**SAFETY GALENS SQUARE UPRIGHT WOOD BOX MATCHES.**  
No. 106 North FOURTH Street (above Race), PHILADELPHIA.  
MATCHES having become an indispensable article in housekeeping, the subscriber offers a great variety of time and money is enabled to offer to the Public an article of once combining Utility and Cheapness. The inventor knowing the dangers apprehended on account of the flimsy manner in which Matches are generally packed in paper, has by the aid of New Steam Machinery of his own invention, succeeded in getting up a SAFETY GALENS SQUARE UPRIGHT WOOD BOX; this box is far preferable, inasmuch that it occupies no more room than the old round wood box, and contains at least TWO HUNDRED per cent. more Matches, which to Shippers is considerable advantage; it is entirely new, and secure against Moisture and spontaneous combustion, and dispels all danger on transportation by means of Railroad, Steamboat or any other mode of conveyance.  
These Matches are packed so that one gross or more may be conveyed to any part of the world with perfect safety. They are the most desirable article for Home consumption, and the Southern and Western Markets that have ever been invented.  
DEALERS and SHIPPERS, will do well to call and examine for themselves.  
These Matches are WARRANTED to be superior to anything heretofore offered to the Public.

**BALTIMORE LOCK HOSPITAL.**  
Where may be obtained the most speedy remedy for  
**SECRET DISEASES.**—Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those peculiar affections arising from a secret habit, particularly the youth of both sexes, which if not cured, produces constitutional debility, rendering marriage impossible, and in the end destroys both Mind and Body.  
**Young Men,**  
especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entered the lists of fame, and by the thunders of eloquence, ranked to eternity the living lyre, may call with full confidence.  
**Married Persons,**  
or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.  
**Dr. Johnston,** member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected the most astonishing cures that were ever known, many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, and a general derangement of mind, were cured immediately.  
A CERTAIN DISEASE.—It is a melancholy fact that thousands fall victims to this horrid disease owing to the unskillfulness of ignorant pretenders who by the use of that deadly poison Mercury, render the cure almost hopeless, and in some cases, such as affections of the head, nose, throat, skin, etc., progressing with frightful rapidity till death puts a period to their dreadful sufferings, and to that Bourne whence no traveler returns.  
TAKE PARTICULAR NOTICE.—Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned at the common schools, and the effects of which are often fatal when neglected, or if not cured renders marriage impossible, and destroys both mind and body.  
What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all projects of glory and enjoyment of life by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons before contemplating marriage, should reflect that a sound mind and body are the necessary requisites for the enjoyment of conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection, that the happiness which he has so long enjoyed, is now forever lost.  
CONSTITUTIONAL DEBILITY.—Dr. J. addresses every young man, and all who have injured themselves by private and improper indulgence.  
IMPRESSANA.—These are some of the sad and melancholy effects produced by early habits of youth, viz Weakness of the Back and Limbs; Pains in the head, Dimness of Sight, Loss of Muscular power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Detachments of the Eye, Headachings, General Debility, Symptoms of Consumption, &c.  
MENTALLY.—The fearful effects on the mind are much to be dreaded; Loss of memory, Confusion of Ideas, Depression of Spirit, Evil Forbodings; Aversion to Society, Self-Strait, Love of Solitude, &c. are some of the evils produced.  
Thousands of persons of all ages, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, have singed their eyebrows about the eyes, and their hair falling out by the roots.  
Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J. and be restored to perfect health. Office, No. 7, South Frederick-St., Baltimore, Md.

**ALL SURGICAL OPERATIONS PERFORMED.**  
N. B. Let no false delicacy prevent you, but apply immediately either personally or by letter.  
Skin Diseases Speedily Cured.  
The undersigned has cured thousands cured at this Institution within the last ten years, and the numerous important Surgical Operations performed by Dr. J., witnessed by the Reporters of the papers, and many other persons, notices of which have appeared in the papers, and before the public, is a sufficient guarantee that the afflicted will find a skillful and honorable physician.  
As there are so many ignorant and worthless quacks advertising themselves as Physicians, ruining the health of the afflicted Dr. Johnston would like to see a sufficient number of the certificates of his Credentials or Diplomas always hanging in his office.  
Weakness of the organs immediately cured, and full vigor restored.  
All letters post paid—remedies sent by mail.  
May 22, 1854-1y.

**ARMITAGE'S**  
**Electro-Magnetic Lightning Rods.**  
AFTER many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principles of protecting families, dwellings and property from the destructive influence of Lightning. The calamities that every City, Town, Village and Country fall victim to annually, through the gross negligence of the inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in Armitage's Patent Magnetic Lightning Rods, and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Waller and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country, for the protection of Lives and Property. One advantage is to drive and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the inhabitant, or any other person, in any danger over the old one. The only place of manufacturing is in  
Vine St. 3 doors above Twelfth, Philadelphia, where all persons are respectfully invited to call and examine for themselves. For sale Wholesale and Retail, by THO. ARMITAGE.

"The hogus rod placed upon our dwelling we have had taken down, and another erected by Mr. ARMITAGE, to which we would call the attention of our farmers and readers generally. It is put on our rods on scientific principles, and is a rod that has been approved by the highest authorities, and will bear the most thorough examination. Those who have been deceived, as we have been, should lose no time in having a proper protection against lightning, substituted. The cost is a mere bagatelle compared with the entire destruction of our houses and barns against this destructive element. Mr. ARMITAGE'S advertisement will be found in the columns of this paper; and we feel as though we were performing an imperious duty to our community, by thus inviting to it general attention."  
PHILADELPHIA, Dec. 4, 1852.  
Mr. T. ARMITAGE, Vine Street, west of Twelfth Street, Philadelphia.**

**DEAR SIR:** After a trial of many weeks, it affords me great pleasure to inform you that I am highly delighted with the light and order which you placed upon my house at Bustleton. As far as my chemical knowledge enables me to perform an opinion, I am satisfied you have developed the correct principles in the adaptation of rods to protect property from destruction by lightning, as soon as the advantages of your arrangements are understood, I am convinced that few persons will be found so reckless as to fail to avail themselves of the protection afforded by your rods. Wishing you all success in your business, I am yours truly,  
JAMES MCCLINTOCK, M. D., No. 1, North Eleventh Street, Professor of Anatomy, Philadelphia College of Medicine.
