREVENTION AND CURE OF INTERMITTENT FEVER, CHILLS, MALARIA, DUMB AGUE, GENERAL DEBILITY, NIGHT SWEATS, and all other forms of disease which have a common origin in MALARIA or MALARIA. This subtle atmospheric poison which attacks certain seasons and localities, and every breath, is the same in character wherever it exists—North, South East or West—and will everywhere yield to this newly discovered and tried specific which is claimed to be the GREATEST DISCOVERY OF THE AGE.

This specific is so harmless that it may be taken by persons of every age, sex or condition and it will not substitute for one disease other still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic, and other poisonous drugs, and is not a particle of any which is admitted into this preparation.

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveler even in the most malarial or swampy localities, from any Ague, or Bilious disease whatever, or any injury from constantly inhaling Malarial or Miasm.

It instantly checks the Ague in persons who have suffered for any length of time, from one day to twenty years, so that they need never have ANOTHER CHILL, by continuing its use according to directions.

It will entirely relieve all distressing results of Bilious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all classes. Farmers and laboring men by adopting it as a preventive will be free from Ague or Bilious attacks in that season of the year which, while it is the most sickly, is the most valuable and best of them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price, One Dollar. Liberal discounts made to the trade.

Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.
