the export trade very active.—N. Y. Herald. Where is Gen. Atchison? Where is Gen. Atchison? What has become of David R. Atchison, the former Vice President, by courtesy, of the Uni-ted States—the wagou-orator, the man who contended with Stephen A. Doughas for the honor of having, repealed the Missouri Com-promise—the boozy backwoods speaker, who, in his maudilia espeches, blackguards better and greater men than himself, and speaks of John Bell as a "miserable devil"—where is hef He left his seat and duites in the Senate, and came to Missouri, before the close of Congress, to get himself elected to the Senate for a sec-ond term, but he didn't succeed. Rumons have reached us of tremendous threats made by him in relation to Missouri and Kanass, and we should like to know it he is going to carry them out. We understand and bolievy that Davy R. Atchison is at the bottom of all the troubles that have afflieted Kanass, and is the chief usity genes of the meet-ing Hell and strenge. Archison is at the bottom of all the troubles that have afflieted Kanass, and is the chief usity genes of the meet-ing holes and cabals, threats and excitements which have scaled and quietly ensconced on his Plate county farm, testing the glories of these five barrels of "Derby," while his my-midons, to whom he gives orders, are acouring the county and arousing the people by flam: ing appeals, to strift and bloodshed. Missouri will opt permit bloodshed. Missouri would jeopartize his country's penace for his own sellah, sordid aggrandizement.— *St. Lows Arees.*
